### AN IMPORTANT DECISION

CAUSING CANCELLATION OF THOUSANDS OF PENSIONS.

The President Takes a Trip Down the Bay-Change as to Appointment of Lighthouse Keepers - Another Decline in the Treasury Balance-Good Time Made by the Mar-

WASHINGTON, D. C., June 14. Assistant Secretary Reynolds, of the Interior Department to-day rendered an mportant decision which is far reaching in its effect and will involve the immediate cancellation of thousands of pension and it was thought that the evidence certificates issued under a ruling of the last administration. He holds that where a claimant for a pension has deserted from his first service and enlisted in another and different organization and the War Department refuses to remove the charge of desertion or recognize the legality of the second service, but holds nim to be in a continuous state of desertion, that department has exclusive jurisdiction of the correction of its own records and ... gality of the soldier's up the quo warranto matter once more. services and until the charge of desertion is removed by the War Cordage 1; while United States Leather, Department the claimant has no pensionable status. This ruling is a return to survey. — The Marblehead reaches the old and well settled practice of the tinued so until Union Pacific and Atchidepartment in the adjudication of pendepartment in the adjudication of pension claims and is a reversal of the desision of the late Assistant Secretary, in to 13%, the lowest point of the which he held that a formal discharge of year. Atchison sold down 11 per cent. the second service terminates the status to 74. In the case of Union Pacific it of desertion and places the soldier, regardless of the record, in the attitude of the first mortgage bonds would be passed. eligible claimant for a pension. While the This was subsequently denied by one of money paid those persons on c rtificates the receivers who admitted, however, under the ruling of the last administrathat there would be some delay, as was tion cannot be recovered, the action of Judge Reynolds to day will have the The decline in some quarters was at-

If the conditions are favorable there is nothing to prevent ing the p st few months and will her from going to Buzzard's Bay, al-though the President, on leaving, ex-dispose of the matter. The reduction in pressed no intention of going further than the entrance to the Chesapeake bay. This significant order was issued by

Secretary Carlisle to day: "The authority to nominate persons pected to live many hours -The Rich- for appointment as keepers and assistant keepers of lights in the light house service was taken from collectors of customs June 8, 1894, by order of the Secreday .- Yesterday was the closing day tary, and transferred to the inspectors of the several light house districts. J. G. CARLISLE"

This action, said Capt. Evans, naval secretary of the light house board, absolutely takes the light house service out satisfaction manifested .- In the suburbs of politics. All light house ins ectors mend only fit and proper persons for keepers and assistant keepers, regardless of political pressures. New appointees will naturally be taken from the dominant party, but fitness, not the political activity of the appointee, will govern the

The stated treasury balance to-day declined to \$115,886,590, of which \$68,275,-000 is in gold. Of the \$1,000,000 engaged crop report, based on returns from over in New York for shipment to Europe yesterday, only \$500,000 was shipped, the remainder being returned to the New York sub-treasury to-day. Treasury officials construe this to mean that exchange is so "sagged" that gold exports at a profit can no longer be calculated for in advance and that the end of such

exports is near at hand. Senator McLaurin, of Mississippi hea ded a delegation that waited on Sec retary Carlisle this morning and asked him to call for the resignation of Professor T. C. Hendenhal, chief of the coast and geodetic survey. The delegation favored the appointment of E. M. Batch,

of Philadelphia. The cruiser Marble head arrived at Kingston, Jamaica, last right, six days out from Newport, which is considered a very fair record for the first se.3 voyage of the new ship. She will go to Blue-field, reaching there Saturday, when the San Francisco will leave for Norfolk. Despatches received to day from Bluefield reveal no change in the situation there, the Nicaraguan administration appearing to be gaining strength and giving satisfaction.

New York, June 14-The executive board of the Southern Railway and light and there was more or less cover- ished its labors at the afternoon session when the last of the numerous complaints move decidedly either way, yet, on the that have been made against lines for violation of the association agreements was taken up and disposed of. Members expressed themselves as satisfied with the results thus far, and say that while rates have not been restored to the forimmense quantity of war munitions and military accourrements, stolen from the present at least, argues well for the fu-

ture of the organization. To-merrow morning the annual convention of the association will be held, when the matter of making contracts the dissatisfaction of the peasantry, the Government will immediately begin the will be brought up for settlement. The convention will also elect the officers of the association for the ensuing year.

absconded with \$10,000 of the company's money. Besides robbing his employer, he deserted his wife and two children and eloped with a pretty young school teacher.

