Japan Declines Mr. Cleveland's Offer. Tokio, Nov. 20 .- It is learned that the Japanese Government has sent its reply to the note of United States Minister Dun, asking whether a tender by the President of the United States of his good offices in the interest of restoring peace in the East would be agreeable to Japan. Before reaching a conclusion, the Ministry gave the matter consideration for several days and finally stated to Mr. Dun that although the friendly sentiments which prompted the Govern-ment and people of the United States were deeply appreciated, the success of the Japanese armies had been such that China should approach Japan directly on the subject. In yiew of the absence of Japanese and e diplomatic representatives at Peking and Tokio respectively, this would imply that any communication between the two Governments would be made through the American Ministers to China and Japan, who, since the outbreak of the war, have had in charge the interest of the two coun-

The Loss of Life and Destruction of Property Greater Than First Surposed - The Disturbances in the Volcano of Strombold.

THE EARTHQUAKE IN SICILY

Rome, Nov. 20 .- The earthquake shocks continue at Milazzo, on the north coast of the Island of Sicily and the fact that the volcano of Strombold is nearly in a state of eruption is accepted as proof that the disturbances are of volcanic origin. The inhabitants of Milazzo continue in a state of the greatest terror. They are living in huts hastily erected in the fields. Elsewhere the feeling of alarm is subsiding and business

s resuming its normal course. Reports received from the province of Reggio de Calabria aggravate the number of deaths and the amount of damage done. Two hundred corpses have been extricated from the ruins of houses at San Procopio, of which number forty-eight bodies were found beneath the ruins of the church. The number of persons injured is said to be It is estimated that the damage done to

buildings at Palmi, not counting the loss incurred in furniture destroyed, will amount to 2,000,000 lire. Fifteen buildings collapsed entirely and 300 others are irreparably damaged. Every house in the town has suffered more or less and not one remains habitable. At Palmi six person were killed and over 300 were injured.

The Lexow Investigation Bearing Fruit.

NEW YORK, Nov. 20 .- Ex-Police Sergeant Geo. C. Libers was arraigned before Judge Ingraham in the Court of Oyer and Ter miner this morning, on charges of bribery in seven different cases. Lawyer Jenks, his counsel, presented a demurrer, setting forth that the charges against Libers were not crimes in the meaning of the State statutes. The demurrer was overruled and

Libers pleaded not guilty.

Police Detective Sergeant Wm. Frinck, who was indicted by the grand jury last Friday, delivered himself up to the district attorney this morning. He is charged with bribery. The testimony against him was secured through the evidence brought out before the Lexow committee in connection with the illegal practices of Dr. Whitehead. Frinck is accused of having accepted \$500 from Dr. Whitehead in consideration of alquence of his acts. Shortly after the arrest of Frinck Sergeant O'Toole was brought in on the same charge preferred on the strength of the

same evidence. He is alleged to have taken \$200 from Dr. Whitehead. Both prisoners were taken before Judge Fitzgerald and held in \$5,000 bail. Tom Watson Accepts Congressman

Black's Proposition. ATLANTA, Ga., Nov. 20.—Tom Watson, the Populist candidate from the Tenth Geor gia district, has accepted Representative J C. Black's offer to settle the controversy whether the Populist or the Democrat was elected on November 6th last, by trying the thing over again. Black, on the face of the returns, had 7,000 majority, but the same counties in the election for Governor a few weeks previous, gave a decided majority for the Populist candidate. Black will take the commission as member-elect, but will resign on the 6th of next March, when his term commences, and it is understood that the Governor will order a new election at which Black and Watson will be the only candidates.

War Between, Mexico and Guatemala Threatening OAXACA, Mex., Nov. 20.—The situation on

the Guatemalan and Mexican borders is very threatening and it is believed the Gustemalan troops are preparing to make an aggressive movement against Mexico within the next few days, as the different regiments are being drawn together. A feeling o great apprehension exists among the peop of the States of Tabasco, Chiapas and Oaxaca, which are situated on the border, over the threatened invasion, and many settlers are leaving the turbulent section, pending a settlement of the difficulty.

Republicans Checkmated. LINCOLN, Neb., Nov. 20.-The Populist State Central committeemen sprung a surprise on their Republican brethren yesterday when they announced that in the event of the Republicans contesting the election of Judge Holcomb as Governor, they would retaliate by contesting the election of every Republican candidate. At Independence headquarters yesterday evening Congressman Bryan, ex-Attorney General Leese and Judge Brady were preparing papers with this object in view. The election of the rest of the Republican State ticket aside from Majors has not, heretofore, been questioned.

CLAIMING PAYMENT.

REMARKABLE DEMANDS OF WESTERN RAILROADS.

