Greensboro, Dec. 10, 1885.

Whereas The traffic in alcoholic liquors has grown and is growing out of all ratio to the increase of population in this country; and,

Whereas, said traffic unjustly burdens every legitimate industry, imposes grievous taxation upon honest labor, curses social life, begets crime breeds pauperism, antagonizes the church, corrupts politics, nullifies law, is a menace to good government and a peril to State; and,

Whereas, The policy of licensing said traffic has proved a policy of perpetuation instead of suppression, with the perpetuity of all its alarming conditions and results; and,

Whereas, We believe license not only non-restrictive in fact, but immoral in principle, debasing in practice, criminal in effect, and an unwholesome national law; and that such prohibition, to be effective, must be based in the organic foundation of our and state, and be secured and be guaranteed by the party;
