Ethan Allan Hitchcock

Washington, August 14.—The appointment of Mr. Hitchcock to the Russian ambassadorship created no surprise here, for among Missourians, the selection had been for some time regarded as a foregone conclusion. He succeeds Clifton R. Breckinridge of Arkansas, who had been a representative in congress when he was sent to the St. Petersburg post. Mr. Hitchcock is a warm personal friend of President McKinley and is said to have been a candidate. As a manufacturer, he is well known in business circles throughout the country. He has had occasion to come to Washington frequently in connection with tariff matters. At one of the earlier of these visits he is said to first meet Mr. Kinley, then a member of congress, and the acquaintance then formed, has since developed into the closest friendship.

Ethan Allan Hitchcock is a great grandson of Colonel Ethan Allan, who captured Fort Ticonderoga. In the name of the great Jehovah and the continental congress. Mr. Hitchcock's father, Henry Hitchcock, was born in Burlington, Vt., from which place he went to Alabama to practice law, in which he was eminently successful, being one of his death, in 1838, the chief justice of the supreme court of that state.

Mr. Ethan Allan Hitchcock was born in Mobile, Ala., in September, 1835, where he remained until 1850, when he removed with his family to Tennessee. After taking an academic course in New Haven, Conn., he came to St. Louis in 1853, and engaged in business up to 1860, when at the urgent request of relatives in China, he left for that country to accept the employment in the firm of Oliphant & Co. Mr. Hitchcock remained in China for twelve years. Returning to St. Louis in 1874, Mr. Hitchcock has since been actively engaged in business as president of several large manufacturing and railway corporations, which positions he has resigned in order to accept this appointment abroad.

RUSSIA AND GERMANY

COMBINED TO OPPOSE ENGLAND IN EVERY MOVEMENT.

The Result of the Emperor's Visit to St. Petersburg—Sudden Change in Tone of Russian Press—Subscriptions for the Storm Sufferers in Germany—Bismarck's Disapproval of the Russian-German Alliance—To Oppose the Dingley Bill by Arbitration.

Berlin, August 14.—The visit of the emperor and empress of Germany to Russia and the reception accorded them there is regarded in this country with divided feelings. Many people blame the emperor for humbling himself unnecessarily before the czar, think his majesty has again exceeded his proper limits and say that the czar showed much less expression than his guest in the shower of German decorations and favors bestowed upon the Russian court and other officials. Finally, they also consider it extravagant that there are now a dozen Russians who are chiefs of Prussian regiments. On the other hand, the results of the emperor's visit to St. Petersburg, so far as possible, are what the emperor wished, especially as regards Great Britain. Henceforth that country will find, upon all important occasions, the German in Germany in the way. A general understanding to that effect has been definitely reached, not only between the two rulers, but between Count Muraviev, the Russian minister for foreign affairs at St. Petersburg, the German imperial chancellor and Baron von Buelow.

It is curious fact that the tone of the entire Russian press changed during Emperor William's stay at St. Petersburg and became frankly Anglo-phobic. The newspapers of Russia, which have hitherto been constantly hostile to Germany, like The Novo Vremya and The Wyedomosti, now welcome Emperor William as a new ally.

Princess Frederick Leopold, of Prussia, who was nearly drowned while skating last winter, was nearly killed early this week in the vicinity of Potsdam. While out riding, she slipped off her saddle and was dragged some distance along the road. She was eventually rescued by an aide de camp and by her husband.

Princess Gisela, of Bavaria, heiress to the throne of Bavaria, has taken to bicycling in public. All the Bavarian princes and dukes are keen bicyclists.

Subscriptions for the relief of the victims of the recent inundation in Germany are pouring in and all the cities of the empire are granting sums of money for the relief of the sufferers. The provincial chambers are also making appropriations, but the government will not call a special session of either the reichstag or the Reichstag in order to appropriate money for the relief work.

Acting upon the advice of Baron Thielmann, the former German ambassador at Washington who has just been appointed privy councillor and the representative of the imperial chancellor in all the financial affairs of the empire, the German government is entering into negotiations with the governments of other countries injured by the new United States tariff, especially France, Great Britain and Germany, for the purpose of effecting an agreement to demand the submission of all disputed points to a court of arbitration. In Germany's case, the disputed points are mainly the alleged violation of existing treaties and the paying back to the United States treasury of the export premiums paid by Germany.

