

NORTH CAROLINA.

Aberdeen Telegram: We regret to learn that Mr. T. Hatley, of Carthage, had a slight stroke of paralysis on last Monday. We hope he will soon recover.
Wadesboro Messenger: Professor John C. McLendon, who is at present living in Lenoir county, is studying law. Mr. McLendon is only about 55 years of age, but he expects to apply for license to practice next fall.
Asheboro Courier: The series of meetings conducted by evangelist Gales in the Presbyterian church, closed yesterday night. There were a number of conversions and much good has been accomplished to the several churches in Asheboro.
Winston Journal: Mr. J. S. Seales was assisting a farmer to hitch up a team at the Piedmont warehouse yesterday afternoon, when one of the horses turned and kicked him on the leg, inflicting a painful wound, and Mr. Seales is confined to his room on account of it.
Whiteville News: While crops in this section are very late for this time of the year generally they look strong and vigorous. The many friends of Professor G. V. Hines will be glad to hear that he is again able to be out, though still feeble. He has been for several months confined to the house from the effects of a severe attack of grip.
Shelby Aurora: The cotton mill at Stubbs, operated by the Buffalo Manufacturing Company, is adding new machinery. They propose to increase the capacity of the production. The meeting of the Baptist church continues. The business houses all close up a few days earlier in the morning to allow everybody a chance to attend. A good work is being done.
Newton Enterprise: Alonzo Lutz called in to see us today and delivered us a sick meat, bold and bold. He was carrying a Mr. John C. Warlick, of Crimsic, N. C. This is a newly discovered growth among wheat and it is said to be poisonous and will make people very sick after eating bread if much of it is mixed in the flour. The growth is evidently a cross between wheat and cheat as it bears resemblance of each.
New Bern Journal: A few days ago, Henry Pittman, learning of some bees swarming in the vicinity of Tannikin's bay, accompanied by a party of friends set out to find the bees. These were located in a tree. Axes were secured and the party set to work. The fall of the tree revealed it to be a store house, where three coons in the tree, which were secured, and upon getting out the bees, enough were found to fill a bushel.
Winston Journal: Yesterday, the engineering corps of the North Carolina Midland located a new line for the Cokesville road, beyond Davis school, a distance of 4,000 feet. The change will not only straighten the line, but will be a big improvement in the matter of grade. The engineers will go down the Greensboro line today with a view to making some changes in the grade by making slight changes.
Fayetteville Observer: Archie Wright and Mose Womack are victims of a new "gold" cure. A negro quack doctor calling himself Dr. Gorgwell, has been working among the colored people for some time. One of his remedies was to procure from patients a few dollars gold piece in order that he might make it up into pills that would cure instantly. In this way he got several pieces of gold from Wright and Mose. The "Doctor" has been opened, but the "Doctor" has fled.
It is stated on good authority that Dr. P. Arlund, of Petersburg, Va., has obtained possession of the charter of the Richmond, Blackstone and Southern railroad, and has conveyed all the rights of the railroad, recently acquired by him to that company. The charter of this corporation is one of the broadest ever granted by the state of Virginia. It authorizes the company to build branch lines a distance of fifty miles. Under this last clause the company will build up to Fayetteville, giving them a route to Washington, N. C., as short as the Virginia and North Carolina railroad. He has already begun negotiations for material to commence the construction.
Goldsboro Argus: A movement is on foot to have a first-class bicycle entertainment at the race track on July 31st. The race track, which was broken into last night and the guilty apprehended and brought to this city this afternoon, and placed in jail. Fritz Brown, the 14-year-old colored boy who shot George Connor, a young white boy, recently, while they were both fishing in Little river, and made his escape, has been captured in Wilmington and will be brought here to answer to the charge. Connor received a pistol shot in the leg, which is proving right serious. Some of the eye witnesses to the affair say it was accidental, while others are of a different opinion.
Charlotte Observer: The directors of the Henrietta Mills met in this city yesterday and declared an annual dividend of 3 per cent. This is a very gratifying statement to be able to make in this period of almost universal depression in the cotton mill business. The Piedmont Wagon Company, of Hickory, at its semi-annual meeting Wednesday, declared a 4 per cent. dividend. The company is building a large warehouse as an addition to its factory. Mr. Wilson, one of the residents of Groveton, has a young son—a mere boy—who assisted in carrying things out of Miss L. Thompson's house next to that of Mr. Thomas' which was burned yesterday morning. He grabbed up a pistol to carry it out. He managed to shoot himself in the hand three times before he had gotten out of the house.

WILMINGTON MARKETS.
