The Democrats deplore of all things the loss of the Legislature. It is a great blow to them. The best figures made last night or to-day show that there is a considerable fusion majority in both branches. There is of course all sorts of talk about what the next Legislature may do. The Democrats cannot alter the calculations that the fusionists made as to a majority of ten in the Senate, for those calculations are based on the newspaper telegrams.

Chairman Pou is a sphynx. Tuesday night his silence, as he received the election news, was ominous, but he did not give out the bad news. He was asked to-day if he had anything to say and replied, "nothing."

The fusion organization was fine. Much of its work was secret, that is, masked from the Demogratis. Hence its nower Chair the Democrats. Hence its power. Chairman Butler told me over a month ago, and this was published, that the fusion majority would be 15,000. In this Congressional district Chairman Otho Wilson did some won-

Masses were said in the presence of the body. The services were, will be very close and will be determined by attended by Emperor Nicholas II, the zarina, and the Prince and Princess of Wales, the representatives of various for-eign powers and many others. The Czar was deeply affected. At the conclusion of the services and after the royal visitors present and the troops had viewed the body, the populace were formed in line and filed past the coffin to take a farewell look at their dead ruler. Many of those who looked upon the face of the dead Czar were visibly affected and expressions of sorrow were

heard on all sides. The weather this morning had improved and arrangements were early perfected for the removal of the dead Emperor to Sebastopol. The cortege left the church at 8 o'clock. The procession was headed by the chief of the palace police and the master of ceremonies, both mounted, followed by a numerous troop of soldiers, including the Crimean division of Tartars; then long files of servants of the imperial familyfootmen and domestics. Next in the line were representatives of the Zemstvo, or District Assembly, the municipal authorities, the public schools and the public institu-tions of the Yalta district. All of the dead Czar's Russian and foreign decorations were carried on a cushion covered with silver cloth. Immediately behind the bearers of this cushion came the clergy bearing lighted candles; then followed the coffin, borne by members of the imperial body guard and sailors from the imperial yachts. Chicago. New York, Nov. 8 .- The undertone of the Stock Exchange was firm, but the course of prices was very irregular and the opening rather weak, Manhattan and American sugar having receded about a point each, while international stocks declined 1 to 2 per cent. The weakness of the latter was due to sales by London to realize profits. It will be remembered that the foreigners were liberal buyers of American securities just previous to the election. The advance yestervious to the election. The advance yester-day gave them an opportunity to realize profits, which was not neglected. The stock sold for European holders found a ready market, the shorts in St. Paul being espe-cially gratified at the change of front on the part of foreigners. Fully 8,000 shares of this stock were sold and readily absorbed by local traders. It was in the industrials, however, that the bulls made the most-progress and met withithe least opposition. CHICAGO, NOV. 8.—The holders of wheat were apparently feeling secure in their position to day, the news imparting increased confidence in values after the selling out of long stuff yesterday, the market evidently being in a strongly intrenched situation The Cincinnati Price Current's summary gave some rather startling information on the wheat feeling reports, and the tip on the Government report of 80,000,000 bushels used in this manner gave a particularly healthy tone to prices. The pressure to sell was noticeably great at different times, but it was stubbornly met and in the end, although the inside quotations of the day were recorded, a clear gain of 2c from yesterday was shown at the close. The Democrats made large losses in the white counties in the valley and in the Southwest, which may be almost entirely due to a failure of large numbers to go to the polls. The vote throughout the State was small and may be attributed to the new Walton election law. Mahone will hardly be at the head of the Republican party in this State any longer.

Brooklyn Votes for Consolidation. BROOKLYN, N. Y., Nov. 8.—The vote here on "Greater New York," as reported to police headquarters to-day, shows that those in favor of consolidation lost by about 100 otes. There are still about 20 outlying districts to report and Secretary Shanks, of the onsolidation league, says that private adices received by him show that the consolidation will be carried by a small vote. The accountants who are tabulating the returns say it will be at least two days before the matter can be satisfactorily settled. It will make no difference one way or the other whether the vote is found in favor or against, as the balloting was done at the dicitation of Legislators who were afraid to ct on the matter without learning how

It is now believed that the fusionists have thirty majority on joint ballot of the Legislature, and that they have carried the State by 20,000. The defeat of Crawford in the Ninth district is assured. The Democrats elect Woodard to Congress in the Second district by a majority estimated at 200 and Lockhart in the Sixth by 1,000. They claim that they have elected Shaw in the Third, but his majority will not reach 1,000.

