The officials of the navy department are confident that such of the men of the Yorktown as escaped being killed outright in the first ambuscade will be well treated by the insurgents. Some time ago the war department made in quiry as to the number of American prisoners held by the Philippinos. In reply General Otis referred to two such idiers, and said that they were being fairly treated by the insurgents, he supplying funds to defray the cost of their food. The reports made to the navy department by Paymaster Wilone of Dewey's officers, who made a trip across the island of Luzon from Manila to the north coast, described the condition of the Spanish officials who were the prisoners of the insurgents, as very comfortable. In many cases he said, the officials were only nominally in confinement, being allowed the liberty of the towns.

DISAPPEARANCE OF LIEUTEN-ANT GILMORE AND PARTY. Manila, April 19.—4:35 p. m.—Admiral Dewey has been notified of the strange disappearance of Lieutenant J C. Gilmore and fourteen members of the crew of the United States gunboat Yorktown. On Saturday last the Yorktown anchored off Baler on the east of the island of Luzon and about 200 miles from here, where there was a Spanish garrison of about fifty men, which had been defending itself against several hundred Philippines for months

Lieutenant Gilmore, Ensign Standley and a boat's crew were sent up the river from Baler bay to communicate with the Spaniards, the town of Baler ing situated some distance inland. Ensign Standley, who landed at the mouth of the river, reports that the heard three volleys, a bugle call and cheers from up the river, but that the automatic gun which was part of the equipment of the boat, was not heard firing. Standley, later, paddled to the Yorktown in a canoe. A search was made for the Yorktown's boat and her crew, but no trace of them was found and the Yorktown sailed for Iloilo, fron which place her commander cabled t Admiral Dewey his theories that the Philippinos had captured or sunk the boat or that the Sjaniards had rescued

Charleston, S. C., April 19 .- The committee on information has prepared an official statement as to the accommodation that can be furnished during the Confederate reunion, which takes place in Charleston, May 9th, 10th, 11th, 12th and 13th. The statement shows that the committee is prepared to furnish board and lodging to 40,000 visitors at very reasonable rates. The accommodations are much betten than those usually offered on such crowded occasions by any city, because Charlestonians, realizing the need of sustaining a long enjoyed reputation for hospitality, have thrown open their homes for the entertainment of the visitors. The prices that will be charged during the reunion are very reasonable and any attempt at extortion will be given publicity enough to make it ineffectual. The prices arranged for by the committee are as follows: Lodg-ing and three meals \$1 to \$2.50 per the United States as soon as the necessary transportation can be secured. Pennsylvania will have only one representative in the United States senate during the next two years. After the taking of the ballot in joint convention a motion was offered by Mr. Fow, democrat, of Philadelphia, and adopted, that a vote of thanks be tentered the officers and that the convention adjourned sine die. The legislature will adjourn finally at noon tomorrow. There was no change in today's voting, the friends of ex-Senator Quay standing by him and the anti-Quay republicans by B. F. Jones, of Pittsburg, while the democrats cast their vote for George A. Jenks, who has been their candidate since the deadlock began. The senatorial contest began on January 17th. On that day Senator Quay received his highest vote, 112 senators and representatives casting their ballots for him. This was thirteen less than the number necessary to a choice. and he never came nearer an election during the more than three months' struggle. No such bitter political contest has probably ever before been waged in this country. The fight has been distinctly on Quay and anti-Quay lines, and both sides had numerous representatives here at all times keeping a close watch on the members and on each other. Both sides promise that the contest for supremacy will be carried into every county in the state and waged incessantly until final supuremacy is assured. Boston 7, Brooklyn 0. Boston, Mass., April 19.-The Na ional League base ball season in this city opened this afternoon when the Champions met the new Brooklyn club and shut them out for the second time since the season opened. The home team opened up on Kennedy in lively fashion and in the third inning he was relieved by McFarland, who pitched a good game. Owing to the immense number of spectators who encircled the field. ground rules were enforced, each batter being allowed a base for a hit into the crowd. Attendance 12,000.
