The Cuban Tariff Law

Washington, September 22.-Copies of the new Cuban tariff law as recently gazetted at Madrid, have been received here. They show in detail the manner the basis on which reciprocity can be secured. The preamble recites:

AN ELASTIC CURRENCY

Section of the Country-The Advance in Interest Rates in New York Caused by De mands for Money to Move the Cotton

Washington, September 22.-Deputy Comptroller of the Currency Coffin, in liscussing the recent advance in money rates in New York said this morning:

"Some of the recent sharp advance in rates of interest on demand loans in New York is no doubt due to speculative manipulation of the stock market, but I think the impulse to this upward turn has been given by the heavy withdrawal from New York of funds for the legitimate purpose of moving the cotton crop now coming to market. As a resident of South Carolina, familiar New Orleans, September 22 .- The of- with the movement of this crop, I have al bank statements, as well as on the month of September. "The average value of the cotton yield is about \$300,000,000 and it is practically marketed between October 1st and March 1st., or within a period of five months, but it is peculiar in this respect, that only about one ninth of the entire crop which this year is 9,000,000 bales, remains in the section where it grown, Of the remaining eightninths about 2,000,000 bales are shipped north, where it is manufactured, while about two-thirds of the entire crop are pounds each, a total of 333,300 yearly. Maryland Steel Company at Sparrow's exported from the United States. The rapid removal of so large a proportion of this great product within so short a period of time, requires a large amount of actual currency, for most of the cotton is paid for at interior towns at the south with spot cash. As the cotton growing region is not densely populated, the accumulation of banking capital there is not sufficient to provide the enormous amount of money needed for a few months to move the crop, and for borrow largely from banks in other sections during this crop period. This is reflected in national bank reports of the past few years by the figures, showing the amount of money borrowed by national banks in the distinctively cotton the Cubans. He offered the good offices of the United States in affecting a settlement of the Cuban troubles, which practive when the borrowings of the state banks in these states are added to those of the national banks, and it is understood that the most of this money is borrowed from New York, it can be seen how potent a factor the cotton crop

Raleigh, N. C., September 22. J. Y. Hamrick, state labor commissioner, returned today from a tour in the extreme western counties. He says there is much activity at the marble quarries in Cherokee, where there are fifty square miles of marble. It is all shipped to Georgia and Tennessee. There it is passed off as marble from those states. Thus some of it was used in the new library at Washington. A Governor Russell reprieves Lun thousand men are mining tale in Cherokee, Swain and Macon; some in Clay. hanged at Whiteville next Friday for In Jackson and Swain at least 500 men are mining corundum. No less than 2,500 are at work in the mica mines. At some of these 100 men are employed. Mitchell and Madison are the centre of this industry. Mr. Hamrick visited the Ducktown copper mine where 1,000 men are at work. It is in Tennessee, about a mile over the line. There is a dispute as to the line. The vein leads into North Carolina. Mr. Hamrick next goes east to get up facts relative

to the trucking industry. The railway commission has heard the dispute between the Meherrin Steamboat Company and the Atlantic Coast Line relative to freights from Murfreesboro. The matter is now In course of adjustment and a compromise is probable, by which the Citizens' Line of steamers can haul freight daily to Murfreesboro.

Constant inquiry is made as to what steps Governor Russell will take regarding the two Wilsons, railway commissioners. Private Secretary Alexander says: "Only one man knows and he will not tell." This means Governor Russell. But Senator Butler probably

The commissioner says the estimate is a very conservative one.

The penitentiary directors were in session again this morning. The committee appointed to draw up a schedule of terms on which they would lease the prison to John H. Winder's proposition was that he appoint this reason the southern banks have to the supervisors and overseers, the penitentiary officials to name the guards. W. H. The president's message stated that under the authority conferred upon him by the constitution and with the approval of the cabinet, he had negotiated a treaty of political union between the United States of America and the republic of Hawaii, which was signed by the plenipotentiaries of both governments in Washington, June 16, 1897. He transmitted the same to the senate for consideration stitutionality, and called attention to certhe matter. He touched upon the adoption of the policy of annexation by the provisional government on June 17, 1893, and stated that the reasons which then necessitated that policy still existed and that subsequent events had emphasized their importance. Both papers were referred, with th text of the treaty, to the foreign relations committee for consideration. On the

following day that committee reported fa senate adopted the following resolution by unanimous vote: "Be it resolved by the senate of the re-public of Hawaii, That the senate hereby ratifies and advises and consents to the ratification by the president of the treaty between the republic of Hawaii and the Inited States of America on the subject of annexation of the Hawaiian islands to the United States of America, concluded Batteries: Dunkle and Boyle; Swaim in Washington, June 16, 1897, which treaty

The Injunction in Horse Racing New York, September 22.-It was cold and cheerless at Gravesend today, but there was a fair attendance, although the card was poor. After the second race, Roy Caruthers claimed Howard Mann, but was superseded by E. J. Baldwin, who returned the horse to Pittsburg Phil. In the fifth, Taral was fined \$50 for spoiling the start, John Nixon today served an injunc-tion granted by Judge Garrettson upon the Brooklyn Jockey Club, ordering it to show cause why his hurdle racer ruled off at Saratoga, should not be permitted to start at the Gravesend