From Duke John Albrecht of Mecklenburg, who has just visited Prince Bismarck, the correspondent of the Associated Press learns that the new United States tariff has caused a great deal of uneasiness in Germany, and that the czar and his accompanying features, as calculated to raise hopes in the Russian mind which Germany, later, may be unable to fulfill, especially in the matter of further Asiatic conquests. Relative to the state of affairs in South Africa and the role planned by the British secretary of state for the colonies, Mr. Joseph Chamberlain, in recent events, Prince Bismarck sharply condemns the latter and fears that Germany will be unable to long distance cavalry ride, under conditions similar to those which would prevail in actual war time, was started from St. Petersburg, in the district, forty-three officers of the Seventeenth army corps, taking part in it. The prize is a golden sword, presented by Emperor William, which the distance to be covered is 150 kilometers in a bee line. The main roads are all blocked by patrols, so the competitors must reach the goals as best they can and by circuitous routes.

In Wurtemberg, Lieutenant Rabe, of the One Hundred and Twenty-second regiment of infantry, whose inhuman treatment drew a recruit named Bauer to commit suicide, has been dismissed from the army and sentenced to four months' confinement in jail.

The United States ambassador, Mr. Andrew D. White, will take a trip to Leipzig exhibition during the course of next week. From Leipzig Mr. White will go to Dresden. Mr. Goldschmidt, the new United States consul general, arrived here on Wednesday and the office of the consulate general was turned over to him on Thursday. A complimentary subscription dinner will be given to Mr. Charles de Kay, the retiring consul general, on August 27th, by the American residents of the city.

TRE LEASE DENOUNCED.

Action of the Farmers' Alliance on the Lease of the North Carolina Railroad.

(Special to The Messenger.) Raleigh, N. C., August 14.—The following resolutions were unanimously adopted by a rising vote adopted by the State Farmers' Alliance at Hillsboro yesterday:

Whereas, The State Alliance did before its consummation most earnestly protest against the lease of the North Carolina railroad to the Southern Railway Company for ninety-nine years, and

Whereas, The preservation of our liberties demands the recognition of the sovereignty of the states of this republic on the part of the federal judiciary, therefore be it

Resolved, That we protest against interference in state affairs on the part of the federal judiciary.

Resolved, That we consider the attempted enjoining of the governor of North Carolina from the performance of his official duty as a high handed outrage and subversion of liberty.

Resolved, That the thanks of this body are hereby tendered to Governor Russell for the noble stand he has taken on the side of the people in their contest with corporate power and corruption.

(Special to The Messenger.)

Raleigh, N. C., August 14.—Rumor is current here that Senator Butler has made a deal by which Moyer, of Pitt, is to be the populist nominee for congress in the First district.

Bicycle Races

New York, August 14.—At the national circuit meet at Waverly, N. J., this afternoon, thirty-five men started in the five mile handicap for professionals. Mertens, Butler, Starbuck and Gardner were the scratch men and none of them moved into the front bunch until three miles had been covered. Nat Butler won from Becker, of Minneapolis, who was on the 100 yard mark by half a wheel. Gardner finished in third place, half a wheel behind the second man, with Oldfield, two lengths away, fourth.

The one mile open for professionals was won by E. C. Bald, who made one of his wonderful finishes, beating Mertens by a wheel, the same distance separating Gardner and Cooper, who finished third and fourth respectively. Half mile, handicap professional. Final heat won by C. S. Wells, San Francisco (50 yards); C. R. Newton, Stafford Springs, Conn., (20 yards); second, W. Coleman, Cambridge, Mass., (20 yards); third, E. C. Bald, Buffalo, (scratched), fourth, Time 58.4-5 seconds. One-third mile, amateur national championship, won by E. W. Peabody, Chicago. The Relief Fund for Americans in Cuba

Washington, August 14.—Consul General Lee in a report to the state department says that the \$10,000 placed to the credit of the relief fund on May 22nd last, was equivalent to 10,975 Spanish dollars. This fund which he says was expended with the greatest care and economy, is nearly exhausted. With it about 1,400 destitute Americans have been fed daily and cost provided with necessary medicine. It cost 92 cents in United States money for each person per day, or even less, for transportation taken from their relief fund. One hundred and eleven persons have had transportation provided for them to various points in the United States. About 95 per cent. of the 1,400 destitute persons are naturalized American citizens, but many have resided in Cuba for a long time and whose business is there. Many of them, the report says, do not speak English. A large number have never been in the United States, being the wives and children of naturalized citizens.

