

LOCAL INTELLIGENCE

The Horticultural Society held an interesting meeting in the Court House last Saturday.

Mr. S. W. Dick and bride have returned from a tour to Richmond, Washington, Baltimore and Philadelphia.

Col. John N. Staples will deliver the literary address at the closing exercises of Jamestown High School, Guilford county, on June 2nd.

Rev. Dr. Smith has gone to Hampden Sidney, Va., as one of the directors of the Union Theological Seminary, and will be absent for a week.

Mr. Fred H. Hendrick, of Wallsville, Ohio, and Miss Kate B. Thompson, of this city, were united in matrimony yesterday evening at 7 o'clock.

Sund advice—We occasionally recommend our readers to try Sassafras Oil in all cases of rheumatism. Sold by all druggists for 25 cents a bottle.

The butcher does have some funny expressions: he told his assistant the other day to break the bones in Mr. Williams' chops, and put Mr. Smith's ribs in the basket for him, and tell Mrs. Black to take Dr. Bull's Goat Stry for her cold.

Boundary Meeting—There will be a meeting of the citizens of Greensboro and of the citizens of the proposed enlargement of the boundaries, at the court house Friday night at 8 o'clock. Let every one concerned turn out and talk over matters.

Mr. C. N. McAdoo died at the residence of his daughter-in-law, Mrs. Nannie McAdoo, in this city on the 24th ult., at 8 P. M. Mr. McAdoo was one of our oldest and most wealthy citizens. Funeral from the Presbyterian church on the 26th.

Rev. Mr. Smith returned from the Presbytery on Saturday evening. He was accompanied by his father, Rev. J. H. Smith, and his brother, Rev. E. H. Smith, eminent divines, of Greensboro. Our people were entertained by able and instructive sermons on Sabbath morning and evening. The dear gentlemen will conduct services in the Presbyterian church to-night; there will be no prayer meeting to-morrow night—Washington Program.

The citizens of Greensboro met in the Court House on Tuesday night for the purpose of nominating a ticket for Mayor and councilmen. A vote was taken for Mayor, and B. R. King, the present incumbent, was declared the nominee. On motion, the nomination of councilmen was postponed, in order that the citizens of the various wards might have an opportunity to consult among themselves before making the nominations. Wednesday night, meetings were held in the various wards and three men from each ward selected by ballot. These men were recommended to the general meeting of citizens by which their nomination made unanimous. Of the twelve men nominated for councilmen, we have this to say, it would be no easy matter to select twelve better. In their hands we believe the \$100,000 and every other interest of the city will be safe.

MILLINERY.

The Republican papers alternate between claiming that the Prohibitionists in Michigan ought to have supported the Republican ticket, because the Republican party submitted to prohibition, and in boasting that the defeat of the amendment was a defeat of the Prohibition party. —New Era.

—Owing to the present session of the Superior Court of Moore County with the press of legal business it brings, Mr. W. J. Adams has withdrawn from his engagement to deliver the annual address of Jonesboro High School and C. W. Tillett, Esq., of Laurinburg, takes his place. —Central Express.

The extent of the rascality involved in the Pamhandle Railroad robbery is astonishing. It is to be accounted for on some other principle than ordinary depravity, for the development is extraordinary among average railroad men. It is the natural result of communistic teaching, of lawless violence, of anarchical sentiments and contempt for the rights of property and of employers.

The way in which the U. S. Government protects the liquor traffic is well illustrated by a recent case in Maine. The Maine legislature passed an act making the issuing of a U. S. liquor license prima facie evidence of a violation of the State laws. In a recent trial a U. S. deputy collector was called on to testify and refused, alleging that the Commissioners of Internal Revenue had issued orders that collectors should not testify against those who had taken out U. S. Licenses. —New Era.

The Republican Legislature of Massachusetts is likely to redeem its pledge to submit a Prohibitory Constitutional Amendment to the people by passing a High License bill.

The Board of Agriculture met in Raleigh last Friday. Somewhat of a change was made in officering the Department. John Robinson, Esq., was elected commissioner to succeed Hon. Montford McGeehee; T. K. Bruner, secretary; Dr. Dabney, chemist; and J. T. Patrick, immigration agent. It is to be hoped that the Department will be more useful and less expensive in the future than it has been in the past.

