The Honorable J. F. Greer, one of the best known and most highly respected county Judges of the State of Florida, writes of his horrible sufferings from Inflammatory Rheumatism:

OFFICE OF J. F. GREER, COUNTY JUDGE, Green Cove Springs, Clay Co., Fla. GENTLEMEN: Twenty-three years ago I fn the land. I visited the great Saratoga Springs, N. Y., the noted Hot Springs of Arkansas, and many other watering places, always consulting with the local physicians for directiens, and finally came to Florida, ten years ago. About two years ago I had a severe stack of rheumatism, was confined to my room for twelve weeks, and during that time was induced to try P. P. P., Lippman's Great Remedy, knowing that each ingredient was good for impurities of the blood. After useing two small bottles I was relieved. At four rent times since I have had slight attacks and each time I have taken two small bottles of P. P. P., and have been relieved, and I con-sider P. P. P. the best medicine of its kind. Respectfully, J. F. GREER.

James M. Newton, of Aberdeen, Ohio, says he bought a bottle of P. P. at Hot Springs, Arkansas, and it did him more good than three months' treatment at Hot Springs.

Rheumatism, as well as sciatica and gout, is cured by a course of P. P. P., Lippman's Great Remedy.

P. P. Lippman's Great Remedy, is a friend indeed to weak women. It is a positive and speedy cure for general weakness and nervousness. All skin diseases are cured by it; anything from pimples to the worst cases

of eczemas succumbing to the wonderful healing powers of P. P. P. Dyspepsia and indigestion in their worst form are cured by it. As a tonic to restore the appetite and to regain

lost vigor, it is simply marvelous. P. P. P. is the best spring medicine in the world. It removes that heavy, out-of-sorts feeling and restores you to a condition of perfect physical health. For Indigestion, Sick and Nervous Headache, Sleeplessness, Nervousness, Heart Failure, Fever, Chirls, Debility and Kidney Diseases, take P. P. P., Lippman's Great Remedy, the most wonderful medicine in the world

New York, March 29.-The depression in the markets for securities on the the west about rate cutting and also by advices from London and the continent of a more warlike feeling on the eastern question. The bears had the upper hand and pushed their advantage with vigor, being encouraged by the receipt of numerous selling orders by commission houses from Philadelphia Boston, Chicago and other cities. The decline in prices ranged from 1/2 to 31/4 per cent. and as the downward movement made progress, many stop orders were executed. Missouri Pacific was singled out for special attack on the reports current that the company had taken the initiative in rate cutting by making a reduction from the regular schedule charges on eggs. This story afterward met with an emphatic denial by President George Gould, who also pronounced the rumors about a receivership for the company as being vithout the slightest foundation in fact. Before the receipt of Mr. Gould's denial however, Missouri Pacific had dropped 31/4 to 141/2. Other marked declines in the early trading were 2% in Rock Island, 1% in Burlington and Quincy, 21/8 in Northewestern, 1% in St. Paul, 11/2 in Jersey Central, 1% in Sugar, 31/2 in American Spirits, preferred, 2 in Atchison, preferred, 1% in Tobacco, 11/2 in ports to Great Britain 872; to France Omaha and 1% in New York Central. During the afternoon, in addition to the denials concerning Missouri Pacific came the February statement of the Chicago, Burlington and Quincy, which showed a large increase in surplus as compared with last year, and the an-

nouncement of an advance of 1-16 to 1/8 in certain grades of refined sugar. The advances that followed were equal to 1¾ in Lake Shore, 2½ in American spirits, preferred, 1% in Jersey Central and 14 to 114 in the remainder of the the close, however, the Grangers developed renewed weakness, but the remainder of the list held firm and the improvement noted was well maintained. The Grangers closed with only fractional recoveries, and in the show declines of 1/4 to 25% per cent., Rock Island leading. Lackawanna gained %, Manhattan ½ and Jersey Central % per cent. Total sales of stocks were 328,346 shares, of which 52,-00 were Sugar, 37,200 St. Paul, 19,200 Chicago Gas, 10,000 Tobacco, 16,800 Missouri Pacific, 16,100 Reading, 15,600 Burlington and Quincy and 11,500 Atchison, preferred. The bond market was active

and weak today. The transactions aggregated \$1,602,000 Rheumatism Cured in a Day. "'Mystic Cure" for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. T. F. Anthony, Ex-Postmaster of Promise City, Iowa, says: "I bought one bottle of 'Mystic Cure' for Rheu-

matism, and two doses of it did me more good than any medicine I ever took."75 cents and \$1.00. Sold by J. H. Hardin, druggist, Wilmington.

The Chicago Markets. Chicago, March 29.-Wheat was dull oday, but, withal, strong. The activity of trade was explanatory of the inability of prices to make much headway in the direction of the improvement; that no loss was sustained was considered eminently satisfactory, in view of existence, the slow condition of speculation. The news was in most particulars favorable to the bulls. Cash wheat was firm and lightly higher. Corn manifested much firmness all through the session. Cash corn was

irm and 4c higher, Oats found motive for improvemen n light receipts, and the upward tenlency of wheat and corn. The weather forecast of rain, which will further retard seeding, was a firming influence. Cash oats were firmer and 4c higher.