The Momo a Winner

Montreal, Que., August 14.—The American challenger yacht Momo today beat the royal St. Lawrence yacht club's Glencairn in the race for the Seawanhaka Corinthian challenge trophy. The Canadian boat was a slight favorite. The day was very clear with only a light, fitful breeze.

To the surprise of the experts the American boat increased her lead throughout, having drawn ahead half a mile at the end of the first six miles. The Momo crossed the winning line in the lead at 2:23. The Glencairn crossed at 2:27.4. The elapse in the time of the winning boat was 2 hours 48.4 minutes. The Momo sailed a beautiful race throughout and her showing was a great surprise even to her friends. It is now conceded that the American challenger is likely to be a sure winner of the series and will take the cup back to the Seawanhaka-Corinthian club which she represents.

AMERICAN INVENTORS

GO TO ENGLAND FOR ENCOURAGEMENT IN THEIR WORK

A New Device in Telegraphing—The British Telegraph Department Put at Disposal of Inventors for Experiment—Great Decrease in Exports to America From England—The Spectator's Warning of Americans—It Predicts War With England.

London, August 14.—The postoffice officials here are deeply interested in the experiments in telegraphy made by Professor Crehore, of Dartmouth college, and Lieutenant Squier, of the military school at Fortress Monroe, who claim that their device enables messages to be transmitted with extraordinary rapidity. The inventors said to a representative of the Associated Press: "The experiments over short circuits in the United States have been entirely satisfactory; but we were unable to secure facilities for long distance operations and so we came to England and asked the help of the government. We explained our scheme to Superintendent Preece, of the telegraph department, and his interest was immediately aroused. He promptly placed the government plant at our disposal and directed his subordinates to give us every possible aid in the trials over the London and Birmingham lines."

It is understood that the tests made have been entirely satisfactory. The inventors, however, are reticent. They desire to avoid publicity until the practicability of their scheme has been fully demonstrated. They seem to fear possible rivalry. It is claimed that their device will transmit enough matter in an hour, over a single wire, to fill a page of a newspaper.

An official of the British postoffice said to a representative of the Associated Press: "There is no doubt the Americans have a most valuable idea, which may result in greatly cheapening telegraphing. We are not yet quite satisfied of its practicality; but the experiments of next week will settle the uncertain points. I am surprised that more assistance is not given to inventors in the United States; but, England seems more friendly to American inventors than their own home."

New York, August 14.—Rusie held the eighth inning with four hits, assisted by errors, gave them two runs. Attendance 16,000. The score: R. H. E. New York . . . 0 1 0 2 0 1 2 — 6 10 4 Boston . . . 0 0 0 0 0 1 2 — 4 7 3 Batteries: Rusie and Warner; Lewis and Bergen. Umpires Lynch and Carpenter. Time 1:57.

Philadelphia 10, Baltimore 11. Philadelphia, August 14.—Baltimore made it three straight this afternoon, but only after one of the most exciting contests seen on the local grounds this season. The game was fought in the tenth on two singles and a sacrifice. Attendance 4,118. The score: R. H. E. Philadelphia . . . 0 0 0 0 0 0 4 — 10 14 3 Baltimore . . . 3 2 0 1 0 2 2 — 11 20 4 Batteries: Orth and McFarland; Hoffman and Clark. Umpire Kelly. Time 2:20.

