THE LATEST NEWS.

Candidates for the Vacant Judgship.

WASHINGTON, May 15th .- There is considerable gossip about Justice Wood's probable successor on the Supreme Court bench. Friends of several candidates have begun an active canvass. It is quite evident that there will be considerable opposition to the selection of Attorney-General Garland. Senators George, of Mississippi, and Coke, of Texas, are among those most prominently mentioned for the vacancy. Mr. George was Chief Justice of the Supreme Court of Mississippi when elected to the Senate. Mr. Coke is an ex-Judge of the Supreme Court of Texas. Mr. Coke is fifty-nine years old, and Mr. George, sixty-two. Both men would be glad to receive the appointment, and both are qualified to fill the position with credit. It seems to be generally understood that a Southern man will be selected.

Brutal Treatment of a Girl.

PORTAGE, Wis., May 15 .- Some sensational developments were brought out in the District Court yesterday in the suit of Miss Anna McMillen against John Page, a wealthy farmer. Miss McMillen was bound out to serve Page, when she was only seventeen years old. Not content with making her do all the work at the house and a great deal of outdoor work, Page brutally ill-treated her, striking her on many occasions and felling her to the floor once. Three neighbors swore to plough in the fields and not only to plough daytime, but often a whole day and then a whole night without rest, using a team of horses in the daytime and a span of mules at night. The suit was a civil one and the jury gave the girl \$800.

It Was a Substantial Ghost.

BRAZIL, Ind., May 15th. - For several nights the home of the venerable Dr. John Williams, near Bowling Green, has been the scene of extraordinary manifestations, which the family and neighbors attributed to ghosts. The night before last, however, neighbors surrounded the house and lay in wait. Near midnight they were startled by four or five shots fired rapidly in the house. Rushing in they found Ed Williams, aged eighteen, a grandson of the doctor and members of the family, hurrying up the stairway as in pursuit of some one. He was bleeding profusely from a fleah wound and he graphically described an encounter with an armed burglar. At daylight, however, he was missing and with him \$1,800 belonging to his grandfather.

Queer Widing Places for Money.

PHILADELPHIA, May 15 .- Dr. John Burnett, who kept a small store on South Fourth street, in this city, where he sold a patent medicine bearing his name, was found dead in bed this morning. He had been living alone for the last year, and the house was in a very dirty condition. Old age. and general debility are supposed to have been the cause of his death. The police searched the room in which he was found and discovered \$2,700, the greater part in gold and silver, hidden away in crevices and old boxes. Some of it was tied up in bunches of rags and old socks. There was plenty of food in the house.

Prosperity of Mrs. Kate Chase.

WASHINGTON. May 15 .- Mrs. Kate Chase, who is living quietly at Edgewood, has many marks of attention shown her from Justice Chase's oid friends. Her financial fortunes are reviving with the boom in suburban real estate. She has recently been offered \$150,000 by a syndicate for the Edgewood property.

A New Natural Gas Well.

WABASH, Ind., May 15 .- A most powerful natural gas well was drilled to-day at La Fontaine, near this city. At a depth of 900 feet gas was struck and in fifteen minutes a column of pulverized Trenton rock, water and sand shot 100 feet in the air, indicating an enormous pressure.

Views of a Country Parson.

WARSAW, N. Y., May 15 .- The Harvard College quartet gave a concert here on Friday, and a Boston lady appeared as the soprano. Her dress was slightly decollete and without sleves, although her arms were encased in long gloves. To-day, before the large congregation of the Congregational Church, the Rev. Mr. Pierce, while speaking of dress, said that this woman, mentioning her name, instead of winning plaudits from the audience should have been hissed from the

OUR WINSTON LETTER.

WINSTON, N. C., May 16th .- A match game of Base Ball was played here on Saturday evening between the "Wachovias" of this city and the "Live Oaks" of Oak Ridge, resulting in a signal defeat of the "Wachovias." Two causes contributed to this result and the game was by no means a fair test. In the first place the "Live Oaks" had an umpire on the stand who was up to snuff. They had the privilege of designating the umpire and they had one made to order. He was an Oak Ridge man and did Oak Ridge umpiring. In the second place, in the very outset of the game the "Live Oaks" made a very brilliant chance play which so hacked our boys that they never regained confidence again during the game. A fly was batted on which by a stroke of good luck the "Live Oaks" made three runs. Up to that time two or three innings had been played and the score stood I to I and every body predicted that she was several times compelled | that it would be a close game. After the play mentioned, however, the "Wachovias" lost confidence as was shown by wild and reckless playing. About the fifth inning they quit trying altogether and all the runs afterward made by the "Live Oaks" were practically given to them.

