THE INJUNCTION BUIT. The Argument in the North Carolina Rail-

way Lease Case Begun Before Judge

Asheville, N. C., June 8.-The injunction case of the Southern Railway Company vs. Governor Russell, Attorney General Walser and the president and directors of the North Carolina Railroad Company was called in the United States circuit court this morn-

The matter is in the form of a bill in equity, praying that the several parties defendant may be restrained from bringing suit in the state courts to annul the ninety-nine year lease of the North Carolina railroad to the Southern radiway. Upon the reading of the before Judge Simonton, at a sitting of the circuit court at Lynchburg, Va., a temporary restraining order was issued against the defendants and the case was set down for a hearing in Greensboro in April. At that time, by agreement, the hearing was postponed till today. Hon. John G. Carlisle, ex-secretary

of the treasury, is the leading counsel for the Southern rallway. Associated with him are Henry Crawford and Francis L. Stetson, of New York, and Fairfax Harrison, solicitor of the Southern railway. President Spencer, of the Southern, is also in attendance. Judge MacRae, of Raleigh, opened the argument for the defendants. He quoted The Code showing the authority given the governor and attorney general. "It is alleged that the state interested in this case," he said. only by reason of its ownership of shares in this road. But we say that the state is interested in a higher manner. How can process be enforced against the state? Never has the governor of a state been compelled or enjoined to do an act except by his consent. Nothing has been decided, even by the dread arbitrament of war, but that this is a perpetual union of indestructible states. The governor stands

'We contend that no equities have been disclosed in this bill. The complainant seeks to do what it says the defendants seek to do. That is the burden of their charge, that we are going to bring suit against them, and what do they do? Bring a suit themselves. Their remedy was complete in the courts of the state. They will not come into court and say they could not obtain justice there. When was it ever heard that an individual or an officer was denied free access to the courts of the country. There is no purpose to bring a suit except to test the legality of the alleged contract. These are proceedings to stay. Why restrain the governor, or any one else, from bringing an action to annul the lease? I it was wrong, ought it not be annulled as soon as it can be done?

in his state as the president of the

United States.

"The only jurisdiction your honors have is a preventive jurisdiction. This is an unnecessary harassment of this court. The question of whether the annullment of the lease would be contrary to the inter-state is a question of law." Argument for the complainant was opened by Henry Crawford. The clos-

ing argument for the Southern will be

made by Mr. Carlisle tomorrow. There

are over a score of lawyers in attendance on the case. In an address of three hours this afternoon Henry Crawford opened the argument on behalf of the Southern railway. He argued for the jurisdiction of the federal court and for the validity of the acts whereby the Southern became the lessee of the North Carolina railroad. He took the ground that when the state directors and proxy executed the contracts of 1871 and 1895 the executive department of the state had acted and that action was con-

TONIC. Wilson's Two Boards of Education.

(Correspondence of The Messenger.) Wilson, N. C., June 8. Wilson county is being treated to a series of sensations. The last one occurred vesterday at the meeting of the county commissioners with the clerk of the court and the register of deeds

for the purpose of electing the county board of education. When the time for meeting arrived Messrs. John C. Hadley and Thomas Felton, the two democratic members of the county commissioners, who had been expelled last week by the populist members, were present and demanded reognition. The democratic clerk of

the court, J. D. Bordin, and the populist register of deeds, Griffin, sided with George W. Connor, Nathan Barr, and S. H. Vick, colored, were nominated cation by means of the four voters mentioned. Messrs. Clark, Felton and Newsome, the populist members of the board, withdrew and elected A. B. Boy-

kin, J. T. Moore and B. M. Ayeock.

Thus it appears that Wilson county, more fortunate or unfortunate than some others, is to have two county boards of education to perfect the educational system of this county. They will no doubt vie with each other in doing the very best for the schools. The books, however, have been turned over to the first board elected and they will no doubt ignore the other. Yesterday the sheriff carried five prisoners to the penitentiary, the reult of last week's court. Mrs. Jane Bordin, mother of Mr. J

D. Bordin, clerk of the superior court, died very suddenly in Rocky Mount, this morning about 6 o'clock. A Bloody Tragedy.