### COMMERCIAL NEWS.

Stocks and Bonds in New York-The Grains and Provision Markets of Chicago.

New York, June 14.-There was an ncrease in the volume of business at the Stock Exchange, but the gain in this respect was at the expense of values. The total sales of stocks footed up 226,539 shares, against 125,873 yesterday. Sugar figured for 110,800 shares. This stock was the great feature of the day's speculation, opening at 1011, rising to 1012 and finally breaking to 97, a net loss of 44 points for the day. The bears discovered selling of long stock early in the session and from that time on they bent their energies to bring about a break. The Havemeyer testimony started the selling House takes up the sugar schedule. Houses with Washington connections were heavy sellers of the stock, and one firm alone parted with 10,000 shares. Chicago Gas advanced to 79%, the best price yet attained, but, subsequently, when Sugar broke, there was a declin to 761. Chicago advices are that Attorney General Moloney will endeavor to enjoin the payment of the dividend, and when this is accomplished he will take General Electric declined 1, Lead 1 to 1 preferred. advanced 14. The railway list was firm, early in the day and con-

the case with the January coupons. effect of dropping the names of these tributed to liquidation by foreign and who have wrongfully been granted penened by the proposed assessment on Atchison and who expected the same sessment on Atchison accounts for the weakness of that stock and the fall in the seconds, class A, to 29\$ was due to the proposed reclassification of the first mortgage. The railways, other-Western Union and Rock Island durprobably keep it up until the directors gold exports by to-day's European steamer of \$500,000 to \$750,000, while a source of gratification to the financial community, had no influence. The market closed weak and \(\frac{1}{2}\) to 2\(\frac{1}{2}\) per cent.

lower, except Sugar, which lost 43. The bond market was irregular, but, in the main, weak. Of to day's sales of stocks, 107,000 shares were listed and 109,000 CHICAGO, June 14. - The selling of wheat by the prominent local heavy-weights was more powerful to day than all the damage reports and drought news that was recorded, The indifference of foreigners as expressed by lower cables and by the lack of buying orders from the other side was one of the disappointing features of the day. The crowd seemed to have grown tired of the discussion of

hot weather and concluded that the crops were all right any way. The lesser lights among the bulls sold out the wheat, and the bears helped them to get rid of it, but at lower prices than they desired. July wheat opened at 59\frac{1}{2} to 59\frac{1}{2}c, sold between 601c and 591 to 59c. closing 1 to 1c lower han yesterday at 59\tau to 59\tauc. The cash lemand for wheat was good to-day, but, owing to the weakness in futures, prices were correspondingly low.

Corn did not participate in the weak-ness of wheat, but held a firm tone throughout the entire session. July corn opened 41½ to 41½c, sold between 42½c and 41½ to 41½c, closing ½c higher than yesterday at 41½c. Cash corn was in good demand and firm.

Oats were affected favorably by the Cincinnati Price Current's summary which said: "Portion of oats are good much of it poor-doubtful if much over three quarters of a crop." The omnipres ent small stocks serve to incite the bull every time they are thought of. July closed tc higher and June tc higher than yesterday. Cash oats were in good de-

mand and + to +c higher. Provisions were easier at the opening, on a decline in the value of live hogs, rallying on the spurt in wheat, but when that grain sold off, product became easier and finally receded a little. Packers were the best sellers. July pork closed 10c lower than yesterday, July lard 5 to 74c lower and July ribs 74c lower.

## A STARTLING TRAGEDY.

A Man Kills Wife and Three Children Then Hangs Himself-Driven to Desperation by Want of Work.

CAMDEN, N. J., June 14.-A quintuple tragedy to-night startled Cramer Hill, a suburb of this city. John Kaufmann, a Bavarian, 50 years of age, cut the throats of his wife, Rosina, and his three children-twin boys aged 5 years, and a month old infant, and then deliberately He said if the gentlemen from Tennesse hanged himself. The awful crime must have been committed between f o'clock a. m. yesterday and the same hour this and go them one better" by abolishing morning, but it was not discovered by the neighbors until this evening.