Washington, Nov. 20 .- During the recent strikes many railroads applied to the Government for protection and troops were placed on trains and along the disturbed portions of their routes, Now the companies who availed themselve of the troops for the protection of their property are filing bills with the War Department for the transportation of the soldiers, whose chief duty was to keep their lines open and guard their property. Nothing, it is asserted, was said about charging for carrying troops at the time they were asked for, and it was upposed that the roads would transport them free of cost, as their services were chiefly needed to protect the interest of the roads. This, however, is not the case, and railroad companies now want pay for carrying the men who protected their property. The War Department opposes he payment of the charges and it is likely will contest the claims in the courts. The department, it is said, will raise the point that as the railroads sought protection of the troops, they have no right to regard them as erdinary passengers.
The Machias sailed from New York this

morning under orders to join the Asiatic squadren. She will stop at the Azores, ibraltar, Suez, Colombo and Singapore. The report of Paymaster General Edwin Stewart, of the navy, for the past fiscal year is a document of considerable interest. It presents a complete exhibit of the financial affairs of the department. Among other items, it is shown that during the period covered by the report the cost of the United states cruiser Chicago (2d rater) was \$310,-613; the United States cruiser Yorktown (3d rater), \$169,907, and the United States steamship Petrel (4th rater), \$103,502. These figares afford an approximate idea of the cost of maintaining vessels of the different classes. The cost of the New York navy-yard was \$54,341. This includes only the cost of officers and clerks and of labor and material applied to the erection, repair, care and preservation of the wharfs, buildings and docks. The regular Cabinet meeting did not take

place, owing to the absence of the President. When returning to his home at Woodley last evening from a walk, he trod on a small round stone, which rolled away, causing sprain of one ankle. The sprain is slight ut because it was sustained by a foot which had been afflicted by gout, it was so painful that walking was not easy. Mrs. Cleveland drove in this morning and informed the members of the Cabinet. The President is getting along nicely, but walking is still painful, and he would not make the trip: The indications are that the present Govrnment loan of \$50,000,000 will not only prove a complete success, but that the aggre rate of the bids will be far in excess of the amount of the bonds to be sold. As fast as received the bids are immediately placed, in-opened, in the treasury vaults, so that it s impossible to know, in advance of the general opening on next Saturday at noon. he names of the bidders, the amounts bid for, or the prices offered. The number of envelopes bearing the legend "Proposals for the Purchase of 5 cent Bonds." which is be ing received at the treasury, is far in excess of the number received for the February issue, and the number of requests for blank forms of bids is far beyond expectation. The amount of gold withdrawn to-day from the sub-treasury at New York in exchange for currency, presumably for the purchase of bonds, was \$1,600,000, of which \$900,000 was taken by the Central National oank, \$300,000 by Watson Bros., and \$400, 000 by the National Bank of the Republic on account of customers. The work of getting out the new issue is progressing rapidly. The bureau of printing and engraving is sending over an invoice of new prints each day and it is now expected that everything will be in readiness when the

The Burial of Dr. McCosh. PRINCETON, N. Y., Nov. 26 .- The body of Dr. McCosh was laid to rest in the Princeton cemetery this afternoon with simple but impressive ceremonies. The under graduate body of the students, numbering more than 1,000, marched to the McCosh residence and escorted the hearse to the Marquand chapel. The trustees and faculties of the college and seminary, attired in academic dress entered the chapel immediately before the coffin. President Patton opened the service with a short prayer, which was followed by a hymn and reading of scripture. Dean Murray followed with a eulogy of the Christian character of the ex-president. Dr. Henry Van Dyke, of New York, delivered an address sketching the life of Dr. McCosh. The Rev. Dr. John Hall offered prayer, after which a quartette of the University Gles Professer Dunield prongunced club sang. Prof At the grave President Pation offered prayer and the Rev. H. G. Another story that hurt the market at this time was to the effect that the Chicago and Northwestern directors at their meeting on November 27th next will reduce their dividend rate. Nothing official could be obtained. The heaviness of the Grangers in the last hour led to selling of the general list and for a time the whole market sagged American Sugar, however, was the first to recover and sold up to 90, after declining from 891, against 901 earlier in the day. The support accorded this stock was much commented upon to-day and it was hard to trace the source of the orders. Some had i that a pool had been formed on Washington rumors that there would be no tariff legislation this session. In trade circles, however, it is contended that the absence of business is the main source of the troubles and until the demand quickens, a bull campaign cannot be successful carried through. Chicago Gas rallied to 74½ and receded to 73¾ to 73¾. At one time the stock commanded a slight premium for use. Owing to the rally in Sugar, the market left off steadier in tone. Net changes

