Conference of Silver Senators-To Push Free Silver Coinage-Not to Organize the Senate on Free Silver Basis-The Republican Senatorial Caucus. The Question of Organization-Public Debt State-

Washington, Dec. 2-Secretary Carlisle to-day sent Congress estimates submitted by the several Cabinet officers of money required for conducting the Government for the fiscal year ending June 30, 1897, amount. ing to \$418,091,073. The appropriations made for the present fiscal year, ending June 30, 1896, amounted to \$412,753,284. Among the mass of detached estimates noted are improving harbor at Charleston, S. C. \$100,000; improvement of the harbor at Galveston, Texas, \$1,140,000; for expenses at Norfolk, Va., navy yard, \$75,750; naval station at Port Royal, S. C. \$338,182; dry | two remained, and carried out the orders is dock at Algiers, La., \$100,000, total cost of which will be \$1,250,000; public building at

free coinage of silver was held this morning in the Marble room. There were present about fifteen Senators, made up of Republicans, Democrats and Populists. Promiart Call, Allen, Tillman and Mantle. The conference was called for the purpose of enabling those favoring silver to subject in an inutline a formal plan of campaign. The spirit that animated those present, however, showed that they intended to keep up the fight in the Senate as vigorously as they have in the past. The President's message is bound, Mr Teller says to open up a dis cussion of the financial question and there can be no discussion of that question, he as serts, without a discussion of the free c in age ques ion. It was agreed that no poin manner the silver question should be forced to the front whenever the opportunity pre sented itself. Another conference will was some talk on the part of a few of the more ardent silverites of attempting to organize the Senate on a silver basis, but this was not taken seriously. It is not The silver men will content them selves with the capture of the Finance com mittee, they having held this committee during the last Congress. The Republicans will enter no protest to this plan, for the oclamation declares no longer in favorable to free coinage and any action the committee might take if it were made by the gold standard men, would meet with prompt revision in the Senate when the body took a vote. The Western silver men appear to favor the selection of Senator

Wolcott, of Colorado, for the vacancy caused by the retirement of Senator McPher The Republican Senatorial caucus, after brief session of half an hour, adjourned ntil Wednesday without having acc mlished anything beyond the continuation office of Senator Sherman as chairman and Senator Dubois as secretary. The cau were not in any hurry to take up the work of reorganizing the Senate. The suggestion was made that a candidate for President pro em, of the S-nate be made, but this was combatted on the grounds that when that was done the caucus should be ready to put forward candidates for the other eleven disposition on the part of the Republicans o nominate a ticket for all the offices, and t is believed that this will be done at the

The comparative statement of Government receipts and expenditures for the month of November and the five months of the fiscal year to date was issued by the freasury Department to day. The deficit for November is \$1,212,780 and for the five months of the fiscal year, \$15.869 327. The receipts for November were \$25,986 503 and the expenditures \$27,199 283. As compared with November 1894 the receipts for last month show a gain of nearly \$6,000,000 while the expenditures are \$1,250,000 less than for November 1894. For the five, months of the current fiscal year the receipts are \$141,270,116, which is \$3,750,000 greater than for the cor responding five months of 1894. For, the same period the expenditures have been \$157,148,443. The receipts for November were nearly \$2,000,000 less than for October last and the expenditures \$7,000.000 less, due to interest payments in O tober. Customs receipts for the five months of this fiscal year are \$12,000,000 greater than for the corresponding five months of 1894 Isternal Revenue Commissioner Miller has

Dispute Over Territory in Guiana. Hostilities of the Uncrowned King Vega Cabral-The Situ-

ation Critical. Georgetown, Demerara, Nov. 19-Latest advices from the contested territory between Brazil and the French Guiana report that Vega Cabral, the uncrowned King and autocratic ruler of Counani, Carsevnne and Mapa, continues his open hostility toward of them in captivity. It is now announced that Evariste, who piloted the French gulboat Bengoli to Amapa and who, it was reported had been burned at the stake by order of Cabral, did not die It appears that Cabral had given the order for the man to be burned and he was prepared for exechion He was ned to a stake, the wood about him was lighted and he became unconscious from his torture, which gave rise to the statement that he had perished. I appears, however, that when he lost consciousness Cabral ordered the fire quenched and that . fforts he made to restore Evariste These efforts were finally successful and Evariste was committed to prison. The situation is now considered mos critical and the official, as well as the public opinion is that now at all points of the contested territory the lives of French subjects will be seriously imperiled if the Govern ment does not take resolute military steps to occupy the whole of these regions or at least break the power of Cabrat Should the National Government at Paris delay much longer to take the necessary steps in this matter the people of Cayenne will themselves undertake the task of taking yen_eance upon Cabral and an expedi tion, the cost of which will be defrayed by public subscriptions and probably sugmented by colonial funds, will be dis patched to Mapa to avenge the death of those who have been sacrificed by Cabral. to liberate, if p seib e, those French subjects now held as prisoners by Cabral and to asser the rights of the Guianese to inhabit, on equal erms at l-ast, with Brazilian subjects, the contested territory.

The Sun's Cotton Review. New York, Dec. 2 -The Sun's gotton review says: Cotton fell 7 points, recovered points of this, then dropped a points net and afterwards recovered 3 to 5 points, making the actual decline for the day 4 to 5 points, closing steady, with sales of 226,200

To day's features were: Weighed down by unfavorable Liverpool news, large receipts, declining spot prices, dullness of dry goods owing to the mild weather, selling for local and Southern account partly on stop orders, bear hammering and an absence of aggres-ive speculation in the intere t of better prices, the market fell to-day At one time there was a rally owing to the covering of shorts and some new buying by the South, but later on the price again dropped under the weight of liquidating sales. Still later, there was however, a rally which left the net decline for the day comparatively small. It is true that the ports and the interior towns got more cotton han expected; that the estimates for New Orleans and Houston to morrow were large; hat the European political news was more or less disturbing and that there is at the moment no activity in the speculation nor any attemptson the part of the friends of cotton to force the price upward. Yet the fact remains that there are still plenty of friends of cotton and they do not regard the situation as unpromising by any means. The reason that while the receipts may temporarily increase, the movement in September is not likely to be large. The total receipts ev n for this week are not esti mared at over 215,000 bales, against 352,000 a year ago and 313,000 in 1893 to be brought into a ght this week cannot yery well exceed 300,000 bales against 367, 000 in 1892, when the crop was only 6,700,-000 bales Still the fact that the port receipts this week are expected to be 20,000 bales larger than last week and that those at the nterior towns promise to be perhaps a little larger than last week, is not without influence at a time when the speculation is at a low ebb and smaller holders show signs of discouragement. However, the bulllook for a better state of things in the not very distant future and as yet the South shows no great anxiety to sell spot cotton.
