Enterprising, scientific burglars are said to be diligently working up Macon, Ga.

Georgia has 137 counties; of these 115 have prohibition on the local option plan.

Mr. Keogh, manager for Mrs. Langtry, says that the business in the West was colossal.

The damage by floods on the Savannah river has been very considerable. Corn and other crops are beginning to appear as the water subsides.

Henry George says men cannot own land because they did not create it, and the Omaha World adds that "George therefore has no right to his head because he did not make it."

The Atlanta has tried her guns again with better results, and the Navy Department rejoices in reporting that the only damage was to something with a technical name that the average reader does not understand, and has no time to study.

Jefferson Davis and Thomas L. Clingman, of North Carolina, are the only ex-senators now living of all the Southern members of that body who, in July 1861 were expelled from the United States Senate for having gone over to the Confederacy.

Col. Daniel S. Lamont, M. A. and P. S., is enduring the hot weather with a great deal of equanimity. Like most small men he retains his activity when men cast in a larger mould droop and wilt. Col Lamont is about 5 feet 6 inches in height, and weighs 145 pounds, mustache included.

The Herald thinks that Hawaii is the Malta of the Pacific, and that this country should never lose sight of the fact, and should keep a hawk's eye on it when such complications as at present exist, and thus afford other powers the opportunity to get possession of that point.

The lightning has been playing destruction in several Northern States. On August 1st many persons were killed and much property was destroyed. Three persons were killed, one died from fright, one is insane, two badly shocked, seven houses destroyed, twenty-eight others damaged, horses, cows, chickens and gathered crops destroyed.

Mr. Vanderbilt's yacht Alva figured in the line with the foreign war ships at the review at Spithead. Everybody wondered how it came to be there. It is explained that the owner represented to the Admiralty that such vessels as the Alva were subject to seizure by the United States Government for war purposes, in case of war, and upon that Mr. Vanderbilt claimed and obtained the privileges of a regular war ship.

The remedy which most successfully combats malarial disorders, is Ayer's Cherry Pectoral. It is a purely vegetable compound, and contains neither quinine nor any other dangerous ingredient. Warranted to cure chills and fever.

NORTH CAROLINIANS AT WASHINGTON

WASHINGTON, D. C., Aug. 3.— Mrs. Francis Paterson was in Washington last week arranging to go to Idaho; and Patrick Henry Winston, Esq., was here on his way to Winston. I learn that Mr. Winston intends to return to Idaho soon and there take up a permanent residence. Mr. Winston was quite a favorite with the late President Arthur, and often dined at the White House during the last administration.

Mr. John G. Blount, of North Carolina, who has been employed on the Potomac Flats improvement, has gone to Birmingham, Ala., to locate. He is a grandson of the late John G. Blount, who once represented the second district in Congress.

Mr. Robert D. Graham was last week summoned to Charlotte on account of the death of his sister-in-law, Mrs. Dr. Graham, of this city.

A North Carolina negro, named James Burnett, was shot and instantly killed by another negro in this city on last Thursday.

The Greensboro excursionists are expected to arrive here to day.

Capt. J. B. Hussey and J. M. Leach, Jr. have returned to Washington and their official duties.

Miss Lessie Grandy will go to Orkney Springs on the 15th instant.

"A scientist declares that rocking chairs make people deaf and nearsighted." We don't know about that, but certain it is that a rocking-chair in the story above you sometimes makes you anything but dumb.

"Darling," he whispered, as they were entering her house after having attended the show at the dime museum in full dress, "why do you resemble this knob?" With a fitful smile she gave it up and, like an interlocutor at a minstrel show, asked "Why!" "Because you are something to adore." When she had colored up and coldly hurried into the house he realized he had overdone it.—Washington Hackett.

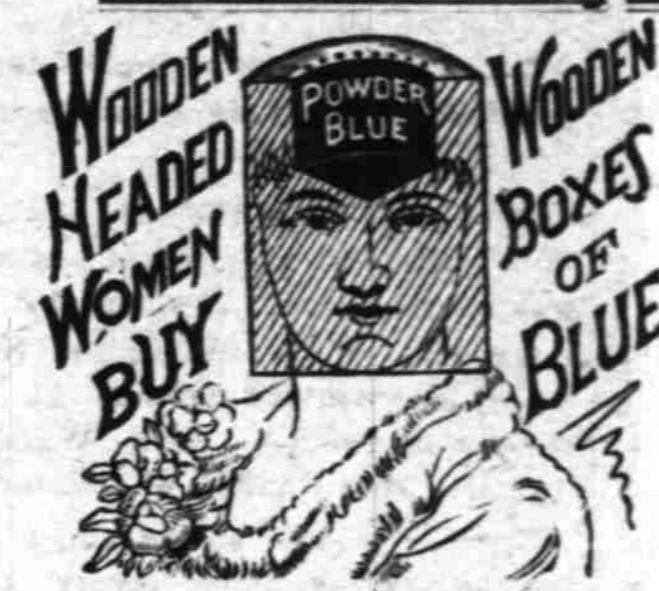

The Wilmington Review thinks that because Mr. Jefferson Davis is opposed to prohibition, it is impossible that he should have espoused the temperance cause. The error of our contemporary is very common—that is, to suppose that anti-prohibition means anti-temperance. Thousands of warm friends of temperance are opposed to all sumptuary legislation.—Norfolk Virginian.

