THURSDAY, OCTOBER 13, 1905.

CHADBOURN'S ACCOUNT OF THE GREAT RACE.

The very amusing part of Mr. Chadbourn's "The Great Race" is his attempt to give the black radical party government full credit for what he claims to be the unprecedented prosperity of Wilmington, especially anything seen since the war.

First, the cost of building was never before so little. A contractor said to us, "there was never before so favorable a time for people to build."

Second, we much doubt if there is a single house built in Wilmington that has built because of any benefits derived from confidence reposed in the black and white combine to dominate

Germany greatly appreciates Shakespeare. In 1897, in German theatres "Othello" reached 12 performances.

There is some amusement in the lists published in the New York Saturday Review of the "Twenty-Five Best American Novels."

Mr. Savage Lander's book on Thibet, will have a title of "In the Forbidden Land," and will be in two volumes.

every White Man demanding a White Man's government.
The old historic county of Halifax is greatly afflicted in having forced upon it seventy-three nigger officials.

The blight of death falls upon a people when black radicalism touches it. Wake county is largest in population of all the counties and is a good county.

It came to our ears weeks ago that one house in Wilmington was selling cartridges largely to the negroes.

LITERARY Gossip.
London "Literature," reviewing Dr. Bush's book on Bismarck, says of its revelations of the great Chancellor's character "yet his work is in reality that of a home-ruled, far from unconsciously strips the old Chancellor of the glamour of his splendid achievements and leaves the man standing naked in all the coarseness and brutality of his elemental nature."

That Indian war may amount to much before it is squelched. It is said bad treatment by white officials caused it. Very likely.

The more we read of Gen. Joe Wheeler the more apparent he is as the real hero of the Spanish war. The Washington Post recently had two very eulogistic editorials upon the Alabamian and in one of which he was religiously treated as a "Paladin," a distinguished "Champion of our country."

Great change reported from the Wilmington Post recently as to the nomination of the Philippians to the United States. The Germans now want Uncle Sam to have and to hold. They "hope above all things that they will not be returned to Spain. Nations flop as well as people in politics."

The Washington Post thinks the next Congress will be republican by a small majority. It says all the Silver States are as hot as ever for silver. "Jesse" Mr. Mader. It gives republicans 166 certain, democrats 130; populists 13 silver republicans 4, doubtful 42.

The cotton-planting business in this goodly and much favored southernland continues to advance. It is estimated that all the cotton fields in this section of the state last year. There was but 30,000 acres last year. The number of mills equipped was 37. There were projected for 1898 15 more. The business this year is as good and as favorable as last year, and by end of year a fine crop will be made. At the University of North Carolina that is the beautiful town of Chapel Hill, a new hall is to be erected, and is even now building. Its capacity will be 10,000 students, but will begin with 5,000. Cost of plant \$70,000. Mr. Thomas F. Lloyd is in charge and is perhaps having it built himself.

THE LIES TO DEMOCRATS' FAVORING NEGRO SUPREMACY.
The negroes know it is a lie when their white radical allies of the Thompson-Bismarck stripe tell them that the democratic party favored giving office to the negroes, and gave it to them in greater supplies than the black radical party have given it. The lie is so black and so patent that the thing known as the black radical party would not willingly say it. They are only a few of the things that the black radical party are doing to the negroes. They are doing it in a more open and more brazen way than ever before. They are doing it in a more open and more brazen way than ever before.

THE NAVAL BATTLE MAKES ITS REPORT ON THE BATTLE OF SANTIAGO.
The Naval Battle makes its report on the battle of Santiago. The report is that the American fleet, in the battle of Santiago on July 3rd, obeyed the general orders of Rear Admiral Sampson, given in advance to meet just such an emergency. It was essentially a captain's fight. This is the substance of the report of the naval board which has been investigating disputed points in the battle.

WHAT NORTH CAROLINA EDITORS ARE SAYING.
There is not a negro fool enough to think or write the popular leader mean enough to charge that the negro can get office in the democratic party. The republican leaders, as we understand it, do not seek to cover up or dodge the present condition in the city stand for their support and they stand by him and their policy of giving him the local offices. It is their fight, but they publish no hand book—Reidsville Review.

The white race were very humble and polite to the negroes until they arranged to fuse with the populists, and even implored them to allow them equal representation in their county convention; but when fusion was agreed upon they ruthlessly kicked the negro aside and said, at least by their action, of course we want your equal representation in the county office—and the poor creatures were wined. But there is a howl in the negro camp. There is much dissatisfaction among the colored people, if they do not put out a separate ticket, many of them will not vote at all. How can they respect those who treat them thus?—Cotttingham socket.

But the democratic party never has a never-will-but-a-negro-in-position to exercise authority and control over white people. It denies that the negro is the equal of the white man. It declares that the negro race is an inferior race. It is "generous and kind" to the negro as it is being, in a strong superior race to a kind inferior race. It has done so and will continue to do so. It does not ask the negro to be a condition of precedence. It is moved by a higher motive. It seeks the negro's improvement and the elevation of the race. But he must always occupy a subordinate position. Democratic party favors giving authority and control over the persons or affairs of white people. This government is a white man's government.
