WASHINGTON, June 18.-No business of general interest was transacted in the morning half hour. At 10:30 o'clock the Tariff bill was taken up-the pending question being the first two paragraps of the silk schedule-298 and 299-which had been reserved on Saturday. At the request of Senator Platt, the paragraphs 51. The affirmative votes were given by went over without action until to-mor-

The schedulde on "Pulp, Paper and Books" was then taken up, the first paragraph being one putting a duty of 10 per cent. ad valorem on wood pulp. It was agreed to; also the paragraph putting a candidates, spoke at Rock Hill .- Near duty of 10 per cent. on sheathing paper and roofing The House rates in the paragraph on printing paper, unsized, was struck out and paragraph 306 was amended so as to read, "printing paper, unsized, sized or glued, suitable only for books and newspapers, 15 per cent. ad

> The next paragraph was one placing a duty of 15 per cent. on copying paper, filtering paper, silver paper, tissue paper, etc. The duty in the House was 25 per cent. The amendment of the Finance committee was to make it 30 per cent. The amendment was agreed to with the understanding that it might be changed when the bill comes into the Sei. 'a.

The duty on paper envelopes was fixed at 20 per cent.; on paper hangings and paper for screens or boards, writing paper, drawing paper, and all other paper not specially provided for, at 20 per cent.; on blank books of all kinds, 20 per cent., and on books, pamphlets, engrav-ings, etc., not specially provided for, 25 per cent.; on playing cards, 10 cents per pack, and 50 per cent. ad yalorem, and on manufactures of paper not

Senator Hill moved to strike out the paragraph and to admit coal free of duty. He said that he presumed, from what had taken place in the last two weeks, that his motion would be defeated by a substantially unanimous Republican vote and by the votes of those Democrats who seemed to be voting against that class of amendments. The country expected, he said, that a Democratic Congress, in framing a Tariff Reform bill, would put bituminous coal on the free list. This was required, substantially, by the Chicago platform. Every Democratic orator in the land, who had spoken on the subject, had demanded free coal. If there was one thing more than another to which the Democratic party stood solemnly pledged, it was to place raw material on the free list. He said that since he began his remarks, the Senators who had charge of the measure had left their seats. He assumed that they had nothing to say in defence of a duty on coal. He was waiting to hear from them the plea that they had been bulldozed into putting coal on the dutiable list, and

would like to know what Senators had stated that they would refuse to vote for the bill if coal should be put on the free "Let them be named," said he, "that we may know who they are. THEY OPEN THE CAMPAIGN

CHARLESTON, S. C., June 18 .- The first meeting of the campaign in this State was held to-day at Rock Hill, where Governor Tillman and Senator Butler, candidates for the seat in the United States Senate, appeared on the stump together. Four candidates for Governor made speeches and Congressman Strait appeared before his constituents for reelection. The interest of the meeting centered in the engagement between Tillman and Butler, Tillman had the opening speech. He denied that he was responsible for all the bitterness injected into the politics of this State and charged the newspapers with this offence. The remarkable part of his speech was, not in his discussion of national questions, but in his plea for peace, for a patient and respectful hearing of the addresses of the candidates. Senator Butler made quite a favorable impression, evidently having as many supporters in the audience as Governor Tillman. He said he would meet the Governor half way in his request for fair play. He told how he had written to the Democratic Executive committee, asking that a special box for Senatorial votes be placed at the primary polls, and pledging himself to withdraw from the race if he did not receive a majority of the Democratic votes polled at the primary. The committee had not yet acted upon the proposition

stocks and Bonds in New York-Grain and Provision Markets in Chicago.

WILMINGTON, N. C., TUESDAY, JUNE 19, 1894.