Junction City, Ark., June 8 .- A bloody tragedy was enacted here today in a justice's court room in which one man was murdered and which may result in the lynching of the murderer before morning. The murdered man was W. B. Coffee, of El Dorado, and the murderer is J. J. Sheppard, of the same place. Both men were lawyers. Coffee and Sheppard were opposing counsel in a trial before Justice Wright, During the progress of the case the attorneys became involved in a dispute and abused each other, shocking profanity eing used. Coffee picked up a chai and Sheppard drew a pistol and fired four shots in rapid succession into Coffee's body, killing him almost instantly. Sheppard is in the city jail under a heavy guard to prevent lynching.

Rumor of Turkish Outrages Denied. New York, June 8 .- Moustapha Tepsin Bey, the minister of Turkey who is at present in this city, made the following statement today: "The Turkish minister at Washington is authorized by his government to deny categorically, then ews, given by a cable from selling, etc." It should have read that Athens announcing that the Turks have committed serious excesses in respecting city governments which had Epirus, violating women, defiling churches, etc. The story is absolutely false and is a pure and simple fiction.'

> Jonestown, Miss.,, June 8.-Ex-Mayor G. B. Mosley, a banker of this city, was shot and killed today by Mayor G. W. Wise, in 'the street, in front of the latter's office. Wise is in custody. A small law suit in which Mosley was interested was tried before the mayor last week and the decision of the latter displeased Mosley. The ill feeling had been growing since, culminating in today's shooting. Both men had fire arms and opinions differ as to which first made a threatening movement.

ACTIVE CUBAN POLICY.

Republican Senators Predicting This on the Part of the Administration-Mr. Calhoun Has a Conference With the Presi-

Washington, June 8.-W. J. Calhoun, of Illinois, the special courier sent to Cuba by President McKinley, arrived from New York this afternoon at 4 o'clock. He went immediately to the state department where Judge Day, the assistant secretary of state, was awaiting, and together they proceeded to the White house. They were shown into the cabinet room where President McKinley and Judge Day listened to Mr. Calhoun's description of the situation in the war-ridden island and to the conclined to be interviewed tonight on the subject of the conference, further than to say it was very interesting. Mr. Calhoun likewise preferred not to talk of the interview further than to say he had reported to the president what he had seen and

Calhoun has an appointment to meet the president in the morning, when he will again go over his impressions. Mr. Calhoun will not go to Nashville with the president, as had been thought would be done, but will leave for his home in Illinois probably tomorrow, and if necessary will visit here after the president returns from Nashville.
The report of Consul General Lee on

the Ruiz case, the assistant secretary said tonight had not been received by the state department. The report, however is in the city, having been brought here by Mr. Fishback, the secretary who ac-companied Mr. Calhoun to Cuba. Mr. Calhoun expressed great surprise at the publication of what purported to be General Lee's report this morning. He said the document had been sealed in Consul General Lee's office in the regular official way and delivered to Mr. Fishback, who brought it to New York and to Washing ton. He was unable to understand how should have become public.

Mr. Calhoun talked with less freedom

than characterized his interviews while i New York. He complained that some o these had been exaggerated and had mad him say what he had not uttered. The commissioner carefully refrained from expressing any opinion as to the probable policy of the president in acting on the Cuban question, declaring that he had been to the island simply to learn facts and to report what he had seen and heard. This he had done. If he has formed any opinion regarding the Ruiz case, Mr. Calhoun politely declined to indicate what was. On the prospects of the continua tion of the war, the condition of suffering Americans, and General Lee's firm attitude as an American representative, Mr. Calhoun spoke in terms similar

to those he used in his published inter-There was a revival of Cuban talk about the senate today on account of the re-turn of Mr. Calhoun. The republican sen-ators, some of them mebers of the foreign relations committee say there is no doub but that the president will take action as soon as Mr. Calhoun's report is received. No definite information was given concerning the attitude of the president, but impression of the senators from such reports as they heard, was that there would be a change from the present negative policy and the adoption of a definite line of action with a view of endeavoring to secure a settlement of the present fortunate state of affairs in Cuba.

The Urbana Raid. Urbana, Ohio, June 8 .- In an interview today Sheriff McLain made an acknowlddgement which should settle all the talk about Mayor Ganzon impersonating him on the morning of the lynching and ordering the Springfield company of militia to return home. The sheriff said that Captain Bradbury reported to him on his arrival here with his company, and they both came to the conclusion that the combined force of the two companies could not hold the jail against the mob and they would not undertake it. Then Sheriff McLain ordered the Sprinfield company to move away from the fail. Some of the leaders of the mob had got into the jail and were threatening to hang him if he
