

EDITORIAL DASHES.

—It would take about ten days out of each week for the President to accept all the invitations that have been tendered him.

—The are now in North Carolina 126 papers of all sorts—mainly weekly. Papers are published at 10 places. Altogether there are 16 dailies now issued.

—The manufacture of rubies has lately reached such perfection that the artificial product is often as valuable as the natural stone.

—Charleston is to have a new afternoon daily, the managing editor of which is to be A. B. Williams, Esq., of the Greenville, S. C., News.

—Intense heat in Illinois and the most damaging storms in New Hampshire are reported. There is no better land than North Carolina to live in.

—John Sherman's Republican Convention in Ohio demands the wholesale pensioning of soldiers and soldiers' widows. John will doubtless get all the votes of the soldiers and the soldiers' widows on that platform.

—A new theory of the final destruction of the earth is that the polar ice is penetrating the interior of the globe like a wedge, and that as soon as it reaches the furnace there will be an explosion that will split the world into pieces too small for J. Gould to build a railroad on.

—The managers of the North Carolina State Fair have determined to forbid gambling, pool selling or any other game of chance, in or near the grounds during the approaching exhibition. This is a move in the right direction. For years the State fair has been resolving itself into a huge gaming and catch-penny concern which has entirely perverted the object of the fair and attracted a class of people who represent the lowest and most degraded element of the country.

—North Carolina is on her mettle now as never before. A new impulse of life is thrilling over her and leaving no corner free from the inspiration of its electric power. We heartily second the following from the Raleigh News-Observer with reference to the approaching Grape Show: The grape-show will be an exhibition of which the whole state will have just reason to be proud. It should be seen therefore by as many as possible of the state with the wives and sons and daughters of the land as well. It will be a beautiful epitome of the progress North Carolina is making in a new and yet an old line.

—The Charlotte Chronicle very pertinently says: Time and again the press of the State has urged the publication of a new history of our people. Such a work is very much needed and we do not think a better investment could be made. The Warrenton Gazette revives the question and is of the opinion that Mr. T. B. Kingsbury, of the Wilmington Star, should be engaged by the next General Assembly to do the work. The Gazette says he should be paid \$10,000 and all travelling expenses and allowed as much time as he would need. He is a man of sufficient State pride, information and culture to give us a State history second to none that any man could write.

THE PRESIDENT'S VISIT—LET US INVITE HIM TO NORTH CAROLINA.

The anticipated visit of the President of the United States to North Carolina is a matter not merely local to Raleigh, but of State importance. Last evening it was resolved by our citizens to ask the citizens of other towns to unite in cordially inviting the President to attend. The pressure of public duties on President Cleveland is so great that he cannot lightly miss a day from his office; but early in October he will go to St. Louis, and then about the middle of the month he will go to Atlanta. We hope that on returning from Atlanta he will be able to run from Greensboro to Raleigh and spend Thursday of fair week in Raleigh, giving the people of the State an opportunity of meeting him.

To this end, it is desirable that there should be an expression of a decided interest in the matter by people all over the State. It should be a State affair, not merely a local one. We hope, therefore, that citizens in all the towns of the State will formally adopt resolutions cordially inviting the President, his family and staff, to meet the people of North Carolina on Thursday of the State fair, or some other convenient day, and have these resolutions forwarded by the mayor and alderman, officially, at the earliest day. Unless the matter is now definitely arranged, other plans may be adopted by the President that will interfere to prevent his coming, and it is well that no time should be lost, but prompt action taken all over the State. —Raleigh News-Observer.

MISSING LINKS.

A lady in Athens, Ga., clears \$50 per month from four cows.

The grocers of Winnipeg, Manitoba, are making a vigorous fight for the suppression of hawkers and peddlers.

Sponge fishing is very profitable on the Florida coast this season. One vessel took \$4,500 worth in a week's time.

M. Galigiani's almshouse for broken-down men of letters is nearly finished at Neuilly, France, at a cost of several million francs.

James Lick's monument in San Francisco contains no inscription but his name and age and the line, "A Native of Pennsylvania."

In fourteen out of the thirty-three counties in Washington territory, the office of superintendent of schools is held by women, five of whom are unmarried.

The teeth of a citizen of North Strathairn, Pa., are all double. He can crack a walnut, bite a two-penny nail in two, or lift a quarter of beef with his teeth with ease.

George Smith, a waiter in a hotel at San Louis Obispo, Cal., can talk to guests in English, French, Italian, Spanish, and German, and he pockets a tip with equal facility in either language.

The artesian well which has just been completed at the assay office in Wall street, New York, is 467 feet deep. The water is very cold, but so much impregnated with lime as to be scarcely fit to drink.

A Georgia colored boy, aged twelve, accidentally shot a girl aged fourteen. The neighboring negroes insisted that the shooting was willful, and it was with great difficulty the officers got him away in safety.

Mrs. Stanford, of Snelling, Merced county, Cal., buried \$2,500 in gold in the cellar of her house for safe keeping. Her seven-year-old boy found the hoard, however, and had distributed \$700 of it among his playmates before he was found out.

