Report From Mississippi.

Washington, September 12-The navy | either to the Philippines or department has arrived at what it regards, as a fair and satisfactory settlement of the question of awarding the contracts for the construction of the three proposed battleships. When the bids were opened, it was found that for the fast ships desired the Newport News Company was the lowest bidder, Cramp next and the Union Iron Works just above, and all within the limit of cost fixed by congress. It was the original plan to award the contracts in that order. But upon examination of the plans submitted by the bidders it was found that the only thoroughly satisfactory one was that submitted by Cramp, who had simply taken the alternate plans suggested by the navy department, which amounted to lengthening the hull of the ships from infteen to twenty feet in order to gain room for the more powerful engines required to drive the ship at a speed of eighteen and a quarter knots instead of sixteen knots, as first proposed. After considering the subject in, all aspects the board of naval bureau chiefs has hit upon a solution of the ones tion. The president has decided that it will impracticable for the troops, at Montauk to take part in the projected parade in New York city. He has talked the matter over with General Miles and with Acting Secretary Meiklejohn and it was finally determined to let the matter be decided by the physical condition of the men. To ascertain this, the medical officers at the camp were called upon, as was General Shafter. All reported that the men would not be able to stand the fatigue of the parade before the first of next month at the earliest.

EFFORTS TO STOP FIGHTING IN THE PHILIPPINES.

Madrid, September 12 .- The French ambassador at Washington, M. Cambon, who has been acting for Spain in the peace negotiations, has cabled to the government here the American reply to the Spanish note protesting against hostilities upon the part of the insurgents in the Philippine islands. in spite of the peace protocol. The United States promises to send envoys to induce the Togalos to respect the suspension of hostilities, and to prevent vessels leaving Manila with insurgents having the intention of propagating the insurrection in other is Jands.

Washington, September 12-The Madwid dispatch in regard to the Americau reply to the Spanish note protesting against hostilities on the part of the insurgents of the Philippine ishands, was shown to the first secretary of the French embassy.
