Toting His Own Skillet.

BIRMINGHAM, Ala., July 17 .- A good deal of excitement of a quiet kind has been aroused in political circles in Alabama by the coming home of Congressman Denson, of the Seventh district. The Kolb leaders have been setting up claims to him and the Democrats have. been uneasy. He disappointed both in his opening speech at Culman by ignor-ing State politics altogether, defending his record as purely and soundly Democratic, and endorsing Governor Jones' efforts to preserve law and order. In short, Col. Denson is here canvassing his district in his own interest and emphatically "toting his own skillet." He went only far enough on general lines to urge the people to stand by the Democrats. The whole State is watching his course with great interest.

Howard, Keliher and Rogers In cluded in the Order-The Case to be Heard Monday-The Defendants Refuse to Give Bail Though Friends Present Urge Them

to Do So. CHICAGO, July 17 .- The reports that additional proceedings were likely to be taken by the Federal authorities against President Debs and his associate officers of the American Railway union had the effect of bringing a big crowd to th United States Circuit court room in the Government building this morning. Judge Seamans, of Milwaukee, presided in the absence of Judge Grosscup. Debe was present at the opening of court, accompanied by W. W. Erwin, the noted criminal lawyer of St. Paul, A. Shoemaker, of St. Paul, Erwin's law associate and by S. S. Gregory, of this city, who was the leading counsel of Prendergast in the lunacy proceedings that followed the assasin's conviction and has been retained as special counsel for the

As soon as a few minor cases had been disposed of Mr. Gregory stepped to the bar, announced the presence of Debs go on to-day. Judge Seamans replied that the case would proceed as soon as District Attorney Milchrist was ready.

At 11 o'clock the district attorney, accompanied by Edwin Walker, special counsel for the Government, and George R. Peck, special counsel for the Santa Fe road, appeared.

Special Council Walker then opened he proceedings proper with a brief statement. He said he was desirous of presenting to the court an information against certain people on behalf of the United States Government and to ask that a writ of attachment be issued for the persons named therein. In addition, another information was offered in behalf of the Atchison, Topeka and Santa with the transportation of United States mails, or from exercising terror or viowere refused.—The Vigilant defeated lence against railroad employes engaged the Britannia. - State troops are guard- in their work. Personal service of this injunction was made on the defendants, ing the mines near Birmingham, Ala., but in spite of it they continue to call out men and ordered strikes on lines and the railroad shops and depots in that city. The citizens hold an indignation within the city of Chicago and the dismeeting and appoint a committee on trict adjacent thereto and within the jurisdiction of the court. This violation has continued-daily, and it might be said hourly, and the Government desired

court might see fit. The lengthy information was then read by District Attorney Milchrist. It sets forth the facts already stated and quoted scores of telegrams sent by Debs after the injunction had been issued. These have never been published and had evidently come into the possession of the Government within a few hours, under circumstances that counsel would not for killing a farmer. - Several parties explain. Some were addressed to Phelan, the Cincinnati organizer, just sentenced for contempt by Judge Taft; others to C. McAuliffe, at Milwaukee; others to Livingston, Mont., others to employes of the Chicago, Burlington and Quincy, Chicago and Eastern Illinois, Big Four and Santa Fe roads. All urged men to go out and The Southern Pacific road is requiring a stay out. One dispatch read: "It will castiron pledge from returning strikers take more than injunctions to move trains. Get the men out." This was addressed to W. F. Smith, Grand Junction. Col. Many other dispatches were of the same tenor. One said: "Do not be This is a contest of plutocracy against

> our supporters." The court interfered at this point, with the suggestion that it did not want to hear any more dispatches. Enough had been read to indicate a persistent, viola-

tion of the injunction. The district attorney proceeded read a resume of the loss of property occasioned by the mob during the past two weeks, of assaults upon engineers, firemen and others who continued at work and of interruptions of traffic that had occurred since the injunction had gone into effect. President Debs listened with close attention.