Kaufman was a comparative stranger in Craven Hill, having moved there from Treaton five weeks ago. He was in destitute circumstances and had been out of work some time. He is thought to have committed the deed out of sheer despond-ency. He rented one-half of a double frame house, the other part being unoc-cupied. No sign of life was visible about the place after 6 o'clock a. m, when Mrs. Kaufman went to the door and received that the shutters remained closed all of yesterday and to-day excited the suspicions of Frank Hartman and he commu-nicated his fears to Justice of the Peace Schmidt. The latter went to the house this evening and pulling open the shut-ters saw in the dim evening light the body of Kaufman hanging by the neck between the double doors on the first floor front room. Further investigation showed the body of Mrs. Kaufman on a bed in the middle room on the first floor clasping her dead infant in her arms. Upstairs, in another room were found the bodies of the 5-year-old twin boys, with their throats cut from ear to ear.

comprised the entire family. Another Treasurer Gone Wrong. NEW YORK, June 14 .- Benj. C. Peters, assistant treasurer of the new Central Coal company of Maryland, whose principal offices are No. 1 Broadway, has absconded with \$10,000 of the company's

## SILK CULTURE.

WILMINGTON, N. C., FRIDAY, JUNE 15, 1894.

A BILL TO ESTABLISH FIVE EXPERIMENT STATIONS.

The Senate Passes Such Bill, Appropriating \$5,000 Annually for Each Station-Lengthy Debate on the Wool Schedule-Disorderly Conduct in the House-Indian Schools Discusssed. SENATE.

WASHINGTON, June 14 .- In the morning half hour a Senate bill was passed authorizing the Secretary of Agriculture to establish five silk experiment stations, one each in different sections of the country, with the view of developing silk culture throughout the United States. Such silk sulture stations shall be a part of the several experiment stations in the States in which they may be located. The work at each station shall be conducted under the supervision of the director of such station, who is to carry on such work under rules and regulations to be prescribed by the Secretary of Agriculture. The bill appropriates \$5,000 annually to each of the stations for silk culture, which shall be established under the provisions of this

The Tariff bill was taken up at 10:30 o'clock a. m., the first paragraph in the wool schedule being the one under consideration.

Senator Lodge made an argument against placing wool on the free list. He welcomed the appearance of the cotton textile schedule as the forerunner in legislation of that which would over-spread the whole South, and he believed that ten years hence there would be no more chance of getting a free trade vote in Georgia than in Pennsylvania of Massa-

Senator Hoar described the offer of free wool to the woolen manufacturers of New England as the apple of Sodom held to their lips, but which they resented and scorned.

Senator Higgins, of Delaware, took the floor to oppose free wool. He had been speaking for over two hours, and had entirely lost sight of the Tariff bill and free wool, but had discoursed upon the Canadian question, the Hawaiian question, the steamship line between Vau couver and China, the smuggling of Chithe United States, and various other matters, when he incidentally referred to the United States civil war. Just then Senator Harris, who had

evidently been an unfailing listener. broke out with this question: "And what answer did the Senator from Delaware give when that issue of war was presented, a good many years ago?"
Senator Higgins—I gave the same answer that I give now. Senator Hoar, who had not been listen-

ing, broke in with the inquiry as to what the question was. Senator Harris-The Senator from Deleware was suggesting that this bill was an issue of war between the sections He had departed from the wool schedule and from the Tariff bill, and was discu-sing the issues of 1861, and I was a little curious to know what he did then. Senator Higgins-I did not go to

Senator Harris-A great many Northern men at that time shouldered their nuskets and went into the army. What did the Senator do? Senator Higgins-I shouldered

rusket for a little time.

