Patriots Pass Resolutions of Condemnation of the Legislature. WHITAKER, N. C., March 9.

To the Editor of the News and Observer: At a meeting of the citizens of Whitaker, Edgeçon be county, N. C., held this day, the following preamble and resolutions condemning the action of the North Carolina Legislature were adepted:

WHEREAS, In the fusion House of Representatives, so called, but which in no sense represents the true spirit and feeling of the people of North Carolina, now polluting the Capitol at Raleigh, with their ignorance and deviltry where in other days such men as Badger, Graham, Mangum, Morehead, Vance, Ransom, Steel, Jarvis and others shed the luster of their learning and integrity in sustaining the honor and fair fame of North Carolina, a set of political miscegenationists, utterly lost to all sense of decency, did refuse to adjourn their session on the 19th day of January last, in honor to the memory of Robert E Lee, yet a former Legislature had made the same a legal holiday, and on the 21st day of February refused also to recognize the anniversary of the birthday of George Washington, but did, with shameless disregard of the feeling of the people of the State, pass a resolution expressing the regret of said House at the death of Fred Douglass, a negro to whom North Carolina owed no debt of gratitude or respect, and that when the House adjourned it should be in respect to said dead negro, and cause the same to be spread upon the journal of the so-called House of Representatives to the disgust of all good people in the State of North Carolina, therefore be it

Resolved, That we desire to and do hereby, in the most unqualified manner. express our profound indignation at the action of the aforesaid fusionists in the tempt for those persons who bring about this humiliation and disgraceful state of

Resolved, further, That we regard the aforesaid action as an insult to every good North Carolinian, and that we will resent the indignity and hold up the authors thereof to the scorn and contempt of the civilized world, and that we shall hold responsible for this shame fastened upon our good State every man who directly or indirectly encouraged the political resolution, or any such schemes and acts of the present Legis-

Resolved further, That while our heads are hung in shame, and our hearts surcharged with indignation at the cowardly dragging of our beloved old mother at the chariot wheels of, a dead negro. we still cling most fondly to our native land, and exclaim with the Psalmist: "If I forget thee, O Jerusalem, let my right

hand forget her cunning ' Assolved, That we take the occasion to warn our fellow citizens against toying with a deceitful Fusion, and do stand fast upon the Democratic principles as

handed down by the inthers. Resolved, That in this deep humiliation we are checred by the unanimous vote of the Democrats in the North Carolina Legislature against the shameful resolution, and hereby extend to them our heartfelt thanks therefor.

Resolved. That a copy of these resolutions be sent to the News and Observer and Tarboro Southerner, with request that the Caucasian and Wilmington MESSENGER and Star copy.

There are 306 under graduate collegiate students, 33 law students, 5 medical students, 9 graduates of colleges, candidates for advanced degrees; 40 students in the summer law school, 62 students in the summer schools of geology and biology. The States represented are Alabama, Georgia, Kentucky, Michigan, New York, North Carolina, South Carolina, Tennessee, Virginia, Vermont and Texas. There are 40 classes in the university persuing advanced elective swork in 18 different departments nstitution is specially strong in conducting advanced work and training students to make original investigations. The report also shows a remarkable spirit

f economy, and a strong manly system of self help among the students. About 30 young men support themselves partly or wholly by labor, while at the same time pursuing their studies, and over one 100 are living on money previously earned by themselves. The average expense of iving is about \$250, and some reduce their expenses to less than \$100. One hundred and twenty-six students have scholarships, and loans have been made to 55, amounting to nearly \$5,000. The money for loans was donated by Rev. Charles F. Deems and Wm. K. Vanderbilt.

Two bequests have been made during the ear: one of \$11,000 by Mrs. Mary Morgan Mason, granddaughter of one of the farmers who gave the land on which the university is located, and one of \$10,000 by Mrs. Mary Bryan Speight, whose father, John H.