The newely elected board of town Commissioners made some changes in the city police force at a recent meeting. Mr. Hugh Martin was dismissed from the force and Mr. J. P. Penny elected in his place. Mr. John Merony was elected chief police and Mr. N. D. Dowdy, formerly of your city and who had served as chief up to this time was reduced to the rank of surbordinate. The opinion has been expressed that the removal of Mr. Dowdy from the position of chief was not altogether acceptable to the community. Mr. Dowdy was a faithful and efficient officer.

. The apparatus for the City Electric Light System have arrived and a spacious brick building for the accommodation of the plant is being erected in the rear of the jail. It is expected that electric fire will illuminate our streets in the course of a very few weeks. An enterprise is also under consideration for a street railway system to be driven by electric motive

It is reported that \$15,000, the amount of subscription requisite to the organization of a stock company to build the Roanoke and Southern R. R. has nearly been secured.

Dr. S. L. Burkhead, pastor of Centenary Methodist Ediscopal Church, returned Wednesday night from the annual missionary meeting of Bishops at Nashville Tenn.

THE FINE ARTS.

Alma Tadema, the artist, has a staircase of sold brass in his new residence

The wife and daughter of Alma Tadema have contributed two charming little pictures to the Grosvenor gallery, London.

F. E. Church inherited great wealth and is therefore one of the few artists who can devote themselves to their passion as they please.

Judge Hilton gave Meissonier's painting of "1807" to the Metropolitan Museum of Art. He has also presented the museum with Detailles' "Defense of Champigny."

An aquarelle by Adolf Menzel, seventeen by thirteen centimenters in size, was recently sold at 5,000 marks (making at that rate a price of 226,300 marks per square meter), the highest price probably ever paid in Germany for a work of art.

W. W. Story has finished in Rome a statue of Christ in Arab dress, the head bound with a scart and the shoul-

ders covered by a square mantle. The figure is that of a tall, slender young man, with the left hand resting on the

breast and the right extended. Among the Boston artists whose pictures have been admitted to the next Paris Salon exhibition are Walter G. Page, Frank O. Small, Louis Ritter, Childe Hassom, E. B. Sewart and Albert H, Munsell. Mr. Page's picture is a study of a female head.

Ohio has been the mother of artists. Among her sons who have won fame with the brush or knife are Thomas Cole, Hiram Powers, James H. Beard, W. A. Powell, Worthington Whit-tredge, J. Q. A. Ward, A. H. Wyant, W. L. Sonntag, John J. Enneking, the late B. F. Reinhart and the late J. S. Wales.

STAGE CHARACTERS.

After she finishes her engagement in this country, Mme. Bernhardt will go to London, where she will appear in the Lyceum theatre.

Mme. Patti has as household companions three dogs and six talking parrots. Wonder if she stuffs cotton wool in her ears when they become communicative!

Gounod has lately had the courage to express his mind on the subject of indiscriminate instruction in pianoforte playing, as follows: The study of the piano in girls' education should occupy the least time possible, except for those who intend to make it their profession.

Generally speaking, blue eyes sigify constancy and devotion to friends. Black eyes denote as a rule a sen-

The main characteristics of the violet eye, which is called the woman's eye, are affection and purity, chivalric belief and limited or deficient intellectuality. Grey eyes are the most expressive

of all eyes and denote strong qualities of mind and soul. Persons with gray eyes usually have a great deal of pa-Self satisfaction and conceit are

commonly the characteristic traits represented by the green eye. When the tinge verges on yellowishness it denotes that the possessor is gifted with strong powers of imagination. The very light blue eye is character-

istic of the northern races and in a woman it suggests constancy and truth, steadfastness, simplicity, courage and purpose. In a man it is apt to denote a phlegmatic disposition.

Brown eyes are the eyes of the south and east and denote as a general rule passion and lack of originality. In women they mean jealousy and cruelty very often, and in men courage, superstition and mild reck-

Blue eyes usually go with light hair, but when they go with dark hair and complexion there is coupled with the affectionate qualities a tendency to deceive, stimulated by an ambition for conquest and leading to the gratification of admiration.

An Educational Drawback.

Nebraska has a college with a million-dollars endowment, twelve professors and 200 students, but it languishes. The trouble is that it has no distinctive yell. A college without a yell is a poor affair.—Philadelphia Call.

That feeling of weariness, so often experienced in the spring, results from a sluggish condition of the blood which, being impure, does not quicken with the changing season. Ayer's Sarsaparilla, by vitalizing and cleans-ing the blood, strengthens and invigorates the system.

Room Enough for All.

Mr. D. E. Thomas' old building, which was removed from the corner near the Market and put at the lower end of the long building opposite the Star Warehouse, has been nicely fitted up for Mr. S. B. Bullock, who has made some notoriety for keeping good eatables. Hereafter this house will be called the "National Hotel."
