DEATH OF DR. HAWKINS

HE DIES IN A HOSPITAL IN PHILADELPHIA.

The Fourth Death Recently Among Raleigh's Wealthiest Citizens -Interest in the Political Campaign Growing - Chief Aims of Populists and Republicans-Earnest Democratic Work

Necessary. MESSENGER BUREAU, RALEIGH, Oct. 29. A telegram received here last night from Philadelphia announced the death in Jefferson hospital there of Dr. William J. Hawin certain sections of kins of this city. His death has been expected for some days. His wife and daughter, his sons, Messrs. Marmaduke and Colin M. Hawkins, and his brother, Dr. A. B. Hawkins, were with him when he died. He was 76 years of age and was born in Franklin county. For many years he was president of the Raleigh and Gaston railway. He was for a time also a president of the Raleigh and Augusta railway. In 1872 he established the Citizens' National [bank, now one of Raleigh's soundest and best known banks. Three weeks ago Dr. Hawkins was taken to Philadelphia and a dangerous operation was performed upon him. For a time this was thought to be entirely successful. He leaves an estate quite carefully estimated at \$300,000. He owned property in Maryland, Florida and North Carolina. His remains will be brought here to night and the funeral will be held tomorrow. Dr. Hawkins was a member of the Episcopal church of the Good Shepherd. Thus in a few weeks four of Raleigh's wealthy citizens have died, these being Messrs. Rufus S. Tucker, William H. Holle-man, E. G. Reade and W. J. Hawkins. The total of their estates must approximate \$1,500,000 This morning the remains of the wife of

The interest in the political campaign this year has certainly not been anything like as ntense and as general as it was two years ago. It is now getting pretty warm. The fusionists, first of all, want to to get a majority in the Legislature. Next to this the opulists want to elect their judicial ticket, while the Republicans rank as second the Congressional ticket.

Your correspondent is assured by Democrats who are extremely observant and who have canvassed in many sections that the more concern as to the judicial ticket. The fight in Wake county is hard. The canvass has not been a joint one. The fusionists have done a great deal of bushwhacking. The result here is doubtful. Raleigh will no doubt be depended upon, as was the case two years ago, to overcome a majority in the other townships. Rev. Dr. B. Carradine, an eminent preacher of St. Louis, Mo. yesterday began a revival meeting here, at Central M. E. church. He oreaches with great power and has already nade a fine impression.

Secretary Carlisle Not to Enter the Campaign.

Washington, Oct. 29 .- Secretary Carlisle will not make any political speeches during the present campaign. He had a conference with the President this morning in regard to the matter. The Secretary told the President that he had received a very large number of invitations to speak in lifferent sections of the country and would very much like to accept as many of them as he could fill, but there were a number of important questions pending in his department that imperatively demanded his presence in Washington for some weeks to come. The President agreed with the Secretary that attention to the public business should be the first duty of every official and, therefore, it was decided that all invitations

should be dealined. Democratic Headquarters Bur-

COMMERCIAL NEWS. Stocks and Bonds in New York-Grain and Provision Markets

of Chicago. NEW YORK, Oct. 29.—Business at the Stock Exchange was more active, but the activity was at the expense of values. As of late the anthracite coalers were the features of speculation, but to-day the high priced investment stocks and the Grangers received more attention. Liquidations were quite pronounced in the case of the coalers, Grangers and other issues, there having been a steady dribbling of long stock from the tin boxes throughout. For a long time past the bulls have been boasting that the effort of the bears to dislodge long stock were unavailing and that each attack only served to increase the short interest. They can say so no longer, for to-day there was enough stock and to share, so far as the bears were concerned. The drop in the anthracite stocks were partly due to rumors that stove coal had-sold as low as \$3 per ton, against \$3.85, the schedule price. Jersey Central was also affected by the statements that the net earnings for the nine months ended September 30, 1894, had increased \$1,301,965. This stock fell 1½ per cent. to 97½, railied to 98, dropped to 91½ and closed at 92. Delaware and Hudson sold down 1½ per cent. to 123, recovered to 124 and fell to 119¾ to 120. Lackawanna opened at 158, a gain of ½ per cent., broke to 1551, recovered to 157 receded to 1551, and closed at 156. Reading was exceptionally firm at 162 to 171. Judge Dallas has ratified the Olcott-Earle reorganization plan of this company. The Grangers were depressed by the poor September state-ment of the Burlington and Quincy, which showed a net decrease of which showed a net decrease of \$325,866. A pressure of long stock was also noted in this group of stocks.

