

The Messenger.

COLLEGE BOAT RACES.

Yale Defeats the Wisconsin Under, and the Pennsylvania Boys Knock Under at the Naval Academy.

Annapolis, Md., May 29.—Every cadet in the naval academy feels like an admiral tonight, because the "cadet" crew today defeated "Pennsylvania" in a two mile race, crossing the line seven lengths ahead of the Quakers in 13 minutes and 47 seconds. The victors came in 22 seconds later, in 14 minutes and 15 seconds. The water was rough and the time is considered very good under the circumstances. The time originally fixed for the start was 2:30 o'clock p. m., but the wind was so stiff and the water rough at that hour that it was deemed wise to postpone until 5 o'clock p. m., in the hope that calmer weather would prevail. At the latter hour, however, the sea was choppy enough to have sunk the shells had the races ventured out, so a long wait was had, and it was 6:23 o'clock p. m. when the pistol was fired from the judge's boat and the race was on. Paul Dashiell, of Lehigh, acted as referee, and the judge of the race was Commander Jasper, Lieutenant Grant and Thomas Reath. Governor Lowndes loaned the state's team "Governor Thomas" as a judge's boat. Both crews took the water at about the same time, pulling a long steady stroke, but before a hundred yards had been traveled the "Pennsylvania" young men found the water too rough for their liking, and several good old fashioned "crabs" were caught by the collegians. The "Pennsylvania" crew never missed a stroke, and soon had the nose of their craft in advance. Pennsylvania was pulling the rate of 23 o'clock for the minute and the "middles" at 33, both cox-swains holding their boats well into the course, and the Pennsylvania became steady in their stroke. The men in the navy boat were the stronger, however, and at the end of the first half mile were a half length ahead of the Quakers. It was a procession, with the Quakers bringing up the rear, and two clear lengths of open water showing between the boats at the mile buoy. The "Pennsylvania" further on the "middles" had increased their lead to five lengths and the young men from Philadelphia were hopelessly beaten. Inch by inch the leaders crept ahead, until at the finish seven lengths held them from the competitors.

DISPATCHES FROM CUBA.

A Mysterious Messenger From Cuba Meets Parties at Tampa and is Supposed to Have Delivered Dispatches From General Lee.

Havana, May 29. The commission conducting the inquiry into the circumstances surrounding the death of Dr. Bariz closed its labors at an early hour today. A mysterious passenger from Washington came from Tampa on the steamer Mascotte this morning, but did not land. Mr. Fishback, secretary of the commission, accompanied by Consul General Lee's son, went on board the steamer before she sailed and held a brief consultation with the stranger and it is supposed that they delivered to him the report of the commission and other highly important dispatches from Consul General Lee and Mr. Calhoun, who was selected to investigate Dr. Ruiz's death, to be conveyed to the state department at Washington. The messenger was registered upon the Mascotte's inward passenger list as H. M. Kimball, and the same name appeared on the steamer's outward list. Dr. Jose Gongoso, the Spanish consul at Philadelphia, who represented the Spanish government in the inquiry, is also understood to have forwarded a long report to Senor de Lome, the Spanish minister at Washington by today's steamer. Messrs. Calhoun, Fishback and Gongoso will leave next Thursday for New York direct.

It is understood in political circles that a conference was held yesterday between Mr. Calhoun and the Marquis de Montoro, the chairman of the autonomist party, at which the Cuban problem and the political reforms for the island offered by Spain were thoroughly discussed in the presence of Dr. Gongoso, which fact is much commented upon.

Millionaire Baldwin's Nemesis.

San Francisco, May 29.—Millionaire E. J. Baldwin has been caught napping by his nemesis, Emma Ashley. He was sitting in the office of the Baldwin hotel reading a newspaper, when a stranger who happened to be passing, suddenly presented herself and asked to buy a ticket for his little daughter's benefit. The millionaire dropped his paper and nervously waved her away. The young woman who carried the same bag from which she drew a pistol in Judge Slack's court room one eventful morning last year, was not to be denied, however, and expressed her disgust that she should be compelled to sell tickets for the benefit of the child. She was finally induced to leave, but assured Baldwin that she would call again in the near future.

