Woman's Debt to Cardui

Wharton, Texas, January 31, 1901. Before I began taking Wine of Cardui and Thedford's Black-Draught I had almost given up the idea of trying to get relief from my trouble. My menses did not last more than two days and I had cramps in the lower part of my stomach and my limbs ached. My eyes and nos-trils became sore. But now since taking Wine of Cardui and Thedford's Black-Draught I passed this month without a pain and ran the whole time. I feel like a new woman. I advise all suffering women to take Wine of Cardui. I owe my health to your wonderful "Woman's Relief".

Why will any woman hesitate to take Wine of Cardui with Mrs. Paige's plain, honest story before her?

WINE OF CARDUI

regulates the menses perfectly and cures all the distressing ills that are caused by the irregular flow. There is no excuse for any reader of this paper submitting to days of suffering every month. Do you think Mrs. Paige would let her trouble run another day again, now that she knows what it is to be well and strong? You will be like another woman in a short time if you secure a bottle of Wine of Cardui from your druggist today and take it according to directions. Mrs. Paige is only one among thousands of women who have secured relief from Wine of Cardui. It cures leucorrhoea, falling of the womb, and every kind of "female trouble." Try it!