SAVANNAH, Ga., March 14-The yacht Pedro Pablo, which arrived here yesterday from New York via Norfolk and Wilmington, is lying at the Rourkes dock undergoing repairs and will sail as soon as the repairs are completed. There is no suspicion attached to the yacht and she is not under surveillance. She is a new vessel and is being taken to Cuba by Capt. Greenwood, under contract to be used for towing logs. As is customary with all arrivals of southbound yachts, she was inspected by the customs officers. Her Spanish name and the fact that she is on her way to Cuba gave rise to a rumor to-day that she was to take on board a number of suspicious boxes lying at her dock. The customs authori ties were sent for and the boxes were found to contain steam pipe belonging to a repair shop. Neither the customs authorities nor the Spanish Consul here have received any instructions in regard to either the Pedro Pablo or the British steamship Elliott, which has cleared for Costa Rica for fruit. The Elliott has been running between Savannah and Bluefields for a year until a couple of months ago when she was laid up awaiting a charter. The customs authorities are annoyed by sensational reports that have been, sent out from here in regard to the alleged suspicious character of the vessels.

Democrats out-generaled them vesterday. Representative Williams, Republican, of Craven, tells me some history. He says the House journal actually showed that a bill to amend the charter of the Atlantic and North Carolina railway had passed the House and been ordered enrolled; the fact is, passed its second reading and that Williams, co-operating with the Democrats,

prevented its third reading. He discovere the entry regarding the bill in the clerk's To office and struck it off. He tells me that two weeks ago the fusionists made their plan to grab this road and Senator Grant was to be State proxy and he, Rice, Abbott and Duncan were to be directors. The arrangement for the grab of the North Carolina railway was that Senator Moody was to | city police bills, Senators Cantor and Bradbe State proxy. Afterwards George Smathers' name was put in. This bill was tabled in the Senate.

Yesterday morning in the House when Ray and the Speaker had an altercation, Ray wanted the journal read. The clerks said they could not find it. Rebels Gathering in Great Force-A Half Caste Indicted for Charging the Novelist Stevenson With Farnishing Arms to the Hebels.

San Francisco, Cal., March 14.-Correpondence of the United Press, per steamer Arawa: Apia, Samoa, Feb. 27th.—The rebel party has gathered in great force at Leulumoega, on the Aana. They are 3,000 strong and well supplied with arms and ammunition. They are to meet in council to-day to determine the course to be pursued. It will doubtless be the usual programme; impos-

sible demands made up on King Malietoa in reference to his abdication, or a suggestion of divided authority. These being naturally leclined, war will ensue without any doubt whatever. The missionaries from the outying stations say that nothing is being planted and that nothing in the nature of work in any way is being done. A half caste named Taylor recently circulated a report that the late Robert Louis Stevenson was some few months ago in ome way connected with the importation

Seafto, killed on the road, had lately come from Italy, where he left a wife and four children. He had taken out first papers. Francisco Bonchetto, killed in jail, was an Italian citizen, unmarried and 30 years old. Antonio Lorenzo, killed in jail, was an Italian citizen unmarried and 25 years old Of the others, Giaccibino and Vittar had taken out first papers. Mr. Guneo, acting Italian consul, started for Walsenburg tonight, having received instruction from the Ambassador, Baron Fava. The message received from the Ambassador was in Italian and the only interpretation the doctor would give was that he had instructions to start for

Walsenburg at once. "I am ready to go," he said, "and will enleavor to carry out the instructions of my Government. Winchester Under Arms. WINCHESTER, Va., March 14-For the second time since the war Winchester is practically under military control. On the 5th instant Thornton Parker, colored, was arrested for attempted criminal assault on Mrs. Melton, a respectable married ladv. near Middletown, this county. The details of the crime are disgusting. Parker, after being fully identified as the assailant, was lodged in jail here and indicted on Monday by a special grand jury and his trial set for to morrow. Threats of lynching have been made and the negroes of this city have expressed their intention to rescue the negro and burn the town. Suppressed excitement and indignation have been manifest for several days, especially when the negroes paraded the town in groups on Tuesday night and were disbanded by the police force. The municipal officers, therefore decided to place the city under military pro tection to-day. Three companies, seventy five men of the Second Virginia regiment under Col. J. C. Baker, arrived here on the 7:30 p. m. train and are virtually in charge. Everything is quiet at 8 o'clock to night and the presence of the troops will probably prevent any further disturbance.