Another Sensational Wedding.

San Francisco, May 29.—The announcement is made in this city that on June 4th next another of the beautiful daughters of the wealthy Chinese merchant of Honolulu, Au Fong, is to marry an American. The prospective groom is William A. Henshall, formerly of this city and one of the most prominent lawyers of the Hawaiian capital. Miss Helen Au Fong is said to be even more beautiful than her sister, whose marriage to Captain Whiting, of the United States navy, created a profound sensation in naval circles some two years ago.

A Young Lady Shoots Her Rival.

Montpelier, Vt., May 29.—Miss Mildred Brewster, the daughter of a wealthy farmer of Huntington, today shot Miss Annie Wheeler, of whom she is alleged to have been jealous, inflicting wounds which the physicians state will probably prove fatal. The deed was committed in a lonely spot on the outskirts of the city. After shooting Miss Wheeler, the Brewster girl turned the revolver on herself and fired a bullet into her right ear, inflicting a serious wound which will probably prove fatal.

A Fight With Indians.

Winnipeg, Man., May 29.—An engagement took place last night between the Indian Almyah Voice and his followers, and the mounted police force. In the battle Corporal Hocking, Constable Kerr and a citizen of Duck Lake, named Grundy, were killed. The bodies of Grundy and Kerr still remain in the bush where the engagement took place. Every available member of the mounted police force is being hurried to the scene.

Base Ball.

Cleveland, May 29.—White Cuppy was easy for the Orioles today the Indians could not touch Nops. Both sides did good work in the field. Attendance, 5,000. The score: Cleveland 000000101—2 5 1 Baltimore 001012040—8 18 2 Batteries: Cuppy, Zimmer and Wilson; Nops and Bowerman. Umpire O'Day; time 2:30.

New York, May 29.—The Giants made it three straights by taking both of today's games from St. Louis. Both contests were ragged and uneven, inexcusable errors alternating with brilliant fielding throughout. The Browns were never in danger of winning and what little heart they exhibited was taken from them by McDermott's umpiring.

In the second "Dad" Clarke redeemed his reputation by holding down and scattering the visitors' hits and striking out six men. The score: First game—Cleveland 01020040—7 8 3 St. Louis 101001012—6 13 3 Batteries: Moskin and Warner; Hart and McFarland. Umpire McDermott; time 2:00.

Second game—Cleveland 04100300—8 11 6 St. Louis 02000201—5 7 1 Batteries: Clark, Zeasler and Warner; Donohue and Murphy. Umpire McDermott; time 1:50.

Cincinnati, May 29.—The Reds won from the Browns today in an exciting game. The fielding of both teams was excellent. Attendance, 5,000. The score: Cincinnati 11000000—2 11 3 Boston 000000010—1 6 1 Batteries: Ehret and Schriver; Nichols and Bergen. Umpire Lynch; time 1:45.

Pittsburg, May 29.—Pittsburg took two straights from the Brooklyns today. The morning game was won by good hitting in the sixth. The afternoon game was a slugfest. Attendance, 7,500. The score: First game—Pittsburg 10101200—5 13 5 Brooklyns 00300000—4 6 2 Batteries: Killen and Suggden; Kennedy and A. Smith. Umpires McDonald and Sheridan; time 1:55.

Second game—Pittsburg 12012021—9 13 11 Brooklyns 00141010—7 11 2 Batteries: Highey and Suggden; Daub and Grim. Umpires McDonald and Sheridan; time 1:55.