"I suppose it was for a very little time," Senator Harris remarked, in bitter tone, and I hope that he will shoulder it for a still shorter time in the Senate hereafter in reference to this tariff question." Senator Higgings-That answer may be or may not be worthy of the Senator from Tennessee. I was presenting a se rious argument on a serious question, absolutely germane to the bill. I was showing that the ultimate issue and outcome of this conflict was (as in 1861) whether we should have two flags and two countries, and I say now that we should not adopt a policy that would

we had then in the South. The Senate, at 6:15 o'clock adjourned. HOUSE OF REPRESENTATIVES. The House at once went into further consideration of the Indian Appropria-tion bill, sitting in Committee of the

Laying of the Cornerstone of a Monument on the Spot Where Were Enacted the Closing Scene of the Revolutionary War.

Dobbs Ferry, N. Y., June 14.-On the spot where Washington and the Count de Rochambeau planned the final campaign which brought independence to the Republic, the Sons and Daughters of the American Revolution gathered to-day and, with ceremonies that stirred the patriotism in the hearts of dwellers This is being covered with tin foil and by the historic Hudson, laid the foundation stone of a monument in memory of and stripes, was fittingly chosen for the enjoyment of the affair. The speakers, distinguished guests and members of the patriotic organizations who took part in the day's programme left New York city on the steamer Howard Carroll at 10:20 o'clock. On the boat Vice President Stevenson held an informal reception. The marine band from the Brooklyn navy yard played inspiring airs on the trip up the Hudson, while the many historians on board pointed out scenes of revolutionary operations as they were passed. Several steam yachts accompanied the Carroll and when Dobbs Ferry was reached at noon the monitor Miantonomah, and the old United States frigate Lancaster were found anchored in the stream, and a score of yachts, all covered with bunting, hovered about.

Carriages conveyed the guests from the landing up the hill through files of Grand Army men, representing posts from neighboring towns, and the fire and police departments of Dobbs Ferry, and ceremonies on the outside of the town. the foundation stone for the monument. responded to by Col. John C. Calhoun, a speech presenting the plot of ground by Dr. Hasbrouck and its acceptance by Mr.

Then Vice President Stevenson spoke "I can hope to add but little to the interest of this great occasion by any words I may utter. This day and this hour belong to history. We stand, in-deed, upon historic ground. Here on are raising \$2,000 for a scholarship and the banks of the majestic Hudson, we of this have secured \$954. lay the cornerstone of a monument which will commemorate the spot where the respective commanders of the British and American armies arranged amicable terms, at the close of the great struggle, for the withdrawel of all hostile troops from our borders. At that self-same hour, upon the opposite bank of the Hudson, a British sloop of war fired seventeen guns in honor of the great American chieftain. More than that, it was the first official recognition, by military salute, by one of the greatest

to the latest born sovereign nation. "The monument, whose cornerstone we lay at this hour, will mark the spot where occurred one of the greatest events of our colonial struggle. Washington— abandoning all hope of a successful at-tack upon the city of New York—upon the identical spot where we have now assembled, on the 14th day of August, 1781, planned the Southern campaign, whose objective point was the peninsular of Virginia, the fruits of which were the surrender of Cornwallis to the American and French armies at Yorktown, the establishment of colonial independence, and the introduction of the Government of the United States into the family of nations.

Opposition to the Coal Strike Settlement.

COLUMBUS, Ohio., June 14.—The opposition to the coal strike is assuming threatening proportions, and the National officers of the miners' organization are now very much worried over the situation, which threatens disruption of the organization. President A. A. Adams, of the State miners' organiza-tion, has issued the following call for a

"Under the present existing conditions we, with your executive board, feel it necessary to call a special convention and hereby issue a call for a convention to be held in the city of Columbus, Ohio, Tuesday June 19, 1894, beginning at 10 o'clock a. m. You will therefore please select your best men to represent you, as business of vast importance will heave to be acted upon. Very respectfully yours, A. A. ADAMS, President."

of the Body. The electrical force of the human body, as

the nerve fluid may be termed, is an espe-

cially attractive department of science, as it

exerts so marked an influence on the health of the organs of the body. Nerve force is produced by the brain and conveyed by means of the nerves to the various organs of the body, thus supplying the latter with the vitality necessary to insure their health. The pneumogastric nerve, as shown here, may be said to be the most important of the entire nerve system, as it supplies the heart, lungs, stomach, bowels, etc., with the nerve force necessary to keep them active and healthy. As will be seen

