

The English and Virginia Commissioners are holding secret sessions.

Porter Wimby, a negro, has been bound over in the sum of \$1,200 for his part in the Greenville, S. C., robberies.

A private letter from Ex-Secretary Manning, the first he has written for months, has been received by a friend in New York and pronounces him in better condition than at any time since his attack.

Montana claims to have the four greatest mines in the world—the Anaconda, Bluebird, Granite Mountain and the Drum Lummon.

The Danville Daily Register says that when Sir Edward Thornton arrived in Richmond, the other day, there was no official at the cars to receive him, and suggests that this looks like a very poor showing of Virginia hospitality.

Millionaire Jacob Sharp was before the court in New York city on the 29th, charged with bribery. His lawyers wanted the court to quash the indictment against him.

The telegraph informs us that Local Assembly No. 3,217, Knights of Labor, have adopted resolutions censuring President Cleveland because of his action in ordering troops to Dakota to evict settlers on the Crow and Winnebago agencies.

Mr. Dakin, the member of the Michigan Legislature, an account of whose accusation for bribery was given in the NEWS a few days ago, has been tried, found guilty and expelled. Yet there is very much sympathy expressed in his behalf.

Keep the Boys at Home.

The Moravians in former years practiced a number of customs, which to-day, would appear peculiar, but they were good and time and progress have not improved upon them.

In all well-regulated communities the boys are kept at home af-

ter dark. The result is, they get plenty of sleep and are kept from indulging in excesses, which make old men of young ones. A young man can use up his vital forces in five years, or he can prolong them till he reaches seventy.

Remember, oh, youth, that "God shall bring every work into judgment, with every secret thing, whether it be good, or whether it be evil."

After all, parents are at fault for the evils communities are suffering for the crimes committed by the youngsters. As the twig is bent the tree is inclined, and so it will grow.

The Value of a Quarter.

We imagine that a quarter of a dollar can be changed 215 different ways. The pieces used in making the changes are the 20 cent piece, 10 cent piece, 5 cent piece, 3 cent piece, 2 cent piece and one cent piece.

Rev. E. M. Joyner, editor of the Church Messenger, and rector of the Episcopal church at Rock Hill preached at that place last Sunday upon an interesting topic. He preached upon murder and bloodshed of all kinds, but dwelt particularly upon the recent lynching of the five murderers at Yorkville.

MUSICAL.

A musical exchange has an article on "Silent Music." The worst of it is, that there is altogether too little of the article.

"That's rather a chestnut," said Jones to Tompkins, as Miss Brown said she couldn't sing because of a cold.

Stranger—"Does Mr. Jones live on this floor?" Musical young lady—"No, sir; his room is an octave higher in the next flat."

A trombone player has been added to the Marine Band. In view of possible complications with England, it was doubtless wise to begin to strengthen our navy.

Some one has invented a machine for moving upright pianos. If some upright man will now invent a quick method of paying the purchase money, everybody will have a new piano.

An exchange wants a law passed compelling singers to appear when advertised. A law compelling some of them to advertise when they are going to appear, would give the populace a chance to take to the woods.

Edith—"Ma, that new maid is awfully stupid." Mamma—"What has she done?" Edith—"I wanted to practice a little, so I sent her to the music-room for 'The Lost Chord.'" Mamma—"Well?" Edith—"She brought me the clothes line."

"It Saved My Life"

Is a common expression, often heard from those who have realized, by personal use, the curative powers of Ayer's Cherry Pectoral.

About six months ago I had a severe Hemorrhage of the Lungs, brought on by a distressing Cough, which deprived me of sleep and rest. I had used various cough balms and expectorants, without obtaining relief.

I did so, and am happy to say that it helped me at once. By continued use this medicine cured my cough, and, I am satisfied, saved my life.

I have used Ayer's Cherry Pectoral for over a year, and sincerely believe I should have been in my grave, had it not been for this medicine. It has cured me of a dangerous affection of the lungs, for which I had almost despaired of ever finding a remedy.

Ayer's Cherry Pectoral saved my life. Two years ago I took a very severe Cold which settled on my lungs. I consulted physicians, and took the remedies they prescribed, but failed to obtain relief until I began using Ayer's Cherry Pectoral.

Ayer's Cherry Pectoral, Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists. Price \$1; six bottles, \$5.

No Whiskey!

BROWN'S IRON BITTERS is one of the very few tonic medicines that are not composed mostly of alcohol or whiskey, thus becoming a fruitful source of intemperance by promoting a desire for rum.

BROWN'S IRON BITTERS is guaranteed to be a non-intoxicating stimulant, and it will, in nearly every case, take the place of all liquor, and at the same time absolutely kill the desire for whiskey and other intoxicating beverages.

Rev. G. W. RICE, editor of the American Christian Review, says of Brown's Iron Bitters:

Cin., O., Nov. 16, 1881. Gents:—The foolish wasting of vital force in business pleasure, and vicious indulgence of our people, makes your preparation a necessity, and if applied, will save hundreds who resort to saloons for temporary recuperation.

BROWN'S IRON BITTERS has been thoroughly tested for dyspepsia, indigestion, biliousness, weakness, debility, overwork, rheumatism, neuralgia, consumption, liver complaints, kidney troubles, &c., and it never fails to render speedy and permanent relief.

To the People.
