WILMINGTON, N. C.

SUNDAY, APRIL 25, 1897.

Base Ball.

Washington, April 24.—Norton was able to keep the visitors' hits scattered today, with the exception of in the third inning. This together with the loose fielding of the Brooklyns gave Washington the game. Attendance 2,500. The score:

Washington 10 0 0 3 0 2 1 1 *—8 11 4
Brooklyn 1 0 0 3 1 1 0 1 0 0—6 15 5
Batteries: Norton and McGuire; Kennedy and A. Smith. Umpire Hurst. Time 2:05.

Baltimore, April 24.—The Champions succeeded today in making it three straight from Boston. It was clearly a pitchers' battle until the seventh inning, when Klobedanz gave out. Duffy's running catch of Robinson's long fly to left in the eighth was a feature of the game. Attendance 5,000. The score:

Baltimore 0 0 1 0 0 0 5 1 *—7 10 3
Boston 0 0 0 0 0 0 0 1 0—1 8 2
Batteries: Corbett and Robinson; Klobedanz and Yeager. Umpire Lynch. Time 2:08.

Philadelphia, April 24.—The Phillies whaled Joutet Meekin mightily today and defeated New York, hands down. Their record was seventeen hits with a total of twenty-six. The game was an ordinary one, and outside of the local club's hitting, the only noteworthy feature was LaJoie's individual batting. Attendance 12,762. The score:

Philadelphia 2 1 2 2 0 3 0 3—12 17 6
New York 0 1 0 1 0 1 0 0 0—4 9 6
Batteries: Carney and Clements; Meekin and Wilson. Umpire Emslie. Time 2:15.

Cincinnati, April 24.—Good fielding and timely batting won the game for the Reds today. The Colts again started off as sure winners but finished weak. Not an error was made by either team. Attendance 5,000. The score:

Cincinnati 0 0 1 1 0 0 2 *—4 8 0
Chicago 1 0 1 0 1 0 0 0—3 8 0
Batteries: Damman and Peitz; Denser and Kitzridge. Umpire Sheridan. Time 1:35.

Louisville, Ky., April 24.—The Indians were defeated again today in a slow but interesting game. The score was close until the ninth inning when the Colonels batted out four runs and clinched the victory. Burket was out out of the game in the first and O'Connor in the ninth inning by Umpire McDermott, for abusive language. Attendance 3,500. The score:

Louisville 2 0 1 0 2 0 0 4—9 2
Cleveland 1 0 1 1 0 0 0 0—3 3 5
Batteries: Hill and Dexter; Cuppy and O'Connor and Zimmer. Umpire McDermott. Time 2:15.

St. Louis, April 24.—Unfavorable weather kept down the attendance at Sportsman park today and the game was called in the eighth inning with an account of rain. Hawley's wild pitch, giving eight men first base and the Brown's five hits, out of which they scored five runs, won them the game. Attendance 800. The score:

St. Louis 3 0 0 1 1—3 9 2
Pittsburg 0 0 1 0 0—1 5 2
Batteries: Harle and McFarland; Hawley and Merritt. Umpire McDonald. Time 2:15.

VIRGINIA LEAGUE.

Richmond, Va., April 24.—Forty to six. That was the score by which the Bluebirds defeated Newport News today. Score:

Richmond 11 0 0 1 4 1 0 6 9—40 24
Newport News 0 0 2 0 0 0—9 15
Batteries: Chesbro, Stultz, Scmidt and Schabel; Host, Enright and Blandford. (Eight innings.)

Norfolk—R. H. E.
Norfolk 3 0 5 2 4 1 5 2—25 25 3
Richmond 3 0 0 0 0 1 0 0—4 8 8
Batteries: Gilroy, Newton and Hayden; DeCamp and Hirsch.

Atlanta Has Another Defaulter.

Atlanta, Ga., April 24.—A profound sensation was created today by the announcement that Harry W. Cassin, cashier of the Georgia Loan, Savings and Banking Company, had misappropriated some \$45,000 of the funds of that institution. Cassin has always been known as a young man of exemplary habits and fine business qualifications. He applied the funds of the bank to private enterprises in which he wished to invest and lost all. He sent good money after bad until finally his defalcations reached the sum already stated and discovery followed. The friends and relatives of the young man have made up the shortage and the bank will not lose a dollar of the sum stolen. Young Cassin will not be prosecuted. His connection with the bank ceased yesterday and he will begin life anew in Atlanta.