Now that the Charlotte Observer has suspended the Chronicle will have no opposition in Charlotte and that portion of the State as a daily morning paper, and we predict for it the success which its enterprise and progressiveness deserve. The Chronicle is now almost as nearly an ideal newspaper as it is possible to make in North Carolina. It is a newspaper in the fullest sense of the word and is one of the most progressive journals that comes to our desk. We wish it success.

A Creaking Hinge. Is dry and turns hard, until oil is applied, after which it moves easily. When the joints, or hinges, of the body are stiffened and inflamed by Rheumatism, they cannot be moved without causing the most excruciating pains. Ayer's Sarsaparilla by its action on the blood, relieves this condition, and restores the joints to good working order.

Ayer's Sarsaparilla has effected, in our city, many most remarkable cures, a number of which baffled the efforts of the most experienced physicians. Were it necessary, I could give the names of many individuals who have been cured by taking this medicine. In my own case it has certainly worked wonders, relieving me of

Rheumatism, after being troubled with it for years. In this, and all other diseases arising from impure blood, there is no remedy worth which I am acquainted, that affords such relief as Ayer's Sarsaparilla. — R. H. Lawrence, M. D., Baltimore, Md. Ayer's Sarsaparilla cured me of Gout and Rheumatism, when nothing else would. It has eradicated every trace of disease from my system. — R. H. Short, Manager Hotel Belmont, Lowell, Mass. I was, during many months, a sufferer from chronic Rheumatism. The disease afflicted me grievously, in spite of all the remedies I could find, until I commenced using Ayer's Sarsaparilla. I took several bottles of this preparation, and was speedily restored to health. — J. Freeman, Independence, Va. Ayer's Sarsaparilla, Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists. Price \$1, six bottles, \$5.

"It Saved My Life"

Is a common expression, often heard from those who have realized by personal use, the curative powers of Ayer's Cherry Pectoral. "I cannot say enough in praise of Ayer's Cherry Pectoral, believing as I do that, but for its use, I should long since have died from lung troubles. — E. Bragdon, Palestine, Tex.

About six months ago I had a severe Hemorrhage of the Lung, brought on by a distressing Cough, which kept me of sleep and rest. I had used various cough balams and expectorants, without obtaining relief. A friend advised me to try

Ayer's Cherry Pectoral. I did so, and am happy to say that it helped me at once. By continued use this medicine cured my cough, and I am satisfied, saved my life. — Mrs. E. Coburn, 18 Second St., Lowell, Mass.

I have used Ayer's Cherry Pectoral for over a year, and sincerely believe I should have been in my grave had it not been for this medicine. It has saved me of a dangerous affection of the lungs, for which I had almost despaired of finding a remedy. — D. A. M. Mall, Windsor, Province of Ontario.

Ayer's Cherry Pectoral is a safe and reliable medicine, which settles on my lungs, and I have prescribed, but failed to obtain relief until I began using Ayer's Cherry Pectoral. Two bottles of this medicine completely restored my health. — M. Allen, West Lancaster, Pa.

No Whiskey! BROWN'S IRON BITTERS is one of the very few tonic medicines that are not composed mostly of alcohol or whiskey, thus becoming a fruitful source of intemperance by promoting a desire for rum.

BROWN'S IRON BITTERS is guaranteed to be a non-intoxicating stimulant, and it will, in nearly every case, take the place of all liquor, and at the same time absolutely kill the desire for whiskey and other intoxicating beverages.

Rev. G. W. RICE, editor of the American Christian Review, says of Brown's Iron Bitters:

Can., N. H., Nov. 16, 1881. Gentl.—The foolish wasting of vital force in business, pleasure, and vicious indulgence of our people, makes your preparation a necessity; and if applied, will save hundreds who resort to saloons for temporary recuperation.

BROWN'S IRON BITTERS has been thoroughly tested for dyspepsia, indigestion, biliousness, weakness, debility, overwork, rheumatism, neuralgia, consumption, liver complaints, kidney troubles, &c., and it never fails to render speedy and permanent relief.