Louisville, Ky., May 29.—Both McJames and Hemming pitched fine ball today. The errors of DeBaran, which they expected to find covered with the mangled remains of the reckless rider. As they did not find their man under the engine they started back looking for him under the other cars of the train, but failed to find him until they were hanging in my place on detached duty. Mr. Philbeck had been a horrified witness of the accident and had expected to see his cousin killed. Not seeing him fall, he kept watch of the engine and was the first to observe the rear wheel of the engine striking over the pilot. He told the engineer and fireman, and the three men made a rush for the engine. There was Riethmann lying on the bumper above the pilot, grasping the flagstaff with one hand and holding the prized wheel from falling under the engine. Riethmann asked to be taken home on the train. The request was granted.—Denver News.

St. Louis Races.

St. Louis, May 29.—The Mississippi Valley stakes, worth \$1,500, was the feature of today's card at the fair grounds. Macy went to the post favorite and was played heavily. David was second choice, opening at 5 to 1 and remaining at that figure until post time, when a heavy plunge was made on him. Linda was in an ugly mood and delayed the start twenty minutes. They got off with Macy in front, Remember second and Linda third. David was fourth. At that time Freeman on David went after Macy. At the three-quarters Macy had a lead of three lengths ahead of the field from the half to three quarters, where David assumed the lead and won in hollow style, from Macy.

First Race—7 furlongs, Ursula won; Gold Top, second; Disturbance, third—time, 1:32.

Second Race—1 mile, Florida won; Colonel Gay, second; Aim, third—time, 1:47.

Third Race—5 furlongs, 2-year-olds, Sorrow won; Myriam G., second; Libation, third—time, 1:05.

Fourth Race—Mississippi Valley stakes, one mile; David, 107; Freeman, 3 to 1 and 6 to 5; Macy, 2 to 1 and 1 to 1; Damerles, 15 to 1 and 6 to 1, third—time, 1:44.

Fifth Race—1 1/2 mile, Marquise won; Helen H. Gardner, second; Ace, third—time, 1:59.

Sixth Race—3 furlongs, Scorbber won; Scorbber, second; Russell A., third—time, 1:33.

College Athletics.

New York, May 29.—The Athletics of the University of Pennsylvania are the inter-college champions for this year, as they won the Inter-collegiate Association's championship cup at Berkeley oval this afternoon. Score by points: Pennsylvania, 34; Yale, 24 1-12; Harvard 15%; Princeton, 15 1-12; Georgetown, 7; Boston University, 5; Syracuse, 1; Cornell, 1; Trinity, 3; Westleyan, 1-3. Total, 104.

The bicycle races, which will wind up the series of championship for this year, will take place next Saturday at Manhattan Beach, but as the five races to be then decided will figure only eight points in the aggregate, they will have no bearing whatever on today's results, as Pennsylvania is too far ahead to be interrupted with.

The track today was fast enough for record breaking, but a stiff northwest breeze which blew at intervals with a velocity of from 12 to 20 miles an hour directly down the stretch prevented any of the track records being broken or equalled.

The great surprise of the day was the downfall of a world's champion sprinter, Bernard J. Wefers, of Georgetown University, in the 220 yard flat race. Two short sprints were conceded to him by nearly everyone connected with the game. Wefers won the semi-final and final of the 100 yard dash in splendid form, notwithstanding the adverse wind, and it looked as if nothing could beat him in the longer sprint. He romped home in the semi-final of 220 in clever style, but Collett, who had reserved himself for this event, won the second semi-final just as easily as did Wefers.

A Lake Steamer Sunk.

Port Colborne, Ont., May 29.—The Canadian steamer Luis Shickinson was sent to the bottom of Lake Erie off Long Point last night by collision with the steamer Tecumseh. The crew was just time to get into the small boats and, although quite a sea was running, managed to keep afloat until daylight this morning, when they were picked up by the Tecumseh, which had been searching for them all night.

She Started a Fire With an Oil Can.