A Mighty Stir Over Supposed Filibuster—Jacksonville, Fla., August 14.—Government officials seem to have an apprehension that a filibustering expedition is about to leave from some port in Florida, but so far there have been no movements to warrant this suspicion. The steamer Dauntless remains tied up at her wharf in this city and the mouth of the river is guarded by the gunboat Wilmington. Commander Todd is ordered not to let the Dauntless leave her unless he is positive that she has nothing aboard, and he will carry out these instructions even if it shall become necessary to use force, which it is not likely will be the case. The inevitable exhibition, held here today for Ferdinandina, where the Morrill is now stationed and that place is watched. A large consignment of arms came through Ferdinandina this week, arriving at Brunswick from New York on one of the Mallory line steamers and consigned to a Jacksonville firm. The government is probably aware of this and this is what has given rise to the suspicions. Spanish Consul Carrio, of Ferdinandina, visited the Morrill at that place this afternoon accompanied by the collector of customs, and when he left the cutter the Spanish flag was run up and a salute of five guns was fired—something unheard of before in this section.

John R. Gentry and Robert J. on the Track—Groversville, N. Y., August 14.—Pastime park was in almost perfect condition for the trial of speed of Robert J. and John R. Gentry today, in which the latter established a new record for the state. Both horses were paced by running mates. Robert J. was first to appear. He made an excellent start, but at the half mile his boot became disarranged and the horse broke. Notwithstanding this he made a fast mile, the time by quarters being 32½, 1:04, 1:39, 2:11.

When John R. Gentry appeared he got the word at the second attempt. He gave a beautiful exhibition, burning the track without a break and finishing in 2:06½, thus lowering the state record on a half mile track. The time by quarters was 33; 1:03½; 1:35½; 2:06½.

Boston and Cincinnati Defeated—Baltimore Takes the Third Game From Philadelphia—St. Louis Defeats Cleveland.

Washington 7, Brooklyn 4. Washington August 14.—The Brooklyn could not hit Mercer, while Dunn was an easy proposition for the Senators, who won out in the fifth inning by a batting rally when they made four for eight bases. The game was well played and interesting. Attendance 900. The score: R. H. E. Washington . . . 1 0 2 0 4 0 0 — 7 12 2 Brooklyn . . . 1 0 0 2 0 0 1 0 — 4 11 4 Batteries: Mercer and Farrell; Dunn and Smith. Umpire Emslie. Time 1:45.

Cleveland 5, St. Louis 10. Cleveland, August 14.—Brown was very wild and was replaced by Young in the third to save the game, but without avail. The Browns batted Young for five earned runs in the fourth. The score: R. H. E. Cleveland . . . 0 1 1 1 0 2 0 — 5 10 1 St. Louis . . . 4 0 5 1 0 0 — 14 11 1 Batteries: Brown, Young and Zimmerman; Coleman, Donohue and Douglass. Umpire Hurst. Time 2:15. Attendance 1,200.

Pittsburg 6, Louisville 3. Pittsburg, August 14.—The game was won in the eighth inning by the good batting of the home team. The feature was Donovan's fielding. Attendance 2,200. The score: R. H. E. Pittsburg . . . 1 0 0 2 0 0 3 — 6 13 3 Louisville . . . 2 0 0 0 1 0 0 0 — 3 9 3 Batteries: Killen and Sugden; Hill and Wilson. Umpire McDonald. Time 2:20.

Cincinnati 9, Chicago 10. Cincinnati, August 14.—It took ten innings to decide the game between the Reds and the Colts today. The visitors tied the score in the ninth and won out in the tenth. This was McPherson at the league park. It was the occasion of presenting to the great second baseman the testimonial to which the citizens of Cincinnati generally contributed. The check amounted to \$1,789.50. Attendance 7,000. The score: R. H. E. Cincinnati . . . 3 3 0 2 1 0 0 0 — 9 12 4 Chicago . . . 2 0 0 4 0 0 2 1 — 10 14 4 Batteries: Ehret, Damman and Peitz; Thornton and Donohue. Umpire O'Day. Time 2:00.

ESCAPE OF CONVICTS.

FIVE GET AWAY BY GROSS CARELESSNESS OF A GUARD.

Surprising that More do not Escape—The Wreck on the Carolina Central—Heavy Shipment of Grapes—Home Mills Consuming all our Wheat—Confession of the Boston Bridge Train Wreckers—Wonderful Frigate of Cotton Plants.

