Election on School Taxation-The Old Soldiers Yesterday - A Matter of History Happenings Here and There. (Correspondence of The Messenger.)

Fayetteville, June 11. At the last meeting of the board of county commissioners an election was ordered in each school district (townsships) on the question of levying a tax of 12 cents on the \$100 of property, and 36 cents on the poll, for school purposes. The importance of this step can hardly be overestimated. In Cross Creek township, especially, it is a matter of vital interest. Our schools have been hampered for want of means, and should this tax be voted our graded school fund would be doubled, entitling us to \$500 additional of public money.

The battle of Bethel was very pleas-

of gallant veterans at "Lakewood," Mr. W. L. Holt doing the honors of that most charming resort-rapidly becoming with well directed work and tastefully applied improvements, one of the most beautiful spots in North Carolina. Those enjoying the day's outing were: Colonels F. W. Kerchner, C. W. Broadfoot, W. J. Green, J. A. Pemberton, Charles Haigh, J. B. Starr; Major E. J. Hale; Captains J. A. McPherson, J. B. Smith, A. B. Williams; Messrs. W. L. Holt, R. L. Williams, J. D. Nott, S. W. Tillinghast, G. A. Burns. Your excellent selected article in The Messenger's issue of the 5th inst., on well known songs was, your correspondent ventures to believe, not exactly faithful to history as to the Marseillaise. De Lisle wrote that stirring national hymn for 500 citizens of Marseilles about to set out, not for the army of the Rhine, but for the celebration of the federation in Paris in August, 1792. Led by Rebecqui, they reached the French capital on the 30th of July, being met on the way by Barbaroux, an intimate friend of Barbecqui. By the way, it is said that Barbaroux's love of liberty was intensified by a contemplation of the exalted character of Madame Roland, whom he

and its popularity is rapidly declining. This is shown by the fact that the Madrid chamber of commerce has just presented a petition based on the unani mous vote of its members to the governor of Madrid, requesting him to put a stop to weekday corridos, save on exceptional occasions. It is ureged theren that bullfights on working days injure trade and industry, are detrimental to the dispatch of business in the government offices and favor idleness with all its accompanying evils. The governor has promised to accede to the petition and his decision is approved by a large and influential portion of the public, while the remainder of the people view the matter with in difference. Yet twenty years ago the bear idea of any restriction of the number of bullfights by the authorities would have raised a storm of indignation, possibly developing into a revo lution. The altered condition of public sentiment with regard to this national sport is mainly attributable to the excellent influence of the Queen Regent who has always set her face against bull-fighting, resolutely declining to countenance the corridors by her pres-

South Carolina's Liquor Policy Governor Ellerbe, as the official head of the state government, has outlined the policy of the state in regard to the dispensary system in the light of the recent decision of Judge Simonton. He says: "We are not going to seize anything shipped into the state for personal use or anything sold by the people of other states in original packages. I understand by original packages that a man cannot get a dozen pint packages, for instance, in one case and sell them, but that each shipment constitutes a package. No seizures whatever will be made in transit. The constables will have to watch those who receive boxes of bottled liquor or liquor put up in any other way. If anything less than the package in which it was shipped and received is sold, then the whole will be confiscated. As I understand the decision, it is that the citizens of this state will not be permitted to sell in original packages or in any other way. I think, however, that it is within the de cision for citizens of this state to act as agents for parties residing outside the state and sell liquor for them in original packages."—Columbia State.