Richmond, Va., May 29.—Mrs. Cora Copenhagen, of Edinburgh, Shenandoah county, attempted this morning to light a fire by pouring coal oil on the kindling. The oil in the can ignited and was thrown all over her, burning the woman so horribly that she died within a few hours.

Gossip for the Bicyclists.

CORK TIRES. Cork tires are the latest things in bicycle tires. It is claimed that they are not so susceptible to tacks and glass and that the troublesome puncture will soon be a thing of the past. The new style of tire is constructed of sections of cork, which are almost solid, the center being made of an endless coil spring, which holds the sections of cork firmly. Any section may easily be removed and renewed. The spring acts something like a bracelet which removes from the wrist by stretching the spring a little. Whether this will wear as well or better than the pneumatic rubber tire remains to be seen. It has not yet been tried, but the inventor claims everything for it.

FROM BAD TO WORSE.

As on her wheel she swiftly glides, I hear from flying rumors, She's turned her big sleeves inside out And wears them now as bloomers. —Up to Date.

A THRILLING ADVENTURE.

That Louis Riethmann is alive greeting his friends as usual instead of being at the morgue is due more to luck than judgment. Mr. Riethmann has a cousin, Louis Philbeck, visiting him from Indianapolis. The two young men took a run on Wednesday evening out beyond Sand creek. They were nearing the crossing of the Union Pacific, Denver and Gulf tracks at Sand creek when the approach of an incoming passenger train was noticed. Mr. Philbeck was in the lead, but the distance and had plenty of time to make the crossing ahead of the incoming train. As he crossed the track he observed that the train was coming at a much higher rate of speed than he had calculated, and he stepped on the emergency brake, but did not heed it. Instead of waiting for the train to pass he threw all his leg power into the pedals and figures on crossing the track with asport that would take any conceit out of his cousin. Then came the clash. The passenger train was making for Denver at the rate of thirty miles an hour, and just as Mr. Riethmann reached the crossing the train struck him. The engine was instantly reversed and the train stopped as quick as possible, but not until it had gone about 100 feet.

When the engineer and fireman leaped from the cab their first look was under the engine wheels, which they expected to find covered with the mangled remains of the reckless rider. As they did not find their man under the engine they started back looking for him under the other cars of the train, but failed to find him until they were hanging in my place on detached duty. Mr. Philbeck had been a horrified witness of the accident and had expected to see his cousin killed. Not seeing him fall, he kept watch of the engine and was the first to observe the rear wheel of the engine striking over the pilot. He told the engineer and fireman, and the three men made a rush for the engine. There was Riethmann lying on the bumper above the pilot, grasping the flagstaff with one hand and holding the prized wheel from falling under the engine. Riethmann asked to be taken home on the train. The request was granted.—Denver News.

PROGRAM FOR L. A. W. CHAMPIONSHIP MEETING.

In past years the national championships have been open to both amateurs and professionals, but the programme of the races to be held at Willow Grove on August 6th and 7th, in connection with the national meet of the League of American Wheelmen, will contain six championship events, four for professionals and two for amateurs—the first time in the history of the league that the "pros" will be given an opportunity of fighting out among themselves the question of to whom belongs the title of national champion at the various distances. The professional championships will be for quarter, half, one and five miles. To win the one mile event will be an honor that will carry with it no little distinction, and will, in addition, be worth a large sum of money to the fortunate individual who first reaches the tape. The winning of any of the national professional championships will, in fact, mean much to those who capture the prizes, and they will doubtless be fought out by the largest and fastest team of racing men that ever gathered at one meet.

The two amateur championships will be for one and two miles, and their decision will doubtless result in a repetition of the bitterly contested struggles that have characterized these events in former years.

In addition to the championship events there will be four professional and the amateur races, and two mile handicaps for each class, mile open and mile (2:05 class) for professionals and three mile open for amateurs.—Philadelphia Ledger.