The Inter-Collegiate Races.

Philadelphia, April 24.—The great inter-collegiate and inter-scholastic relay races, which the college world has been anticipating for so long, were run at Franklin field today under the auspices of the University of Pennsylvania. The track was four laps to the mile. While but one record was broken, the inter-collegiate one mile walk, the events were most successful, both in attendance and good heady work on the part of the contestants. Thirty-eight college teams and forty-one preparatory school quartettes were entered, and in addition to this, three championship events between the big colleges were decided. Pennsylvania carried off the honors in two of these, defeating Brown university in the two-mile championship relay and Yale in the four-mile championship relay. In the former, Yale was scheduled to take part, but withdrew, while in the four-mile Carlisle Indians and Georgetown were scratched, leaving Pennsylvania and Yale the only contestants.

THE KENTUCKY SENATORSHIP.

The Squabble Continued in the Legislature—Deboe Knifed in the Ranks of His Party—Great Excitement in the Legislature.

Frankfort, Ky., April 24.—The biggest crowd of the extra session assembled in the house of representatives shortly before noon today—the hour for the joint session, at which it was expected that the long and tedious wrangle would be ended by the election of W. J. Deboe, to the United States senate. All during the morning there were rumors to the effect that Senator Linney of Louisville, who was one of the bolters in the Hunter race, would not be present and that Representative Lieberth of Newport, also would be missing, both without pairs. This caused the republicans great uneasiness. To add to this, the gold democrats held a caucus at noon and decided to assist the silver democrats in an effort to break a quorum.

When President Worthington took the chair shortly after noon, there was a strong smell of fire and there was great excitement for a time, but it was quelled by the prompt action of the officers of the house, who appointed a committee to ascertain if there was a conflagration in progress in the state house. No fire could be found except some paper burning in a corner and the excitement subsided. Governor Bradley appeared on the floor with Congressman Colson and others of his friends and this fact, in itself caused some uneasiness among the Deboe men, as it was the first time the governor has been on the floor since the extra session convened.

Just before roll call Representative Lieberth appeared, but Senator Linney declined to answer.

One sound money democrat replied but this was offset by Lieberth, who was present and declined to answer to his name. The roll call showed 68 present, necessary to a quorum 70. A call for the absentees was demanded, and the Deboe men crowded about Linney and Lieberth in an endeavor to control them. Linney finally answered, but Lieberth left the room, leaving only 69 present.

Senator Bronston, democrat, moved an adjournment, but President Worthington overruled him and said that a ballot must be taken, quorum or no quorum. When Senator Linney's name was reached he announced that he was paired with Senator Henry L. Martin, who has been urged as the compromise candidate of the democrats. Only 66 voted, which left Deboe four short of an election, and a call of the absentees was demanded. This was productive of nothing to Deboe's benefit as the ballot was finally announced stood: Deboe 66; no quorum and no election.

There was a scene of the wildest excitement when it finally became known that Deboe had been knifed and the galleries, and even the members of the legislature lost their dignity for a moment. An adjournment was moved and carried, but there was the deepest feeling manifest on all sides. In the corridor Governor Bradley found Mr. Lieberth whom he implored to vote for the nominee, Mr. Lieberth, however, refused to do so.

After the joint session Senator Linney, who voted to make a quorum, but who claimed he was paired with Senator Martin, said that he honestly believed that Deboe would be elected Monday. He would not say what he would do.

Mysterious Disappearance of Treasurer Corporation.

New Bedford, Mass., April 24.—Much alarm is felt here over the continued absence from this city of William D. Howland, treasurer of the New Bedford Manufacturing corporation, the Rotch Spinning Company and the Howland cotton mills, all three of which, as announced last night in financial circles, are principally to the placing of the Bennett and Columbia corporations in the hands of receivers and the revelation of irregularities in the accounts of the latter two mills.

At a meeting of the directors of the Howland New Bedford and Rotch corporations yesterday it was decided to make a full examination of the accounts of those mills in order that the creditors might be apprised of their exact standing. Mr. Howland was seen here early yesterday, but since that time his whereabouts have apparently become a mystery. His family stated to all callers at his house that they did not know where Mr. Howland was, Garry Price, a bookkeeper for the corporation of which Mr. Howland was treasurer, says that the latter reported to him his failure to raise money over the troubles and had threatened to drown himself.

