ANNEXATION OF HAWAII. The President to Send to the Senate

Treaty Therefor-The Treaty Already the Senate. Washington, June 14 .- A treaty for the

annexation of Hawaii to the United States will be sent to the senate soon after the return of the president, unless present plans are altered. The treaty has een written and all its details were fully agreed upon before the president and Secretary Sherman left for the south.

The treaty is on the general lines of the treaty negotiated during the administration of President Harrison, and withdrawn by President Cleveland. It prosions of the senate begin at 11 o'clock vides for annexation without the exaction of conditions on the part of the Hawaijans a. m., on and after Wednesday next. This was conditional on the fact that as to the form of government to be youchsafed to Hawaii, leaving that question to be entirely disposed of by the government the senate adjourn each afternoon at of the United States.

The United States will agree, however, to assume the debt of the present Ha-wallan government, but will come into possession of all the Hawallan crown Senator Allen, of Nebraska, then reverted to the colloquy, last Saturday, n which he held that the right and ands and other possessions. The knowledge of the and other legal process could be inexistence of the treaty has been communicated to members on the committee on foreign relations, and also to members of the finance committee. In the republican caucuses the subject

of the treaty had been hinted at, but in rather a vague manner. Senators asserted that there were in progress negotia-tions looking to annexation, but they would not aver that they knew a treaty had been drawn, nor would they give any assurances that it would soon be sent to the senate. In private conversation with other senators, however, they gave infornation that was definite enough to satisfy those with whom they talked, that the treaty was not only to be sent in, but that it was now already drawn and only awaiting the signatures of the officers o he two governments to complete it. It is known that the approval of th mmittee on foreign relations is assured, as eight members of the committee have approved its terms. This will enable the committee to speedily report the treaty to the senate so that it may be taken up

mmediately after the tariff bill is dis osed of. The senate has been canvassed to certain extent by senators favoring an-nexation and while there are some senators who are non-committal, the supporters of the proposition say they believe that they can count upon the two-thirds vote necessary to insure ratification.

The especial friends of the president about the senate say that the treaty has been made in accordance with his views and that it would have been sent in some ought to be considered by the finance time ago, but for his exactions as to de-

The Governor Goes to Southern Pine Crops Developing Rapidly-A Large Attendance at Teachers' Assembly-To Build Electric Railway From Morganton to Blowing Rock-Another Convict Pardoned-Remarkable Scarcity of Cotton.

Messenger Bureau, Park Hotel, Raleigh, N. C., June 14. At noon today the agricultural department changed hands, J. M. Mewborne, populist, succeeding J. L. Patterson as commissioner, and J. L. Ramsay, populist, editor of The Progressive Farmer, succeeding Thomas K Bruner as secretary. Mr. Patterson has very ably filled the office of commissioner and Mr. Bruner has been the best secretary the department has ever had since its establishment on 1877. Governor Russell and wife went to Southern Pines yesterday and will remain there two days, viewing the im mense peach orchards. Thence they go to Wilmington to remain the rest of the

week.

Yesterday was the hottest day of the year. The weather is exactly right for crops and their development is rapid. Farmers like a dry June. The cutting of the wheat crop is in progress. It is a good crop. Oats are well headed. It is quite evident that the altend. ance at the North Carolina Teachers' Association, which begins tomorrow at Morehead City, will be the largest in several years.

There' is a remarkable scarcity of cotton in this state. All the mill men are talking about it. The heavy foreign shipments took much away. Of course the home mills have used more than ever before. Judge Robinson has gone to Burke