Northwestern fell 1 per cent.; American Lead 1, Canada Southern 12, Big Four 11 Burlington and Quincy 1½, Chicago Gas 1½, St. Paul ¾, Rock Island ¾, Lake Shore 2¾. Lead 1, Lead, preferred, 1½, Omaha 1¼ and Western Union 1½. In the industrials American Sugar was weak early in the day on the reduction of 1-16 to ac in refined, but later the price was bid up to 86% from 85%c. Closing tranactions were at 863. In the final trading a fractional rally occurred and the market left off somewhat steadier in tone. Net changes show losses of \$\frac{1}{4}\$ to \$1\frac{3}{2}\$ per cent. in the general list and \$1\frac{1}{2}\$ to \$7\frac{3}{2}\$ per cent in the coalers. Reading closed un-changed. Evansyille and Terre Haute fell 5 per cent. to 40, and Pullman 2 to 159. Rail-Sales of listed stocks aggregated 164,000

s rares; unlisted, 39,000. CHICAGO, Oct. 29 -Whatever of weakness was seen in wheat to-day was the result of the announcements directly appertaining prominent during the greater part of the session was communicated Around the opening it was difficult for the crowd to decide whether to buy or sell, but while in the state of uncertainty there was an effort made to liquidate, which defined the course for a time, prices easing off only later to partake of the conspicuous strength several times, but the final feeling was firm, opened at 52sc, sold between 52sc and 51st to 514, closing at 52tc bid, a shade under Saturday. Cash wheat was steady and un-

There was a strong market for corn to day, particularly for the near by deliveries. The feeling came from different sources, which seemed to be of varied importance. November at one time was 2c higher than Saturday's close, but the desire of early buyers to realize caused prices to recede, the close showing a gain over that day of but ic. May, while strong, did not fully participate in the advance of the nearer deliveries. May corn opened from 50% to 50%c, sold between 50s and 50sc, closing at 50sc, to higher than Saturday. Cash corn was strong and 11c

Oats were about asusual-sympathetic with Early buyers realized before the close so that the full gain was not sustained. There was nothing of independence in the trade, nor anything that could be called a feature. May closed 1 to 1c higher than Saturday. Cash oats were to higher. Provisions opened easy on the condition of the hog market, which was weaker for most grades. Little interest was taken in the usiness, although the strength of corn

caused some buying, which brought about a revival in the tone and caused a moderate rally to prices. The close was 21 to 5c higher than Saturday for January pork, 7½c higher for January lard and 2½ higher for January

The San's Cotton Review.

NEW YORK, Oct. 29 .- The Sun's cotton review says: Cotton declined 1 to 2 points, but recovered this and advanced 7 points, then reacted and closed steady at a net advance of 3 to 4 points. Sales were 118,100 bales. Liverpool declined 1-32d on the spot. Futures advanced 1½ to 2 points, then re-acted 1 point and then reacted and closed barely steady at a net rise of 1 point. In Manchester yarns were reported in a despatch to the exchange as yery dull and One firm here said: "It would not seem

that from present prices there could be much of a decline, and it may be that American spinners will buy largely, not only for immediate, but prospective wants Albert Shaw, aged 19, a porter, was found in as well. The Fall River strike has been a rear room. He had been suffocated by called off and an active spot demand from that quarter would materially assist in preventing a further decline. The buying of cotton contracts is increasing among those outside of the cotton trade proper." Another house here says: "The shorts found very little cotton for sale. There is some reason to think that the worst of the pressure of cotton for sale is over, and that the feeling is growing at the South that there cannot be any great risk in holding what remains until sold for better prices." Port receipts to day were 91.922 bales against 86,894 this day last week and 62,952 ast year; thus far this week, 145,821, against 140,305 thus far last week. Brunswick, Ga., reports the clearance of the steamer Ramsnead with 9,500 bales for Liverpool. This will bring the port receipts to-day a little above the 100,000 mark, beating all previous records. Local New Orleans and European buying, the ending of the Fall River strike and colder weather at the South, with frost at one or two sections and rains in several States, neutralized the effect of large receipts and prices advanced. The bulls seem to feel more sure of their footing than the bears, who acted as though they found the

ground rather slippery at these prices.

