GENERAL BROOKE THE MILITA-RY GOVERNOR OF CUBA.

It was formally, announced today the president had designated Major General Brooke to be the militury governor of the island of Cuba. used new post carries with it all the control over the military and civil tranches of the island formerly exerelsed by the captain general under nonors were rendered. the Spanish regime. General Brooke arrived in this city today from Fort Monroe. Each of the provinces will have a military governor, but General ceremonial were virtually a demonstra-Brooke will be in supreme command tion against the Hotel Inglaterra outrage. of the island.

In answer to a question as to when he intended to assume his new outles, General Broske replied that he would proceed to Havana and take charge just as soon as he could organize his staff and forces. Such disturbances as occurred in Havana night before last, It is believed, may be expected to reoccur there and to happen in some of the othor Cuban cities and towns. And, as the United States is pledged to restore the reign of law and order in Cuba General Brooke will be under the necessity of providing an elaborate system of administrative machinery in rder to hold the disorderly elements in check and secure a proper appli-

cation of the laws. General Ludlow, the governor of Haana, is already giving his attention to the organization of a sem!-military force to take the place of the orden publico and garde civile' the Spanish police forces which maintained order in towns and country. The repairlation of these forces recently has left this country and particularly the city of Havana exposed to an epidemic of

The navy department has taken steps towards possessing itself of the navy yard at Havana, and orders just issued assign Commodore B. J. Cromwell, now a member of the examining board, to duty as commandant of the new naval station there, and Chief Engineer C. P. Howell and Lieutenant J. H. Glennon and Pay Master J. Somth and Surgeon J. D. Gatewood to Juty at the same station.

The navy department has just learned that the Spanish government is the stretch. No snow was falling. As about to sell the splendid floating dry dock, which was brought to Havana uation he wought the train up with a bodies in the ruins, as the list of missfrom Engiana just before the war, at a cost of \$650,000.

Admiral Sampson, the naval representative on the evacuation commistion, made a determined struggle to have the dock passed to the United States with other property of a permanent chara ter, but he was overruled by his colleagues on the commission. Generals Wade and Butler, who accepted the Spanish contention that the dock should be regarded as a ship and not as stable property. The dock membered. The body of one man to be sold, therefore, by the Spanish officials next Friday. There are signs that private parties are preparing to bid for it. The navy department contemplates with the greatest vexation the prospective loss of this splendid structure, as a dry dock of large proportions will be an almost necessisy in Havana so long as the American navy is to be maintained in those waters. It is possible that the attention of congress having been attracted to the subject, an attempt may be made to purchase the dock on the part of the United States or rather on acount of the government of "yba that
