Colored troops will be permitted to compete at the Chicago inter-national drill.

Miss Minnie E. Folsom, a near relative of Mrs. Grover Cleveland, has become preceptress of the Brookings Agricultural College in Dakota.

King Humbert, of Italy, is an exceedingly small eater on all occasions, and, as to drink, his guests may have it in plenty, but his favorite tippie is water.

Miss Annie Thomas, of Billings, Mon., is the busiest woman in that busy territory. She conducts a 6,000 acre ranch, looks after valuable timber property, and has an interest in two paying mines near Butte City.

A Lowell Mass., jeweler has allowed himself to get too smart. He has been caught stealing electricity from the telephone exchange and using it for some of the processes of his business. It is surmised that the judge before whom he was tried may find it difficult to find precedents in such a case.

Mrs. Grace Brotherson Deems, who recently sued her husband, Dr. Francis M. Deems, son of the Rev. Dr. Chas. F. Deems, for divorce, in New York, has written a letter begging the forgiveness of her husband, who has now withdrawn his suit for divorce, and all differences are reconciled.

John Taylor, the successor to Brigham Young as the head of the Mormon church, is dead. He has been in hiding for the last eight or ten months to avoid arrest under the Edmunds act against polygamy. He was a native of England, and married first a sister of George Q. Cannon, who has been so prominent in Mormon affairs. She was a Manx woman.

Secretary Lamar is now wearing two pairs of trousers—not at the same time, though—made entirely by hand in Louisiana and by people who raise their own cotton, color it and weave it into cloth just as they did before the war. The material of which they are made never wears out, and so comes high, costing \$7.50 a yard. The color of the garments—one pair having a purplish tinge and the other being blue—might not suit everybody, but the secretary is properly proud of his homespun pants. It does one good to note the amount of genuine democracy to the square inch there is in this administration.

Lord Charlie Beresford, of the British navy, who is distinguished for gallantry, who is a special favorite of the Prince of Wales, who is a member of Parliament and who belongs to one of the oldest families of England is in disgrace—that is to say in the eyes of the disciplinarians of his country. He committed the enormous breach of etiquette of sending a private message by signal from the Queen's yacht and so much has been said about this infraction of the rules that Sir Charles has felt called upon to resign his office. It is to be hoped that Her Majesty will pardon his departure from the line of strict discipline and that he will be re-instated. He seems to be a fine fellow notwithstanding his disposition to be independent

of red tape and his appointment as Junior Lord of the Admiralty has been regarded as one of the best made by the present administration.

COMPLEXION OF THE PRESS

Whatever schemes or plans may be devised to restore prosperity to Southern farms, our firmest reliance for that purpose, is in fostering and encouraging our manufacturing interests. These will bring the home market close to the door, and thus gain what is fondly thought to reside in the power of railroads. The nearer the market the more valuable the land and the better sales for produce.—Durham Recorder.

The New York Herald is prodding the Police Justices in Gotham. There are few men in New York journalism who could not in their experiences as reporters, testify as to the high and mighty style in which the average Police Justice deals out justice. But there is this to be said in their behalf—a tougher, more worthless, more exasperating set of offenders cannot be discovered anywhere than in New York. The same may be said, proportionately, of Philadelphia. But that is no reason why the Police Magistrate should enact the role of His High Haughtiness, and have recourse to some of the methods which he adopts.—Wilmington Messenger.

In Massachusetts they have had fearful freshets. Between Miller's Falls and Erving a distance of six miles on the Fitchburg Rail Road there are twenty-three washouts and eleven landslides by actual count. When all things are considered it does seem that for actual advantages, and freedom from extremes North Carolina is one of the most fortunate sections of the world. We ought each and every one of us to gird up our loins and determine to make her the most desirable in all respects.—Goldsboro Argus.

Prof. Tyndall might be engaged in nobler work than abusing Mr. Gladstone. It is a shabby business for a native of Ireland.—Wilmington Star.

It is stated that Henry G. Williams, Senator Ransom's alter ego, has made arrangements with the creditors of ex-Congressman Reid, by which the fugitive will be enabled to return home, and seek to restore himself to his former position. That is right. There is no place like home for him to begin a new life. He has many friends who will cheer him on, and rejoice to see him restore himself to the position of a good citizen. All he needs is pluck and true grit.—Greensboro North State, Rep.

A FLAW.

It is rare, in this Southern country, that you will find a man with sufficient temerity to say anything derogatory of the constitution of the United States. The following mild insinuation, however, is from the Culpeper, (Va.) Exponent:

The men who framed the Federal Constitution were undoubtedly great, but they allowed the seeds to be planted which brought forth the war of session. By a little more firmness and decision they could have managed it, so that the question would never have arisen.

A Creaking Hinge

If dry and turns hard, until oil is applied, after which it moves easily. When the joints, or hinges, of the body are stiffened and inflamed by Rheumatism, they cannot be moved without causing the most excruciating pains. Ayer's Sarsaparilla, by its action on the blood, relieves this condition, and restores the joint to good working order.

Ayer's Sarsaparilla has effected, in our city, many most remarkable cures, a number of which baffled the efforts of the most experienced physicians. Were it necessary, I could give the names of many individuals who have been cured by taking this medicine. In my own case it has certainly worked wonders, relieving me of

Rheumatism,

after being troubled with it for years. In this, and all other diseases arising from impure blood, there is no remedy so quick and so certain as Ayer's Sarsaparilla. R. H. Short, Manager Hotel Belmont, Lowell, Mass.

I was, during many months, a sufferer from chronic Rheumatism, a sufferer which I could find, until I commenced using Ayer's Sarsaparilla. I took several bottles of this preparation, and was speedily restored to health.—J. Frican, Independence, Va.

"It Saved My Life"

Is a common expression, often heard from those who have realized, by personal use, the curative powers of Ayer's Cherry Pectoral. "I cannot say enough in praise of Ayer's Cherry Pectoral, believing as I do that, but for its use, I should long since have died from lung troubles.—E. Bragdon, Palestine, Tex.

About six months ago I had a severe hemorrhage of the lungs, brought on by a distressing cough, which deprived me of sleep and rest. I had used various cough balms and expectorants, without obtaining relief. A friend advised me to try

Ayer's Cherry Pectoral.

I did so, and am happy to say that it helped me all over. My continued use of this medicine cured my cough, and I am satisfied, saved my life.—Mrs. J. C. Coburn, 18 Second St., Lowell, Mass.

I have used Ayer's Cherry Pectoral for over a year, and sincerely believe it should have been in my grave, had it not been for this medicine. It has cured me of a dangerous affection of the lungs for which I had almost despaired of finding a remedy.—D. A. M. Winsor, Windsor, Province of Ontario.

Ayer's Cherry Pectoral cured my cough. Two years ago I had a severe cough, which settled on my lungs. I consulted physicians, and took the most expensive medicines, but to no purpose. I was in a precarious condition, but I had to keep on until I became miserably weak and exhausted. Two bottles of Ayer's Cherry Pectoral completely restored my health.—M. Allen, West Haven, Conn.