Struck by a Cyclone.

Saginaw, Mich., April 24.—A special to The Courier-Herald from Omer, Arenac county, says that a cyclone struck that town about 5:30 o'clock this evening, completely demolishing the general store of R. W. Clowston, whose residence also was torn down. Mr. Clowston was blown sixty feet into the air and both were fatally hurt. Mr. Clowston received a serious scalp wound and is thought to be fatally injured. Mrs. John T. Baikie and her mother, John Cannally, of Port Huron, were in the upper portion of the store building when it collapsed. They were buried under the debris but escaped serious injury. John Campbell's building under course of construction was completely wrecked. The Hagley residence was blown to pieces and not a board can be found within 200 feet of its former location. The cyclone lasted but a moment and was followed by a terrific rain. The cloud was funnel-shaped and took a northeasterly direction. When it reached the woods trees were uprooted and carried into the air.

The Greeks Abandon Larissa.

Athens, April 23.—(Midnight.)—A special dispatch received from the frontier asserts that the Turks while attacking Mati, were repulsed several times yesterday. At 6 o'clock in the evening, the Greek forces were obliged to give way. The Greeks retreated in a disorderly way, where they are entrenched. From Arta the Greeks occupy the heights of Ponte Pigala. It is believed that the military operations in Epirus will soon be terminated.

London, April 24.—Special dispatches from Athens this afternoon say that after a desperate battle at Mati, the Greeks were outnumbered, retreated with heavy losses, abandoned Tynavo and Larissa and removed their headquarters to Pharsalos, a small town on the right bank of the Pheralos and at the north foot of a spur of the Chassi Diari mountains. Pharsalos is about twenty miles due south of Larissa.

Athens, April 25, 2:30 a. m.—The wounded remain at Larissa, under the protection of the Red Cross flag.

New Strength.

added flesh, a clear complexion and pure, rich blood—that's the result of taking Anheuser-Busch's Malt-Nutrine—the food-drink. Try it. At all druggists.

ZITO, O. POLEMOS.

The Farewell Cry to the 450 Greeks who Sailed from New York to Join Their Country's Army in the War Against the Turks.

New York, April 24.—Four hundred and fifty Greeks sailed today for Havre en route to the scene of the war between their native country and Turkey. All night long, the Greek colony in the vicinity of Roosevelt and Madison streets was astir, and enthusiasm for the fatherland found vent in speeches, in songs and cheers. A brass band played national airs at intervals and the war cry "Zito O Polemos" greeted every utterance of a patriotic character that became audible above the din. In addition to the 450 who took passage on board La Champagne, there were many others anxious to go to the front, but for the time being, there was no possibility of providing them with transportation. They were promised, however, that in a few days they would be sent forward to join their brethren in arms on the frontiers of Greece.

A large concourse followed the homeward Greeks from the headquarters to the pier of the French steamship line. At the head went a brass band playing the Greek national anthem. When the Greek national anthem, when the warriors had boarded La Champagne they were lined up on deck, while James Patterson, the local representative of the National League, made them an impassioned speech, breathing of the most patriotic fervor, uttering a prayer for the safety of those going to the front and expressing the hope that they would give a good account of themselves. As the vessel steamed out from the dock, the cheering redoubled in vigor and the patriots rushed to the stern and responded with "Zito" and waved up voirs to their friends.

FAYETTEVILLE'S MAYORALTY.

Call for Ward Primaries—The Truck Farm Still Flourishing—The Catholic Ray—Miscellaneous Notes.

(Correspondence of The Messenger.)

Fayetteville, N. C., April 24. Meetings will be held next Monday evening in the different wards of the city for the purpose of nominating aldermen, and on Tuesday evening there will be a convention to ratify the action of the wards, and to place in nomination a mayor and board of audit and finance. Fayetteville will rest satisfied with one mayor; and, whether it be Captain B. R. Huske or the present incumbent, Colonel W. S. Cook, who has always ably and worthily served his fellow citizens, the interests of the municipality will be in good hands.

