The State encampment at Morehead City is largely attended and said to be a great success.

The Episcopalians, of Morganton, held the first service in their new granite church last Sunday.

Rev. Callis Downy, of Vanderbilt University, who was elected President of Trinity College, has declined to accept.

Pendergrass, the assassin of Carter Harrison, was hanged last Friday. He never spoke a word, but died stolid and stubborn.

The Beaufort Herald says Rev. N. M. Jarney bought a five thousand acre tract of land last week from L. L. Duncan of that place.

P. T. Barnum paid \$3,000,000 in twelve years for advertising and made \$12,000,000 clear profit. Now is the time to advertise.

The State government of Virginia costs \$1.50 per capita and North Carolina \$1.99. And yet there are people in North Carolina, who are eternally cursing the extravagance of State management. Some of them will complain at the tuning of their heavenly harps, if they ever get there.

William J. Spoon, in a communication to the Burlington News favoring building good roads in Alamance county, pays a high compliment to Mecklenburg. He says:

"That Mecklenburg county is a leader in matters of substantial development in North Carolina is an indisputable fact, and largely for this reason, she is destined to enjoy the first breeze of returning prosperity. At any rate she will virtually hold an option on every new enterprise seeking a location in this delightful piedmont section of Carolina."

And in laying the basis for this grand future of prosperity, he argues the people of Mecklenburg have shown good wisdom in making good public highways the first essential.

**To the Citizens of North Carolina.**

In view of the completion of the Morganton institution for the education of the deaf, and their removal from the Institution of the Deaf, Dumb and Blind at Raleigh, the latter institution is better prepared than ever before to sustain and educate the blind. Our capacity is increased, our force augmented and our methods ameliorated; all of which enables us to do more efficient work than we have heretofore done. We are anxious that every blind child in the State receive an education. We wish to do all in our power for the betterment of this unfortunate class, to enable them to avail themselves of this free institution in which the State so magnanimously offers to instruct this class of its citizens.

With a view to this end, we earnestly appeal to the philanthropic people of our Commonwealth to aid us in this noble work. We wish to be put in touch with every blind child within our borders. We desire the name, postoffice, township, county, and nearest railroad station of every child of this class in North Carolina. Also the name of the parent or guardian of such child. With such data, we will correspond with the parents or guardians of these children, and in this way put them in reach of an education.

Will not the good people of the State who know of a blind child or children in their vicinity send us a card with the information wanted? We promise to use our best efforts to get these children in school, if you will enable us to get their names. Please forward the data at once and greatly oblige.

Very truly,  
B. F. MONTAGUE,  
For the Board of Trustees.
