

"THE RECTOR" PREACHING—GIVE US A CALL.

[Name of a noted Cherry street saloon, Nashville, Tenn.]
Give us a call! We keep good beer, wine, brandy, gin and whiskey here. Our doors are open to boys and men, and even to women, now and then. We lighten the purse, and we trint their brains.
We swell up the columns of awful deaths, all kinds of crimes we sell for dimes. In our sugared poisons, no sweet to taste. If you've money, position, or time to waste, Give us a call.
Give us a call! In a pint of gin we sell you more wickedness, shame and sin.
Than a score of sermons preaching all day. From dawn to darkness could preach away, And in our beer, (though it may take a longer) To get a man drunk than drake that are stronger.
We sell our property, shame and woe, Who wants to purchase? Our prices are low.
Give us a call.
Give us a call! We'll dull your brains, We'll give you headaches and racking pains, We'll make you old while you yet are young, To lie and slanders we'll turn your tongue.
We'll make you shirk from our full work, Make theft and forgery seem fair play, And murder a pastime sure to pay.
Give us a call.
Give us a call! We are cunning and wise, We are bound to see you, for we advertise in the weekly papers, the journals that claim.
To be pure in morals and fair of fame, Husbands, brothers and sons will read Our kind invitation, and some will heed And give us a call; we pay for all The space in the papers we occupy, And here's little life that money won't buy.
If you would go down in the world, and not up,
If you wish to be slain by the snake in the cup,
Or lose your name in the flowing bowl,
If you covet sin and a blasted soul,
Give us a call.

NORTH CAROLINA M. E. CONFERENCE ON TEMPERANCE.

The committee on temperance in their report to the annual conference of the M. E. church S. held at Reidsville, N. C., Dec. 1886, recommended:
1st. That our preachers preach at least one time to each congregation during the year, upon the subject of temperance showing the evils arising from the manufacture, sale, and use of intoxicating liquors.
2nd. That the superintendents of Sunday schools be requested to deliver or cause to be delivered, at least once during the year a temperance lecture to the children.
3rd. That as we believe prohibition by law to be the only way to successfully put down the traffic in alcohol, we will do all in our power to arouse the people to a proper recognition of their individual responsibility upon this Subject.
REPORT NO. 2. ON TEMPERANCE.

STATE PROHIBITION PLATFORM.

Greensboro, Dec. 10, 1885.
Whereas: The traffic in alcoholic liquors has grown and is growing out of all ratio to the increase of population in this country; and
Whereas, said traffic unjustly burdens every legitimate industry, imposes grievous taxation upon honest labor, curses social life, begets crime, breeds pauperism, antagonizes the church, corrupts politics, nullifies law, is a menace to good government and a peril to State and;
Whereas: The policy of licensing said traffic has proved a policy of perpetuation instead of suppression, with the perpetuity of all its alarming conditions and results; and
Whereas: We believe license not only non-restrictive in fact, but immoral in principle, debasing in practice, criminal in effect, and an unworthy national law; and that such prohibition, to be effective, must be bedded in the organic foundation of nation and state, and be secured through and be guaranteed by a politics party;

WORKING CLASSES ATTENTION!

Resolved, That with the liquor traffic costing over two thousand million dollars annually for liquors bought and drunk, for crime and pauperism growing out of their consumption, for judiciary and constabulary and penal and charitable institutions, made necessary by such crime and pauperism, for unproductive life resulting from it, for unproductive labor involved in it and the enormous waste inevitable under it with political corruption its legitimate child, public abuses its natural brood, profitable production discounted because of it, helpful consumption limited, the equitable distribution of wealth and the equitable adjustment of public burdens made impossible, and every material and moral interest enforced by its organized selfishness; the issue of its prohibition, already fixed in politics by the repeated action of the liquor dealers themselves, more closely involve the welfare of all the people and is of far greater concern to state and nation, than any other or all other issues now politically recognized and that as such it deserves and for it may justly claim the acceptance of every candid citizen.