Your correspondent knows of no more conservative man in his views than Mr. Andrew roadfoot, trucker and fruit grower; and he declares that certainly in this section the recent cold has left abundance of "truck" and fruit, both berries and peaches. The frost seemed to strike in spots; and has been seen here and there in patches were "scalded," fields near by were untouched. The Messrs. Fittz have a splendid crop of strawberries almost ready for market. The asparagus crop has been unusually fine, and large shipments will be made.

Professor H. L. Smith, of Davidson College, lectures in the opera house next Monday evening under the auspices of the literary societies of the city. The subject is "The Cotton Industry." Messrs. J. R. Williams and W. L. Holt have issued a very neat booklet, the cover handsomely illustrated, embodying the constitutions and by-laws of the club owning beautiful "Lake-wood," where extensive improvements are daily going on.

A very pleasant after-Easter german, bringing together the elite, the gallantry and the beauty of the city, was held at the Hotel LaFayette on Thursday evening.

An alarm of fire about 8:30 o'clock last evening set Haymount in a hubbub of noise and excitement and gave all down town a striking picture of a great pillar of smoke and fire stretching with lurid glare over the town. The elevation made a seeming conflagration out of the burning of a small dwelling occupied by a colored family. Mr. Jno. R. Tolson, now a very successful business man of New York, is visiting Fayetteville, his old home.

Instead of Braces.

Make it a rule to keep the back of the neck close to the back of the collar. Roll the shoulders backward and downward.

Try to squeeze the shoulder blades together many times a day. Stand erect at short intervals during the day: wind, up, chin in, chest out, shoulders back.

Walk or stand with the hands clasped behind the head and the elbows wide apart.

Put about, or even run upstairs with from ten to forty pounds on the top of the head.

Try to look at the top of your high-cut vest or your necktie.

Practice the arm movements of breast stroke swimming while standing or walking.

Hold the arms behind the back. Carry a cane or umbrella behind the small of the back or behind the neck.

Put the hands, with fingers forward, with elbows back and fingers forward.

Walk with the thumbs in the arm-holes of the vest.

When walking swing the arms and shoulders strongly backward.

Stand now and then during the day with all the posterior parts of the body, so far as possible, touching a vertical wall.

Look upward as you walk on the sunny side of the street.—Youth's Companion.

A Defaulter Absconds. Philadelphia, Pa., April 24.—Warrants have been issued for the arrest of George Erickson, a real estate broker of West Philadelphia. He has been charged with several days and an investigation of his affairs shows that he is a defaulter to the amount of about \$14,000, principally rentals collected by him from tenants for various clients. He was the surviving partner of the firm of John M. Erickson & Co., an accountant, whose firm he has created surprise among his business associates. He has enjoyed the most implicit confidence of his clients for a number of years.

Dr. Huske Memorial Sermon. The Fayetteville Observer of yesterday says:

The Rev. Robert Strange, D. D., who officiates at the services tomorrow morning at St. Thomas' memorial to the reverend Rector Emeritus, of St. John's church, will, by request, preach the memorial sermon at St. John's tomorrow night at 8 o'clock.

Telegraphy by Wholesale.

An exceedingly interesting paper was read at the meeting of the American Institute of Electrical Engineers last night at No. 2 west Thirty-first street by Dr. A. C. Crehore and Lieutenant George O. Squier, United States army, on the "Synchronograph," described as a new method of rapidly transmitting intelligence by the alternating current.

The experiments on which the paper was based were made in the electrical laboratory of the United States artillery school at Fort Monroe, Va., where land telegraph and telephone lines were used. By means of the new transmitter, which was exhibited, Lieutenant Squier said that 3,000 words a minute could be sent.

To take a single example of the business between New York and Chicago," said the speaker, where about 40,000 letters are daily carried, it would require but two lines in continuous operation to handle the entire business."

Among some of the possibilities which Lieutenant Squier presented was the publication of the same newspaper in different parts of the country the same day.

Cotton Futures.

(Special to The Messenger.)