New Orleans' Mayor Acquitted. NEW ORLEANS, March 14.-Judge King, (the Civil District, rendered his decision this morning in the impeachment proceedings against Mayor Fitzpatrick, which he has had inder advisement since the arguments were heard some days ago. The opinion is lengthy and comprehensive and deals with the case thoroughly. The summing up is a complete vindication of the mayor and acquits him on every charge of misfeasance and malfeasance,

AGAIN THE VICTOR.

THE AILSA SAILS AWAY FROM THE BRITANNIA.

The Race a Thirty Mile Triangular Course Off Cannes-The James Gordon Bennett and Ogden Goelet Cup the Prize-The Ailsa Shows the Britan-

hia Her Heels From Start to Finish-Increasing the Lead.

CANNES, March 14.—The thrice postponed race for the James Gordon Bennett and Ogden Goelet challenge cup No. 1, for all yachts over twenty tons, was sailed to-day over the old triangular course from Cannes to a mark boat off the Island of St. Honorat, thence to a mark off Point d'Aguille and back to the starting point, three times around. The total distance is about thirty miles. The starters were the Ailsa, the Britannia and the Corsair, and again the new boat proyed her superiority over the Prince of Wales' cutter.

The promenade and the yachts in the harbor were filled with eager sightseers and the interest in the race generally was greater than in any previous contest here. The French rules governed the race, and according to the French measurements the Price, Ailsa allowed the Britannia one minute and 34c gating committee was held in the Senate thirteen seconds, and the Corsair nineteen Judiciary room late this afternoon. The minutes and forty-two seconds. The wind was very light from the southwest and the sky was clear. When boats came up to the starting mark they carried all their head sails and working top sails. The Corsair was first to cross the line and head for the St. Honorat mark. The times of starting were as follows: Corsair 11:00:21, Ailsa 11:00:39, Britannia 11:01:07. Colored and Black Danish Cloth, 121c After crossing the line it was a beat of two miles to the St. Honorat mark boat. The Fancy Crepons, Corsair tacked first and the Ailsa next. The

Britannia kept on further and went about ten seconds after the Ailsa did. The Ailsa had drawn away from her competitors and upon reaching St. Honorat clearly showed the effect of her having lessened her ballast since her previous race, in the manner in which she had gained on the light wind The times of rounding St. Honorat mark were: Ailsa 11:32:27, Corsair 11:33:00, Britannia 11:59:48. From the St. Honorat mark it was a broad reach of four miles to the Point 65c

d'Aguille mark, and the Ailsa increased her lead so that upon rounding the mark e minute and fifty-five seconds ahead of her rival, while the Corsair was far astern. The times of rounding this mark were: Ailsa 11:54:55, Britannia 11:56:50, Corsair 12:00:15. From the Point d'Aguille mark the yachts had a long leg and a reach for the club house. On this reach the Ailsa still further increased her lead and rounded the club house mark two minutes and one second ahead, the boats turned in this order: Ailsa

12:25:06, Britannia 12:27:57, Corsair 12:34:00. The Ailsa was sailing splendidly and on the second run to St. Honorat she still further increased her lead. The mark boat was turned as follows: Ailsa 1:07:50, Britannia 1:11:00, Cosair 1:28:00. Thus the Ailsa was three minutes and ten seconds ahead of the Britannia in beginning the run home on the second round. The Ailsa was six minutes and thirty-three seconds ahead of the big cutter when she turned the mark boat to make St. Honorat for the third and last time, and continued to gain throughout the remainder of the race. The new boat made a splendid run to Point l'Aguille, which the boats passed as follows: Ailsa 2:19:19, Britannia 2:28:34. The run home from Point d'Aguille was much like the race had been throughout, the Ailsa steadily drawing away from the Britannia, and the Corsair hopelessly fall-ing in the rear of the Britannia. The lead-

according to these figures, won by thirteen minutes, thirteen seconds, actual time, and by twelve minutes, conceding one minute and thirteen seconds to the Britannia. Lynchburg, Va., March 14.—Holt, Schaefer & Co., large tobacco dealers, made an assignment to day; liabilities represented to be

ing boats crossed the finish line thus:

Ailsa 2:47:31, Britannia 3:00:44, The Ailsa