Many ministers throughout New Jersey are providing wheel quarters in the basement or annex of their churches so that bicyclists out on a run can attend services on their wheels and not have to keep watch to see that they are not stolen. Rev. J. W. Favett, of St. James' church, Upper Montclair, is the latest to join the list of benefactors, and extends a cordial invitation to all bicyclists who are in the vicinity of his church next Sunday to attend divine service in connection with the open air dead.—New York World.

Mrs. A. E. Axtell, of New York, can ride 140 miles a day on a bicycle and does not feel tired after it, either.

Bids for Seacoast Defense Shells.

Washington, May 29.—The ordnance department of the army has just opened bids for supplying about 1,904 cast iron projectiles for seacoast and siege cannon. The lowest bidders in each class being the Trudger Company, of Richmond, Va., at the following rates: Five hundred 7-inch 125 pounds siege shells, \$5.50 each; 200 8-inch 300 pound seacoast shells, \$7.90 each; 300 6-inch 575 pound siege shells, \$11.50 each; 300 12-inch 1,000 pound seacoast shells, \$19.00 each; and 604 12-inch 800 pound mortar shells, \$22 each.

A Statue of Peter Cooper.

New York, May 29.—The statue of Peter Cooper in Cooper park, just south of Cooper institute, was unveiled this afternoon in the presence of numerous descendants of Mr. Cooper and many distinguished citizens. Mayor Strong presided at the exercises in Cooper Union and present on the platform were ex-Mayors Tiemann, Hewitt, Cooper and Edson, Father Ducey, Carl Schurz, ex-Chief Justice Charles D. Day, Dr. James B. Eaton, Rear Admiral Erben and John Bigelow. John E. Parsons delivered the commemorative address. The audience afterward adjourned to the open air where an immense crowd of people had assembled. The Seventh regiment participated in the exercises.

Examination for a Naval Cadetship.

A competitive examination for the appointment to the naval academy at Annapolis, to fill the vacancy now existing from the Sixth congressional district of North Carolina, will be held at Lumberton, Robeson county, June 15th, 1897. The least age at which one can enter the academy is 15, and the greatest 20 years. None eligible except bona fide residents of the district who shall have resided in same at least two years immediately preceding the date of the appointment. Applicants will be examined in reading, writing, spelling, geography and history of the United States, Grammar, arithmetic and algebra. Let the candidates then there appear and show cause why they should receive the nomination—all who love the thunder of the warships and want to try their fortune on the sea. Very respectfully, CHAS. H. MARTIN, M. C. 6th Dist. N. C.

Postoffice Hours Tomorrow.

Office of the Postmaster, Wilmington, N. C., May 29. Will you please announce that Monday being a national holiday the postoffice will be closed at 12 o'clock, except that the general delivery will be open from 6:30 until 7 p. m.

The carriers will make the early morning delivery and the collections as on Sunday, and the mails will be dispatched as usual. Respectfully, GEO. L. PORTMAN, Postmaster.

Full Details Gladly Given.

A Railroad Official's Experience.

M. EDWARD EDMONDS, long connected with railroad construction in Nebraska, writes: "My heart troubled and pained me for 19 years. Shortness of breath was the constant and most common symptom. Intense, excruciating pain, generally followed by severe exertion. Faintness, hunger without any appetite; fluttering that made me clutch my breast, and palpitation that often staggered me as if I would fall were frequent attacks. Again, everything would turn black if I arose from a stooping posture quickly. Sleepless nights with their prostrating unrest were numerous and I could get no rest day or night. I consulted leading physicians and tried advertised remedies. They gave me no relief. One of my friends described my case so exactly that I took Dr. Miles' New Heart Cure and in now a well man. I hope every one troubled with heart disease will try Dr. Miles' remedies. If they will write me personally, I will gladly give them full details of my experience." Edw. Edmonds, P. O. Box 65, David City, Nebraska.

Dr. Miles' Heart Cure Restores Health.

Dr. Miles' Heart Cure is sold on guarantee. First trial bottle free or money refunded.
