Washington, June 22.-An exciting debate marked the consideration of the wool schedule, which began in the senate today. It developed the first open disagreement on the republican side of the chamber led to a warm person-The secretary of state finds that an al exchange between Senators Carrora Fire Insurance Company in Gates ter, of Montana, and Foraker, of Ohio, Platt. As soon as the wool schedule was taken up, Senator Mantle, of Montana, submitted a substitute for paragraphs 347 and 361 inclusive, covering the three classes of wool and the rates thereon. Senator McLaurin, of South Carolina, gave notice of a further amendment providing a horizontal reduction of 33 per cent. on the rates reported by the

The paragraphs were then considered as reported, being agreed to on the provisions to the classes of wool up to paragraph 355. On the latter paragraph, the committee amendments were struck out at the request of Senator Allison. They referred to skirted wools imported in 1890, and prior thereto.

This brought the senate to the rates on the three classes of wool. On the first class the house rate was 11 cents per pound, the senate committee rate 8 cents per pound. Senator Allison moved to substitute 10 cents per pound. On second class wool the house rate was 12 cents, the committee rate 9 cents. Senator Allison moved to substitute 11 cents per pound. Senator Mills, of Texas, demanded a

separate vote on each proposition and the first vote was taken on Senator Allison's motion to make the rate 10 cents per pound on first class wool. There was some question as to the form of the motion, whether it should

be to reduce the house rate from 11 to Q cents or increase the committee rate form of the motion, which, being a reduction, secured an unexpectedly heavy affirmative vote. The motion to reduce from 11 to 10 cents prevailed -- yeas 55, nays 13. The announcement of the vote was

the signal for an unexepected outburst on the republican side of the chamber. Senator Carter, republican, of Montana, arose and speaking deliberately and impressively, said the vote just given disclosed a purpose to make reductions in the rates on wool. There would be a day of reckoning for such action. In view of what had been done, he asked that the consideration of the wool schedule be now suspended. This declaration, coming from a republican senator, caused a mild sensa-

tion, which was but the prelude to a dramatic scene in which Senators Foraker and Allison, representing the finance committee, participated. Senator Carter alluded to a "combination" to reduce rates which, he said, would hear more about the matter before the agreement was reached. Senator Foraker, with great positive ness in his tones, said he had supposed there was an agreement as to the manner of dealing with this wool schedule, Unless this agreement was respected then, declared Senator Foraker, vehemently, every senator must act for

Senator Allison, still preserving his outward calm, said there was no written agreement that he knew of, and he wished to resent, in mild terms, he said, the suggestion of a combination, that had been made by the senator from Montana. The amendments now offered, he said, were an increase on the original committee rates on first and second class wool, although a reduction from the house rates. Senator Foraker proceeded to explain

In 1891-3 the contract price of the printing was \$34,439, and there was a bonus of 15 per cent. to the state printer, who did no work, the balance going to the printers. In 1893-5 the sum of \$30,633 was paid, with 15 per cent, bonus as before. But in 1895-7, under the present arrangement \$43,000 has been paid, all going to the state printers, who did the work. Nor does this include the bills for the laws and journals of the legislature of 1897 they will bring the total up to something like \$50,000, making the printing cost from \$15,000 to \$16,000 more than under the old contract. "Talking is cheap but it takes money (not much though) to buy land." I have a number of desirable houses and three vacant lots for sale.

It takes money (spent in advertising) to SELL land too; so if you have property for sale put it in my hands and let me advertise it. I want some more property to sell, especially north of Market street. Respectfully,

Demonstrated that no other house does, ever did, or ever will, sell such Stertling Qualities at such Low Prices as we quote. We have struck the popular chord---the people are with us. They know the difference between barren figures and prices that represent qualities far above the average. Others may shoot at it. but they fall short of our mark.

CRASH! CRASH! CRASH! Suits All Kinds and Qualities.

\$3.50 quality worth \$5.00, \$5.00 quality worth \$6.50, \$6.50 quality worth \$8.50. You ask how are we enabled to offer such low figures. It's the result of a big purchase, the benefits of which we always share with you, our patrons. We have already quoted you prices on Summer Coats and Vests of all kinds. Come and see us before purchasing.

A new lot of Bathing Suits just received. Mail Orders given prompt attention.