# TWO INGENDIARY FIRES. JUST RECEIVED "Atlantic : View,"

Night before last there were two fires within an hour, at the residence of Mr. Phil. Taylor and ex-Judge T. B. Womack, on Hillsboro street, near St. Mary's school. Yesterday Lizzie Jeffries. a negro girl employed at the house, was arrested on a charge of arson. She was lodged in jail and was to-day given another hearing. The trial lasted a long time. The house in which the fires occurred is the property of the heirs of the late Col. David M. Carter and is a handsome one. The damage by both fires did not exceed \$50, so quick were the

Six convicts were brought to the penitentiary last evening from Beaufort county by Sheriff Hodges. He says the crops in his part of the State are much Rail fell quite near here last evening, and a storm threatened, but spent itself

before reaching Raleigh. Only a few drops of rain fell here. Between this city and Goldsboro there were quite heavy rains. The weather to-day is cool. It is said to-day that the change in the schedule of the Seaboad Air Line, which was announced as to take place next Sunday, will not go into effect until the 24th. It is also said that the local pas-

senger trains between Portsmouth and Charlotte will run on Sunday. At the State museum to-day Taxider mist Herbert Brimley was found prepar ing for preservation the most singular fish ever seen here. It is the "orange file fish." In color it is orange and the shape is very odd. The display of fish in the museum is very complete. Mr. Green is now preparing a tarpon or king shad, which is over five feet long,

will then be painted in a lifelike way. Next Tuesday evening a banquet, at which there will be 100 guests, will be given in compliment to Congressmar Hatch, of Missouri, at the Yarboro house event, and perfect weather added to the It is the purpose to make his visit here very agreeable to him.

President Winston, of the State uni yersity, and President McIver, of the State Normal and Industrial school, were here some hours this morning, on their way from Trinity commencement to that at Wake Forest. Many Raleigh people went to Wake Forest on the early train this morning.

The commencement exercises were well attended. Seven of the seniors made speeches as follows: Salutatory, by William L. Foushee, of Person; "Shifting," by Marshall O. Carpenter, or Lincoln; "The South Carolina Dispensary Law," by Robert L. Freeman, of Marlboro county, S. C.; "A Parliament of Religions," by Julian E. Yates, of Wake; "Wooing," Sirens," by Rowland F. Beasley, of Union; "A Patriot," by John D. Robertson, of Iredell; Valedictory, by Robert W. Haywood, of Jones. Superintendent E. McK, Goodwin, of the school for deaf-mutes at Morganton,

sented the diplomas. The musical features of the programme were very at-

of Tennessee for John Dockery and William Hall, the two Cherokee county men who stood in this State and shot and killed a man named Bryson in Tennes-see, will be held by Governor Carr until the Supreme court decides the very knotty question as to whether they are Four large maps have been placed on the walls of the State museum. These

were specially prepared for use at the World's Fair. One of them shows the location of all the public and private schools and colleges in the State; the others show the geological features, the location of mines of all kinds, and the fishing interests.

# The Human Electrical Forces

How They Control the Organs

healthy. As will be seen by the cut the long nerve descending from the base of the brain and terminating in the bowels is the pneumogastric, while the numerous little branches supply the heart, lungs and stomeach with necessary vitality. When the brain becomes in any way disordered by irritability or exhaustion, the nerve force which it supplies is lessened, and the organises ended and the organises is lessened, and the organise force of this fact, but treat the organise finance of this fact, but treat the organise given the greater part of his life to the study of this subject, and the principal discoveries concaraing it are due to his efforts.

Dr. Miles' Restorative Nervine, the unrivaled brain and nerve food, is prepared on the principle that all nervous and many other difficulties originate from disanders of the nerve centers. Its wandarful success in curing these disordate is testified to by thousands in every part of the land.

Restorative Nervine cures sleeplessness, nervous prostration, dizziness, hysteria, sexual debility, St. Vitus dance, epilepsy, etc. It is free from oplates or dangerous drugs. It is sold on a positive guarantee by all druggists, or seut direct by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, 31 per bottle, six bottles for \$6, express prepaid.