Senator Martin Indicted. TOPEKA, Kans., Oct. 29.-A warrant has been issued in Allen county, on complaint of Nelson F. Acres, for United States Senalibel. In an authorized interview given out by Senator Martin a little more than a week ago he defended Governor Lewelling and other Populist State officers against charges of corruption made by Acres, and denounced him as a gambler and all-round disreputable person. Acres was collector of intern enue in Kansas during Cleveland's first ad ministration, and has for years been prominent in Democratic circles. When he saw Martin's interview he came to Topeka promptly and demanded a retraction. The Senator refused to accede to the demand. Acres returned to his home in Iola and instituted the proceedings against the Senator that will result in his arrest either to-night

or to-morrow morning. Express Robbers Arrested.

WILMINGTON, N. C., TUESDAY, OCTOBER 30, 1894.

INACTIVE AS TO SPIRITS IN BONDED WAREHOUSES.

The State Constables Can Not Pay the Tax and Seize the Property-The Interior Department Again Open-Whitehouse Inmates Vaccinated - Important Decision of Federal Supreme Court.

WASHINGTON, Oct. 29.-Attorney General Olney to-day sent to Secretary Carlisle the following communication:

"I have the honor to acknowledge your letter of the 18th instant, enclosing copies of the letter of Governor Tillman, of South Carolina, to the commissioner of internal revenue, and of the letter of the commissioner of internal revenue, and concluding as follows: 'I have therefore the honor to request that you furnish this department with an opinion as to the course which should be taken by the office of the internal revenue in the event that the State officers of South Carolina seize spirits in the bonded warehouses in that State. "The legal status of distilled liquors in

bonded warehouse of the United states and

ander the control of the collector of internal

revenue is definitely stated and settled by

section 924 of the Revised Statutes of the

United States, which declare that 'all property taken or detained by any officer or other person under authority of any revenue law of the United States shall be irrepleyiable and shall be deemed to be in the custody of the law and subject only to the orders and decrees of the courts of the United States having jurisdiction thereof.'
"It need not be held, as has been suggested, and perhaps might well be, that since the tariff act of August 28, 1894, the taxes due on distilled ligners in a United taxes due on distilled liquors in a United States bonded warehouse can be paid only by the distiller. Whether that be so or not a tender of such taxes by a sheriff or other like State officer is necessarily ineffectual as against the statute above quoted, since it is beyond the power of an internal revenue collector to accept it and thus nullify the provisions and defeat the policy of a statute which aims to absolutely exempt such liquors from the operation of the process of State court. Such tender, which for the reason stated, the collector is incompetent to accept, must be also ineffectual, because

the right or power to make it-the legislasuch tender, nor providing any fund which can be used for that pufpose. "The result is that the provisions of the South Carolina Dispensary law of 1893 must be regarded as ineffective and inoperative as against distilled liquors held in a United tates bonded warehouse under the of the collector of internal revenue."

The United States Supreme court to day reversed the decision of the Circuit court in the case of John C. It was learned at the tax department office this morning that Grover Cleveland was assessed in 1893 and again in 1804 for \$5,000 ersonal taxes. In March, 1894, Mr. Cleveland paid his tax for the year 1893. In the books for 1893 and 1894 Mr. Cleveland appeared as a lawyer of No. 15 Broad street, with residence at No. 12 West Fifty-first street. It was said at the tax department that no letter had been received from Mr. leveland protesting against the tax order. or referring to it in any way, and that he was the only man who, according to the law, could decide whether or not he is still a resident of this city. Unless he takes some action his name will probably appear on the tax books of 1895 in the same manner as it did in those of 1893 and 1894. The corrected returns from the various districts in this city, which were filed at police headquarters this afternoon, shows he total registration to be 308,693, instead of

A REVOLTING CRIME.