The North American Review, one of the ablest magazines published, has this to say about Prohibition: "Prohibition is a certainty in this country, and that within a very few years. Every civilized nation on earth is looking for some cure for the greatest evil that afflicts the earth. The fact that all countries are trying to regulate it is an admission that it is an evil, and the centuries have demonstrated that there is no sense whatever in trying to regulate an evil. Evils are to be killed not regulated. The question of to-day is whether the individual man shall have the right by means of a poison, to demoralize mankind for profit. It is a question to which every workingman, every employe, every father and every mother in the country has a direct answer."

Last Monday evening a tornado passed through this county, uprooting trees, destroying and damaging outbuildings on several farms, and destroying two lives and wounding two others. Its most destructive force was manifested at John O. Wright's, near Myrtle station on the N. & W. R. R. Mr. Wright and his wife and little sister and James M. Luke, a neighbor young man, were all in the house when the wind struck it. I married Mr. Wright and his wife on last December 16th, and I knew Mr. Luke. The house was lifted from its foundation and carried completely away, and scattered in fragments over a large field and far into the forest. Even the fence posts around the yard were all pulled up by the wind. Where the largest mass of timbers fell was one hundred yards from where it stood. Mrs. Wright was found in the field dead. Hattie O. Wright was found entangled in a mass of timbers under a tree that had blown down, and she was badly damaged about the head and unconscious. She has recovered consciousness and may recover. Mr. Wright was carried far out into the field and was unconscious when he fell. But he is improving from the bruises, and was in Suffolk Saturday. —Rev. W. W. Stacy in Christian Sun.

AN OLD WAR RELIC EXPLODED.

Harper's Ferry, W. V., April 30.—An old shell which had been standing for 23 years on the side of Bolivar heights and was one of the remaining relics of war time exploded Sunday by two boys who were trying with an iron rod to get the powder out of it. The force of the concussion demolished some small buildings and threw to the ground dozens of the people who had gathered around the spot, and pieces of shell seriously injured six persons. The injured are Agnes Willis, aged 14, right leg blown off below the knee and other injuries. She will probably die. Edward Poles, leg and jaw broken and head injured will probably die; Frank Willis, father of one of the boys who caused the explosion, severely burned about the head. George Willis, aged 6 years left leg broken; James Jones, one of the meddlesome boys had his hand broken; Wm. Turner, feet blow off

A MUSICAL PRODIGY.

Greensboro can boast of one of the most remarkable musical prodigies of the present age. Mr. N. P. Keeley, a well known and highly respectable citizen of this city, has a little boy, Henry Graves Keeley, perfectly blind from his birth, now only three years of age and weighs just twenty-six pounds. The little fellow plays on the piano, organ and harmonicon, and without any musical training whatever, he repeats upon any of the above instruments pieces of music which he hears. A number of our citizens can testify to what we say of this infant wonder. Here is another case fully as remarkable as that of Blind Tom, with this difference, little Master Keely, although blind, is intelligent and bright, whilst Blind is idiotic. —North State.

HISTORY OF THE UNITED STATES.

Contains 350 Pages of 12 mo. Size, 25 Fine Engravings, and is Substantially Bound in Leatherette Tree Call, Gilt.

NOT A CHEAP PAMPHLET LIKE MOST NEWSPAPER BOOK PRESENTS.

This History is upon an entirely new and original plan, which makes it accessible to every person, no matter how busy or how busy he may be. It is arranged chronologically by years, from 480 to 1893. Every event is narrated in the order of its date. These are not confined, as in other works, to political matters, but embrace every branch of human action. It describes under its proper date all important events; all discoveries in science and the useful arts; the digging of canals and the building of railroads and telegraph lines; the founding of towns, and the erection of notable buildings and bridges; the first performances of plays and the first progresses of steam and engines; fire, floods, hailstorms, tornadoes, cyclones, epidemics, accidents and disasters on sea and land; riots and crimes; pestilence and bad harvests; "cornucopias" and phenomenal prices in all markets; labor troubles; strikes and lockouts; and hundreds of other matters never mentioned by historians. Besides being a history in the ordinary sense, it is a condensed newspaper file for four hundred years.

With the gift of the above History the NORTH CAROLINA PROHIBITIONIST and the weekly New York World will be mailed to any subscriber for \$3 for one year.