New York, April 24.—The war clouds that have been hanging over the markets of the world for so long were finally broken this week by the actual declaration of war and the commencement of hostilities between Turkey and Greece. As has been expected, the effect upon the cotton market was neither great nor permanent, and prices have recovered the loss that was made early in the week and even established an advance above the figures that were current just before the declaration. Liverpool astonished the partisans of lower prices by again advancing today. Our market opened 2 points higher. The selling to realize was quite pronounced, but the demand, consequent upon the closed market, was firm at the best figures of the day. August opened at 7.20, advanced slowly to 7.25 and closed at 7.24 to 7.25. The advance this week has been caused solely by the splendid spot demand from everywhere. There has been no speculative enthusiasm whatsoever, and the reports concerning the next crop from the south have been decidedly more favorable. The advances from those sections which have been overworked by the Mississippi river, however, are gloomy, and this, in a measure, has offset the more encouraging news from other localities. Sentiment here has not changed and is still distinctly bearish, but operators are extremely cautious in putting out short lines. It looks as if the advance will be gradual and on its merits for speculators are not inclined to enter the market. Any crop scare, however, would cause such a rush of buying as has not been seen here in a long time. The statistical position is very strong and keeps growing stronger, and Liverpool is apparently not inclined to ignore this feature. We believe that cotton is intrinsically worth its present price and more, and we favor buying on all breaks.

The Murderer of Cashier Stickney Pleads Guilty.

Somersworth, N. H., April 24.—Joseph E. Kelly, charged with the murder of Cashier Joseph A. Stickney, of the Granite National bank, but now in city, pleaded guilty in the municipal court, before Judge Knapp today.

A Lock-Out Called Off.

New York, April 24.—The lock-out of 700 steamfitters, ordered some weeks ago by the Master Steam and Hot Water Fitters' Association has been called off and the majority of the locked out men resumed work today.

Almost Distracted?

Did you ever suffer from real nervousness? When every nerve seemed to quiver with a peculiar, creepy and all seemed finally to concentrate in a writhing jumble in the brain, and you became irritable, fretful and peevish; to be followed by an impotent, weakened condition of the nerve centers, ringing in the ears, and sleepless, miserable nights?

Mrs. Eugene Searles, of Simonton St., Elk hart, Ind., says: "Nervous troubles had made me nearly insane and physicians were unable to help me. My memory was almost gone and every little thing worried me until I was almost distracted. I really feared I was becoming a maniac. I imagined all sorts of evil things and would cry over nothing. I commenced taking Dr. Miles' Restorative Nervine and four bottles of this wonderful remedy completely cured me, and I am as well now as I ever was."

Dr. Miles' Restorative Nervine is sold on guarantee. First bottle will be returned if not cured.

Read what the noted Dr. Thomas S. Powell has to say for Harris' Lithia Water: Mr. J. T. Harris:

Dear Sir—I have found the use of the water from your Lithia Springs in South Carolina so efficacious in the case of a young lady patient of mine who has suffered for years with Diabetes, with all its different attendant, that I want to add my testimonial to the many you already have. The patient I refer to has used the water freely at home for scarcely a month now, with more beneficial results than from months spent at the different noted lithia springs in different parts of the United States, besides long continued use of the same waters at home. Other of my patients and friends are now using the same with best results. I cordially commend it to all suffering from similar diseases. Yours very respectfully,

THOMAS S. POWELL, M. D., President Southern Medical College, Atlanta, Ga.

HARRISS LITHIA WATER. Asheville, N. C., April 24, 1893. An extended clinical use of the Harris Lithia Water prompts me to the statement that I regard it as one of the best, if not the best, Lithia Water known to the profession. In the condition of Phosphatic Urine, its action is marvellous. Its use in the Rheumatic and Gouty Diseases afford me more comfort than either the Buffalo or Londonderry Waters.

Very truly yours, JOHN HEY WILLIAMS, M. D.

Dr. PAUL BARBINGER, Of the University of Virginia.

Recommends Mrs. Carter's Real Hair Restorer. A perfect remedy for dandruff and falling hair.

Mr. T. R. Neek, of Davidson College, writes: "In 1888 my little daughter suddenly and unaccountably lost all her hair. From the crown down and from ear to ear was bald as the palm of the hand. Months and months passed and the faithful baldness remained. My physician, Dr. Paul Barbinger, recommended Mrs. Carter's Real Hair Restorer. Determined to give it a fair trial I bought a half dozen bottles. Three bottles of it faithfully used, produced no visible effect, but on the morning, soon after beginning the fourth bottle, to our surprise and delight, a new growth of hair appeared and a rapid and complete was the restoration that only one more bottle was needed. Ten years have elapsed and no one has a finer suit of hair."

Less than one bottle is often effectual in checking falling hair. Read interesting history of R. H. GRIER, Harrisburg, N. C.