Mr. Meacham was killed, as was also Patrick Lacy, aged 57 years, the watchman at the erossing, who had seized the horses' heads and endeavored to back them from the track. Mrs. Meacham received a fractured skull and died shortly afterward in the Germantown hospital. Mrs. Smyth was slightly njured. Both horses were killed outright and the vehicle was smashed to pieces. is supposed that Mr. Meacham, who was driving the team did not hear the approaching train and was not aware of the until he had driven upon the track. Engi neer Morris Lacy states that he did not see the team until within two car lengths of the crossing. He then saw the horses on the track with the watchman at their head endeavoring to back them. The engineer blew the whistle and reversed the locomotive but the collision could not be averted, and the watchman and the team were struck and hurled some distance away. Testimony of an Infidel Subject of MEMPHIS, Tenn., Nov. 20.—The question of the inability of Butch McCarver, the lynching case, was discussed in the criminal court to-day. Judge Cooper held that he had not concluded that McCaryer was in-competent, though he had avowed his ununbelief. McCarver was brought out of jail and re-examined, but he persisted in all hig statements of yesterday. Dr. I. S. Willi-ford swore McCarver had told him of his nfidelity several years ago. Sheriff Mc-Carver was placed on the stand. An attempt was made by the defence to make him admit his son's deprayity. He broke down and wept. He said he had tried to raise his boy properly, but admitted that it was a failure. If McCaryer is declared to be incompetent the case will fall through, as the entire theory of the prosecution is based on his confession of the invition he had from Smith and others to join the party of lynchers. Further arguments on the admissibility of the witness' testimony were heard this afternoon.

SENATORIAL TIMBER.

TEN REPUBLICANS AND TWO POPULISTS CANDIDATES.

Lady's Tribute to Chief Justice Shepherd - Trying to Settle the Market House Dispute-Negro Burglars Taken to Northampton-Preachers Disputing Over the Doctrine of Sanctifi-

MESSENGER BUREAU, RALEIGH, N. C., Nov. 20. Ex-Congressman J.M.Brower is an avowed andidate for the United States Senate. It is mighty easy to be a candidate, but mighty hard to get the place. There are now ten candidates who have come out of the woods to show themselves, and no doubt others are concealed in the shrubbery. These are Republicans. Only one Populist, other that Mr. Marion Butler is named, this being Mr William A. Guthrie.

Governor Carr appoints Dr. W. P. Bell, of Greensboro, a member of the State board of health, vice Dr. H. T. Bahnson, of Salem, resigned. Howard Alston, of Halifax county, is appointed a notary public

The sheriff of Hyde county to-day brought

a convict to the penitentiary, to serve ten years for larceny. On the Supreme court bench, in front of Chief Justice Shepherd, this morning, there was a vase of superb chrysanthenums, bearing the card of a lady, with this quotation: "Victrix, Causa Deis Placuit, Sed Victa

It will be but a little while before the familiar face of the chief justice will be missed from the bench.
In front of the headquarters of Mr. Otho Wilson, the People's party agitator, is a card with the words "People's Party Headquarters." In this county Wilson did a great deal of hard work for fusion. If he heard that one of the Populists was weakening, he hurried to him and sought to revive his faith. Few people know this man's energy or how great an agitator he is. This evening the referees on the part of the city and the contractor who made alterations and improvements of the market house, met with their arbitrator to see what could be done in the way of settlement, Ever since August 20th the city has been

without a market. There is a great deal of feeling in regard to the matter. This morning the three negro robbers who gave their names as Burston, Carlisle and Garver, were taken to Jackson, Northampton county, to be placed in jail. The evidence of their robberies at Seaboard and Garysburg is direct, stolen clothing having been found on their persons. The ev against them here was not very direct, save the case of one. Within two weeks work on the new roller

flouring mill here will begin. There has been some months delay. Great numbers of patridges are brought in here and sold. Wagons from Chatham county are begining to bring rabbits. The sales of rabbits here are very large, and strange to say, Chatham furnishes almost the entire supply. The rabbit is sometimes called the "sand horse," though how this name originated it would be hard to say. The revival at the Baptist tabernacle here conducted by the Rev. Mr. Adams of Reidsrille, ended this evening.

The theological dispute over the doctrine "sanctification" continues. One Methodist preacher declares his belief in 'instantaneous sanctification" and says he was sanctified two years ago. Another Methodis

pastor declares that the profession of sanctification is the best evidence one is not sanctified. Doctors differ-theologically as well as medically.

Found Dead in His Bed. Jacksonville, Fla.. Nov. 20 .- Owen J. H Summer, United States district attorney for the Southern district of Florida, was found dead in his bed this morning at 6 o'clock. His death resulted from heart failure. He was also United States attorney of the United States Court of Appeals at New Orleans for the prosecution of all United States cases arising in Florida. He was Past Grand Chancellor of the Knights of Phythias of Florida. The deceased was one of the most eminent criminal lawyer in the State and at the time of his death was only 34 years of age.

Paris, Nov. 20.—The committee of the Chamber of Deputies to which the matter vas referred has made a report acceding to the demands of the Government for a credit and exchange of sanction to the French expedition against Madagascar.