Wisconsin Man Sent to the Peni tentiary for Ruining and Then Murdering a Woman.

SPARTA, Wis., Oct , 29 .- Samuel S. Buxton, who was arrested Saturday on the charge of having murdered Mary A. Jones, a maiden lady, at her home a few miles from this city, on the 21st inst., where she was found hanging by the neck, has confessed the murder. His preliminary hearing was held this morning soon after midnight when he waived examination. He was immediately removed to Sparta, fears being entertained jail. The crime is of a revolting nature. It is thought to be the same gang that Three years ago Buxton, by a series of obscene letters purporting to come from a witch and directed to Miss Jones, hypnotized her and caused her ruin. The macy was continued to the day of her death. By the same system of deceit, the infatuated woman consented to be strung by the neck in the belief it would cause the death of Buxton's wife. The second time the experiment was tried Buxton pushed the chair on which the foolish woman stood from under her, and she swung into eternity. Buxton took what money there was in he house and left for home, a short distance away, where he was arrested, brought to the city and lodged in jail. His motive for committing the murder is that he was tired of the woman. Buxton has a wife and three children. The murdered woman was

a near neighbor of the Buxtons, and lived As soon as court was called to-day Buxton was brought in and pleaded guilty, and was immediately sentenced to Waupon for life.

The Situation at New Orleans Serious. WASHINGTON, Oct. 29 .- A special from New Orleans says: The strike situation in this city has assumed a serious phase and a race war is threatened. This afternoon there was a good deal of excitement on the levee between Jackson and Sixth streets, the scene of Saturday's riot, caused by the report that a force of armed negroes were enroute to the scene to avenge the action of the mob Saturday. To-night men congregated in the neigh-

borhood and the report is that both the negroes and the whites are preparing for a fight to-morrow. The Governor arrived to-night and held a long conference with the directors of the cotton exchange. It is expected that he will order out the militia.

Three Men Killed and Many Wounded Some of the Inmates Thrown

WILKESBARRE, Oct. 28 .- A large Hungarian boarding-house at Laurel Run, this county, was blown up by dynamitards at 3 o'clock this morning. Three of the in. mates were killed outright, four fatally in-Twenty-four sticks of dynamite were placed under the building, each being about nine inches long and weighing about half a ound. A wire connected the sticks with a battery, situated about fifty yards away. When the signal was given and the current turned on only about half a dozen of the

One of the wounded men says immedi-One of the wounded men says immedidiately after the explosion he saw four strange men running down the roadway leading to the village of Miner's Mills. They carried lanterns. While he lay on the ground another stranger approached him and rifled his pockets. He also cut the belt which encircled his waist and carried it away. Another of the injured gives it as his opinion that the men seen on the ground after the explosion were tramps. The dynamiters used Pittsburg dynamite

We Return Money Cheerfully.

Bring back whatever you get here if, when you

get it home and get a good look at it, you'd rather have the money.

Most of the larger stores oblige their customers more or less by taking back goods, but most of them haggle about it and make it unpleasant. Few of the little stores take anything back. They are smooth as oil in selling, but rough with dissatisfied buyers, especially with strangers. If a merchant, big or little, put obstacles in the way of your proper

freedom in this respect, his goods are not so good as they look in the store, or he is too "close" to be safe. The use of this thought is to keep you from parting with money where

"NAIL CITY" THE

Pneumatic 5 Gallon Oil Can. THE NAIL CITY CAN IS MADE OF HEAVY GALVANIZED IRON, BEING DOUBLE seamed, making it one of the strongest Cans on the market; and is fitted for both Oil and Gasoline. IT IS NOT A PUMP CAN, but works entirely by air pressure. The plunger never comes in contact with the oil. The principle on which the Can is made is entirely new, and has never been employed in the use of oil cans before. To fill the Lamp place the end of the spout in the opening of the Lamp. Take hold of the wooden knob on the end of the plunger in the center of the Can and draw it upward as far as it will go. Close the opening in the end of the plunger with the thumb or palm of the hand and press the plunger downward to the tottom of the Can. Keep the opening in the plunger closed and sufficient oil will then flow from the spout to fill a Lamp of ordinary size.