Messenger Bureau, Park Hotel. Raleigh, N. C., August 14. Five negro convicts, guarded by a negro, escaped from the penitentiary Thursday night, by cutting through the bars of a window in the hospital wing, letting themselves down by a thirty foot chain and then getting over the stockade by means of a ladder. They are John Halliburton, life prisoner; John Johnson, ten years; John Richardson, one year; Yathe Simmons, one year; Rufus Gibson, seven years. This morning Halliburton and Johnson were recaptured in Durham county by two young white men and returned to the penitentiary.

The guard who let these men escape was dismissed. They got away either by the grossest kind of negligence or by criminal carelessness. A female hospital attendant saw them walking across the grounds about 11 o'clock p. m. The wonder is that under the present management, convicts do not get away by scores. The authorities of the prison will have trouble after September 1st, when the last of the veteran employes leaves. They do not rise to the height of the situation. They do not appreciate the danger that menaces every hour.

Yesterday afternoon a through freight train, southbound, on the Seaboard Air Line, was derailed near Rockingham and Willis Taylor, colored, a brakeman, was killed. Six cars were utterly wrecked. Early this morning a wrecking train of five cars left here for the scene. Near Osgood the caboose left the track and went down an embankment. Conductor Davis was in the caboose and was so badly brised he had to return here.

Whiting Bros., grape growers here, have shipped 1,000 crates entirely of Delaware grapes, and H. Bilyeu has shipped 500 of the same grape. They are now making unfermented grape juice by a new process.

Joseph G. Brown, president of the Citizens' National bank, of Raleigh, left for Detroit today to attend the annual meeting of the American Bankers' Association.

Senator Butler announces that during the remainder of the year he will personally edit his paper here.

There is a notably large increase in the number of roller flouring mills in this state. These are using every bushel of wheat grown in the state.

In the matter of the finding of a true bill against the two white convicts who confessed they caused the Boston bridge wreck in 1881, no less than five witnesses were examined, two of them from Kingston, N. C. The convicts told two of their fellow convicts, whose terms had nearly expired, so they could get the money they had taken from persons on the wrecked train and had hidden.

The Governor's Guard goes to Ocean View tomorrow, remaining until Tuesday. It will not, owing to its late sad experience, take part in the sham battle there.

To more cases of outrage by negroes are reported today, both of negro children less than 12 years old. One case in near Hendersonville, the other near Durham.

Preparations for the state fair here in October are very active. All indications are that it will be a notably good one from an agricultural point of view. This is a wonderfully prosperous year and the people are in the humor for such things as fairs and other gatherings.

The Cumcock coal mines during July sold 2,000 tons of coal, most of it to the Seaboard Air Line. This month it will sell more.

Ed. H. Lee, a large cotton dealer, was asked today his opinion of the cotton crop. He says he never saw a finer one. He says the plants will actually have to shed one-half the fruit now on them in order that the remainder may mature; that it can shed two-thirds and yet be a big crop. He says that a little later there will be a cry that cotton is shedding, but that no one need fear.

The funeral of ex-Chief of Police Charles D. Heart was held this morning. The Odd Fellows were in charge. Your correspondent desires to make special acknowledgment of the many courtesies shown him by Private Secretary Alexander while making the extracts from the Vance letter books. These extracts have been received with marked favor all over the state.

Governor Russell left this morning for Wrightsville, to remain until Monday. He tells me he will not be able to go to Ocean View and Old Point next week.

A Ringer on the Track—Cincinnati, August 14.—A supposed ringer was run at Newport today and all bets are held back pending investigation by the judges. The horse is Waban, a chestnut colt, 4 years old, by Sir Joseph-Hulda, and was entered in the name of Sprags & Lydy. Waban won the second race under a pull, breaking the heavily backed favorite Wagona and several others. A horse of the same name has started several times at the local tracks, but whether this is the same animal or not is what the judges are going to find out before bets are paid. Waban opened at 10 to 1 and was backed down to 9 to 2 at post time. He was ridden by James, one of the best boys at the track.