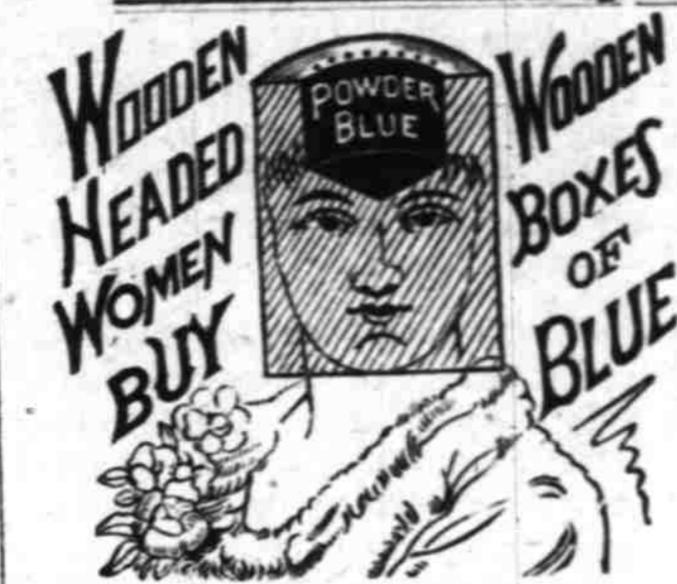

The balance of evidence, says the Lancet, would appear to be in favor of the conclusion that where a close scrutiny fails to discover any heritable weakness, neurotic or otherwise, conjugate marriage per se is not necessarily a thing to be prohibited.

General Boulanger's attempt to introduce the full beard into the French army has not been successful. At a recent banquet only two generals appeared, like Boulanger, with full beards. The mustache and imperial or mustache alone is still the only adornment worn by the French soldier.

Henry Gwaltney dug into a mound near Wakulla, Fla., recently, and found a skull that must have belonged to a giant. The under jaw was particularly large, being twice the size of an ordinary man's, and none of the teeth were missing from either jaw, and but one showed any signs of decay.

Drugs and Medicines, Greensboro, N. C.

Listen to my Song!

If I were to say I was receiving the

Largest and Handsomest

stock of Dry Goods, Dress Goods, White Goods, Fine Shoes, Slippers,

and also Men's Hats that was ever offered in Greensboro, N. C., it would be

rather too old a song to sing in this day and time, and as all Ladies who

want new dresses, want them of such styles and quality as suit them, and cannot tell what will best please them

by reading any

FLAMING ADVERTISEMENT,

the only alternative is to come and see the goods, as a sufficient idea

could not be given in an advertisement to justify you in saying whether

or not you would be pleased without first seeing the variety of

FINE DRESS GOODS

I am now offering, and getting prices, so I hereby extend you a cordial invitation to call and examine the goods that I now have in store, and to arrive. Very Respectfully,

W. R. MURRAY.

\$50 REWARD will be paid for any Genuine Fan of same size that can clean and bar as much (iron or steel) in one day as our Patent MONARCH Grain and Seed Separator and Bagger, which will refer to the file at a low price. Send for circular and price list, which will be mailed free. NEWARK MACHINE CO., Newark, Ohio, U. S. A.

A Creaking Hinge

Is dry and turns hard, until oil is applied, after which it moves easily. When the joints, or hinges, of the body are stiffened and inflamed by Rheumatism, they cannot be moved without causing the most excruciating pains. Ayer's Sarsaparilla by its action on the blood, relieves this condition, and restores the joints to good working order.

Ayer's Sarsaparilla has effected, in our city, many most remarkable cures, a number of which baffled the efforts of the most experienced physicians. Were it necessary, I could give the names of many individuals who have been cured by taking this medicine. In my own case it has certainly worked wonders, relieving me of

Rheumatism, after being troubled with it for years. In this, and all other diseases arising from impure blood, there is no remedy with which I am acquainted, that affords such relief as Ayer's Sarsaparilla.—It is Lawrence, M. D., Baltimore, Md.

I was, during many months, a sufferer from chronic Rheumatism. The disease afflicted me previously, in spite of all the remedies I could find, until I commenced with Ayer's Sarsaparilla. I took several bottles of this preparation, and was speedily restored to health.—J. Freeman, Independence, Va.

Ayer's Sarsaparilla, Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists. Price \$1, six bottles, \$5.

"It Saved My Life"

Is a common expression, often heard from those who have realized, by personal use, the curative powers of Ayer's Cherry Pectoral. "I cannot say enough in praise of Ayer's Cherry Pectoral, believing as I do that, but for its use, I should long since have died from lung troubles.—E. Dragoon, Palestine, Tex.

About six months ago I had a severe Hemorrhage of the Lungs, brought on by a distressing Cough, which deprived me of sleep and rest. I had used various kinds of cough syrups and expectorants, without obtaining relief. A friend advised me to try

Ayer's Cherry Pectoral. I did so, and am happy to say that it helped me at once. By continuing to use this medicine I cured my cough, and am satisfied, saved my life.—J. M. Coburn, 18 Second St., Lowell, Mass.

I have used Ayer's Cherry Pectoral for over a year, and sincerely trust it should have been in my possession from the first. It has cured me of a dangerous affection of the lungs for which I had almost despaired of finding a remedy.—D. A. Windsor, Windsor, Province of Ontario.

Ayer's Cherry Pectoral is a safe and reliable remedy for all cases of Cough, Bronchitis, Whooping Cough, Sore Throat, and all other affections of the Throat and Lungs. It is a household remedy, and is sold by all Druggists.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists.