The reading of the information occupied over one hour, and at its conclusion the district attorney contended that the defendants were clearly in contempt and should be attached and punished. Mr. Peck counsel of the Santa Fe road, stepped to the bar and read another long information, charging the defendants with interfering with the operations of that road and likewise asking for a con-

empt attachment. The court asked the defendants if they

were represented by counsel. Mr. Gregory responded. He said that Debs was in court voluntarily, although it was understood that this would be an ex parte application. The Government did not deem best to charge either of the tragedy occurred this afternoon. With considerable heat he said that he did not understand that the Government's information was for the protection of the railroads or that the move ment was to be used as an agency to vindicate the property rights of railroads. That seemed to be what Mr. Peck wanted but it would be very unfortunate if any action of the court gave color to that claim. Seamans set the trial of /Judge the contempt cases for next Monday morning at 10 o'clock. He fixed the additional bail at \$3,000 each and ordered the four men to be held in custody of the United States marshal until the

sureties had been approved. At 3:15 o'clock p. m., after a conference with their attorneys, Debs an-nounced for himself and the three other defendants that they would go to jail and refuse to give additional bail, on the ground that their bondsmen in the other cases had been so bitterly attacked by the press that they felt a great deal of hesitancy in asking any more citizens to go additional bail for them.

A score or more of friends clustered around them-and urged them to reconsider their determination. One of the number said that he was worth \$500.000 and would go bail for the entire quartette. Others offered to become individual sureties for the several defendants. Debs, however, was obdurate, and in his determination he was supported by his associates. In the meantime the orders of commitment were made out by the clerk of the court. Marshal Arnold had been summoned, and with him he brought Deputies J. W. Forsythe and G. H. Jones. A final effort was made to induce the defendants to accept the proffers of their friends, but without result.

At 4:30 o'clock Marshal Arnold escorted them to an open carriage in which they were driven to the county jail on the North Side. On their arrival at the jail the prisoners were courteously received by Jailor Morris and Jail Clerk Whitman. At the demand of the turnkeys they held up their hands and submitted to a search. They were deprived of all valuables and then led to spacious and roomy cells in the debtors' department. Last night companies of the First and Second regiments, Alabama State troops, were ordered here by Governor Jones and to-night are camped and on special details. Fifty men are at each of the six slopes and mines of the Tennessee Coal and Iron company, with 150 in reserve in camp at slope No. 4 with Gating guns. All railroad shops in the city are guarded to-night by detachments of the soldiers, as is the union depot, with a heavy reserve. Sixty-two arrests within the past fifteen hours have been made and the men are now in jail. No firing or other incendiary acts have been committed so far since the attack on

A tremendous indignation meeting of the citizens was held to-day, at which all representative citizens were present. A committee of twenty-five was appointed on public safety here to-night. Capt. S. D. Weakley reported to the Government he was ready with 150 men subject to his call. Governor Jones was endorsed for promptness in placing The Tariff Bill Conferees Make no troops on the scene.

The Governor has suggested to Judge S. E. Greene, of the Criminal court, the necessity of calling an early session of the masses, and we will win and protect the court and impaneling a grand jury on account of the arrests.

> Strikers Returning to Work. CHICAGO, July 17 .- A largely attended meeting of railrood strikers was held in Uhlich's hall to-day to hear the reports of the committees selected to report the condition of the strike on the roads they formerly worked for. Some of the reports were not as indicative of success as the leaders expected. A former Nickel Plate employe reported that more than half the strikers had returned

The majority of the strikers are now switchmen, trackmen and shop workers. A committee of Illinois Central strikers from Harvey asked for an order to return to work, but permission was refused. Vice President Howard made a speech in which he claimed that four fifths of the switchmen, trackmen and shopmen were still out, 40 per cent. of the engineers and 25 per cent. of the firemen. He declared that the roads were operating 90 per cent. of the pas-senger trains and 25 per cent. of freight, He closed by saying: "Mr. Rogers and I have got to go into court now and it is possible that we may have to go to jail. We can even be kept there, though a writ of habeas corpus may liberate us. The way to end this thing is for every workingman in Chicago to drop his tools, complying with the law, however?"

The Suns' Cotton Review. NEW YORK, July 17 .- The Sun's cot-European and Southern buying, and

local covering caused an advance here, though the crop news was favorable and the state of speculation was dull. There is a steady spot demand. > Railroad Employes Attacked by Strikers. FORT. WAYNE, Ind., July 17.-The new men employed on the Fort Wayne railroads in the yards and as trainmen are hourly submitted to most brutal assaults from discharged men. Last night arthur baldwin, a Nickel Plate switchnan, was found in the yards insensible. Three other switchmen and a -call boy were violently stoned. This morning Conductor Mulcahy, of the Pennsylvania road, was knocked down by a large rock and kicked in the face. Three switchmen in the Pennsylvania yards were clubbed and relieved of lanterns. Both Nickel Plate and Wabash passenger trains were stoned. Christian Hess, the only rioter arrested, fired two shots at Capt. Bergman, of the city police, before

day. Cash corn was in fair supply and steady.