New York, June 18 .- It was a quiet day in stock circles, the transaction, footing up only 116,000 shares, and in railway and miscellaneous bonds \$648,000 At the opening the Industrials were strong with an advancing tendency, while railroad shares were inclined to weakness. St. Paul aud Union Pacific were especially weak at this time, the former selling down 4 and the latter 1 per cent. St Paul was weakened by the decrease of over 168,000 in gross earnings for the second week in June, while Union Pacific dropped on the false report that Attorney General Olney intended to bring suit to recover moneys advanced by the Government to construct the road. The stock was also

weakened by the fears of a heavy assessment. The other prominent railroads declined 1 to 1 per cent. in sympathy. The engagement of \$2,000,000 gold for shipment by the steamship Lahn and the falling off in the eastbound shipments from Chicago operated against this group. Atchison sold down to 7 on the ann cement that the reorganization plan to be given out late today or to-morrow will levy a \$12 assess-ment on the stock. The Industrials cut aloof from other stocks and were strong. Sugar advanced to 99\(\frac{1}{2}\), Chicago Gas to 79\(\frac{1}{2}\), United States Cordage to 23\(\frac{1}{2}\), Cordage, preferred, to 40\(\frac{1}{2}\) and GeneraliElectric to 37½. These stocks at the figures quoted showed advances of ½ to 1½ per cent. a part of this rise being lost near the close on realizations. Sugar was taken by the shorts, who were disturbed by a Washington despatch that the sugar schedule will pass the Senate practically in the shape recommended by the Fi-nance committee, and that the opposi-tion in the House will not be as vigorous as at first reported. Chicago Gas moved up on the dividend talk. Cordage was advanced by the bull pool and the rumors of the reduction in the floating debt were again revived. THE REORGANIZATION

OF THE OLD RICHMOND AND DANVILLE RAILROAD.

The Property Turned Over to the Southern Railroad Company-The Election of Officers and a Directory-Permanent Officials to be Electe d Later -Old Officials Re-

RICHMOND, Va., June 18.—The organization of the Southern Railway company, the successor of the Richmond and Danville Railroad company, was effected to-day by the execution and delivery of the special masters' and receivers' deeds to the new corporation, and by the execution of the articles of association by Messrs. Coster and Thomas, the purchasers of the railroad and their associates. Messrs, Spencer, Andrews, Stetson and Ewen. The deed was filed and recorded in the Chancery court at 12 o'clock noon and the articles at 12:30 o'clock p. m. The incorporators were Messers. Spencer, Coster, Andrews, Stetson and Ewen, to be directors, and Samuel Spencer to be president of the new company. The general offices of the new company are established in the *Times* building corner Tenth and Bank streets, Richmond.

At the first meeting of the board of directors of the new company officers were elected who will assume their duties on the morning of July 1st, when, pursuant to the court's order, the prop-erties of the Richmond and Danville railroad company will be turned over by the receivers to the new company. The Southern Railway company assumes the leases of the Atlanta and Charlotte Air Line, the Western North Carolina railroad, the Washington, Ohio and Western railroad, the Piedmont railroad and the North Carolina railroad.

Under the plan of reorganization of the companies embraced in the eld Richmond Terminal system, the other lines will be brought in later, as the several legal formalities are carried out. The officers of the new company elected to-day are: Samuel Spencer, president; A. B. Andrews, second vice presi dent: W. H. Baldwin, Jr., third vice president; Francis Lynde Stetson, general counsel; W. A. C. Ewen, secretary; John W. Hall, treasurer; George 8

A permanent board of directors will be elected later. It is also understood general manager and Mr. Sol Haas as general traffic manager. YOUNG GIRL'S FORTUNE

AN INTERESTING SKETCH. Nothing appeals so strongly to a mother's affection as her daughter just budding into womanhood. Following is an instance: "Our daughter, Blanche, now & years of age, had been terribly afflicted with nervousness, and had lost the entire use of her right arm. She was in such a condition that we had to keep her from school and abandon her music lessons. In fact, we feared St. Vitus dance, and are positive but for an invaluable remedy she would have had that terrible affliction. We had employed phy sicians, but she received no benefit from them. The first of last August she weighed but 75 pounds, and although she has taken only three bottles of Newine she now weights 105 pounds; her nervousness and symptoms of St. Vitus dance are entirely gone, she attends school regularly, and studies with comfort and ease. She has recovered complete use of her arm, her appetite is splendid, and no money could procure for our daughter the health Dr. Miles' Nervine has brought her.

When my brother recommended the remedy I had no faith in patent medicines, and would not listen to him, but as a last resort he sent us a bottle, we began giving it to Blanche, and the effect was almost immediate."—Mrs. R. R. Zullock, Brighton, N. Y. Dr. Miles' Restorative Nervine is sold by all druggists on a positive guarantee, or sent direct by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, \$1 per bottle, six bottles for \$5, express prepaid. It is positively free from oriates or dangerous drugs.