The State to-day shows phenomenal Populist gains and may possibly indicate the election of Nugent for Governor. The State to-night is claimed by both parties. [Special to the Messenger.] LUMBERTON, Nov. 8.-The board of canvassers met here to-day and declared the result of the election. The Democratic county and legislative tickets are elected by from 100 to 200 majority. McLean, for solicitor, gets a majority of 287. The majorities for the State and judicial tickets are small. Martin's majority over Lockhart is

41. With the big majority against them in Columbus, Alfred Rowland and Dr. Culbreth are beaten for the Senate in this district. The Republicans employed Col. French to contest the county offices and he contested every inch of ground before the board today. The Democratic losses were caused by low cotton, general Democratic apathy and completeness of fusion.

RALEIGH, Nov. 8 .- In the absence of official figures the following carefully prepared estimate may be relied upon as the latest figures on the Populist-Fusionist majorities. It must be noted that the present associate justice, Walter Clark, will keep his seat, as he ran on both tickets and got nearly all the votes cast. The next United States Senators will probably be Marion Butler and Mott, with a chance for Pritchard, but Mott has the go now.

Congressional results are as follows: First district. Skinner (Pop.), 2,000; Second, Woodward (Dem.). 2,600; Third, Shaw (Dem.), 1,000; Fourth, Stroud (Pop.), 2,000; Fifth, Settle (Rep.), 2,500; Sixth, Lockhart (Dem.), 2,000; Seventh, Shuford (Pop.), 750; Eighth, Linney (Pop.), 100; Ninth, Pearson (Rep.), and Crawford (Dem.), both claim that the official count is necessary to decide fficial count is necessary to decide. RALEIGH, N. C., Nov. 8 .- Semi-official returns from nearly every county in the State ndicate that the fusion ticket, State, judicial and legislative, put out by the Republicans and Populists, has been elected by some 20,000 majority. This gives the State treasurer, chief justice and two associate ustices of the Supreme court and five idges of the Superior court. Chairman Butler, of the Populist party, claims the State by 30,000, and says that the

PHILADELPHIA, Nov. 8,-The controversy between the receivers of the Reading Rail road company and such of its employes as are members of the Brotherhood of Railroad Trainmen has prompted an expression of opinion from Attorney General Olney in the form of a letter to Judge Dallas of the United States Circuit court, before whom the case is pending. The difficulty between the two organizations reached a crisis on August 15th last when General Superintendent Sweigard summoned before him eleven employes and notified them that they should abandon the brotherhood as a condition of retaining their place with the railroad com-

and the consistent solutions to be applied in every aspect. In substance, he holds that labor unorganized is practically powerless; that in combinations such as this lies the only safegnard of the workingman in dealings with organized capital, and that his right to belong to such a union, beneficial in intent and purpose, is a legal right which he cannot be deprived of,

CAMPAIGN MONEY For Aiding in Saddling the Republi can Party Upon the People of Our State-Chairman Holton Calls on Chairman Babcock for Funds for This Purpose and is Granted All

Hon. J. W. Babcock, Washington, D. C. "DEAR SIR:-We won a complete victory at the polls here yesterday; have elected the judicial ticket by an estimated majority of over 40,000 and have both branches of the Legislature, with four Republican Congressmen and three Populists. The fight will have to be made to-morrow, before the county canvassing boards. These boards have judicial powers, with the right to investigate the legality of every vote, and pass upon the regularity of the precinct returns. It will be necessary for us to have lawyers of reputation and ability to appear is exhausted. Our candidates claim that they have not the means, and this is true with the most of them. If we succeed in holding the State, it is the end of Democracy here, for we have had for years the majority, but through the election machinery we have been defrauded.

"If you can do anything for us, name the amount by wire immediately upon the re\* ceipt of this. We have been arranging to employ counsel by wire where needed. if we can raise the means. The Democrats say they have given up the State, but information comes to us that they intend to do their work before the canvassing boards to-morrow. Some of their unguarded politicians are saying that they have the machinery and expect to use it, and do not intend to give up the State; 'that the count eats voting.' I have made estimates in thirty counties in the State on definite in formation and in these counties we have from, while the Populists are yet to receive gained 25,000 over the vote of two years ago and have gained in these counties thirtyfive members of the House out of forty-six, and it seems that this ratio will be kept up except in the First and Ninth districts, and

in these we have gained about 6,000. "Pearson's majority in the Ninth is 192 and Skinner's in the First is about 800.

A. E. HOLTON, Chairman State Executive Committee." Chairman Babcock telegraphed a reply to this letter, directing the Republican man agers to take the necessary steps to protect their Congressmen, and that the committee would stand by them.
