Washington, July 31.-Up to the hour when the departments closed today the state department had not called upon the navy department for a ship to go go into Venezuelan waters. In view of the serious condition of affairs there and the unsettled condition in the neighboring republic of Colombia it is not improbable that an American warship will be sent to the scene of trouble for the protection of American interests. If a ship is called for som difficulty might be experienced in finding a suitable vessel for the mission. About the only ship available at this time is the small gunboat Machias, fitting at the Boston navy yard. That vessel would, however, not be ready to

sail for about two weeks. There not a single American warship in southern waters. In case of extreme urgency, one of the battleships now in commission could of course be sent.

"R. H. PETERS,

"Converse Colllege, Spartanburg, S. C., Sept. 19, 1898 "Mr. H. C Folk, Dear Sir:-In reply to yours of the 16th Inst., I beg to say that I am not acquainted with Smith & Barnes; therefore can give no opin ion. I have had opportunity to observe the STIEFF, having had an Upright in my house for two or three years, and last year we purchased a full size 'oncert Grand of this make, with which we are thoroughly satisfied "The Upright in my room has been in constant us? five or six hours a day t is wearing splendidly, the tone and touch I have not seen equalled. "I strongly recommend you to get the STIEFF, tone, touch and durability are strong points in favor of it, and you will cetrainly get the worth of cour money. I may add that I have no interest whatever in the sale of STIEFF, or any other planes.
