### APPALACHIAN PARK.

The wildest and most naturally beautiful part of this country east of the Rocky mountains is that region where North Carolina, Tennessee, Virginia, South Carolina and Georgia approach each other. It is a mountain country with an average elevation of 4,000 feet and peaks running up to thousands of feet higher. The tallest mountain east of the Rockies is in North Carolina.

The general government ought to step in, before it is too late, and take possession of the whole region. The Yellowstone Park, far away, and to all but a few inaccessible, should be supplemented by this natural reservation, which is easily reached by the great majority of the people of the United States. Take out any one of the five states that border on the east around by Buffalo, Cleveland, Cincinnati, Chicago and St. Louis to New Orleans, Jacksonville and so on up to Washington every city on the imaginary circuit has railroad facilities bringing it within not more at most than one night's ride of Asheville, the central point in the Blue Ridge and Great Smoky country. Establish a park there and people from every large city this side of the Mississippi would be visiting it in large numbers at all seasons of the year.

Congress ought to jump at the chance to get possession of the great tract, of least 500,000 acres, said to be purchasable now at hardly more than nominal figures.—Hartford Courant.

### LET US PRESERVE THE HISTORY.

To the Officers and Members of the Seventy-first Regiment N. C. State Troops (Second Junior Reserves).

Judge Walter Clark, after years of earnest labor, born of his love for the soldiers of North Carolina, who made the state immortal in history, has not quite completed the work of gathering and editing sketches of the regiments which constituted that soldiery. A sketch of the above regiment must be furnished him at an early date, to secure its incorporation in the publication authorized by the Legislature. The undersigned, with Capt. D. E. McKinne, were chosen to prepare this sketch, but find we have not the data available for such purpose. I therefore call upon the officers and members of old Second Junior to come to our aid enable us to have recorded in permanent form a sketch that will at least convey to those who are to come after knowledge of our participation in that glorious cause.

The regimental officers were John H. Anderson, colonel; N. A. Gregory, major.

The companies were from Cleveland, Gaston, Burke, Mecklenburg and Rowan, Cabarrus, Duplin, Pitt, Wilson, Wayne, Edgecombe, Sampson, Hyde and perhaps some others. Moore's Roster only gives three of the companies, and we must now call upon those surviving to aid in completing, so far as may be, the record.

Photographs of officers and men, taken during the war or immediately thereafter, are wanted also.

We will thank any officer or member of the old Second Junior for any information, of membership or incidents. It is upon such assistance entirely that we must depend for having the regiment properly represented in the history now being prepared by Judge Clark. Communications may be addressed to Capt. David E. McKinne, Princeton, Johnston county, or to

**ROBT. M. FURMAN,**  
Care of The Morning Post, Raleigh.  
(I will esteem it a great favor if the press of the State will give the above a few insertions.—R. M. F.)

### STATE'S LIQUOR BUSINESS.

The statement of the S. C. dispensary for the year 1899 shows that for the year the amount of profits going to the counties, towns and cities was \$220,492.25. The net profits to the state, which go to the credit of the school fund, aggregate \$193,181.84.

The total gross profits for the year were \$485,520.90. The total receipts for the year were \$1,638,939.26, including the 46,073.24 brought over from last year, and the total disbursements were \$1,495,818.26, leaving a balance of \$143,121 in the state treasury, on Dec. 31st. The aggregate purchases made during the year were \$1,158,081.31.

### PYTHIAN EXCURSION.

There will be a District meeting of Pythians at Rocky Mount tonight. About twenty-five from here expect to attend. They will leave here about noon on the steamer Shiloh and expect to get to Tarboro in time to take the N & C Shoofly train for Rocky Mount. They expect to return Wednesday morning.

Last weeks Argonaut said: The Grand Lodge of Pythians will convene here Jan. 30th. The highest of officials will be present. An elegant banquet of 200 covers with a menu that will tickle the palate of an epicure will be served.

### A GREAT OPPORTUNITY.

Greenville now has another great opportunity for its business offered it. The Roanoke Railroad and Lumber Co. want to locate a large plant here, if Greenville will pull down its Chinese wall. Will it do?

The location of the plant here means anywhere from \$1,500 to \$2,500 paid out here per week or from \$6,000 to \$10,000 per month and a big increase in population. Does Greenville want it?

### TRAINS DELAYED.

The draw of the railroad bridge got out of fix Friday evening and both the mail and freight trains were delayed until after eight o'clock that night. The draw was opened that day for about a pass and in closing something was knocked out of place so that trains could not pass. It took a long time to get it fixed, it being thought at one time that the wrecking train would have to be sent for.

### SNOW

A very nice two and a half inch snow was on the ground Sunday morning. It began falling about one o'clock Saturday night. The weather was some warmer Sunday and by night the snow was very nearly all gone. The weather looked like snow or rain yesterday.

When we went to press yesterday it was snowing nicely and had been snowing nicely all day.

### BEAR.

There was some excitement near town Saturday, it being reported that a large bear had been seen back of Mr. Wm. Savage's place. Nothing further has been heard of its whereabouts.

—Wood's Farm Seed are the best. Why not his Garden Seed? They are for sale at Zeno Moore & Bro's.

—R. W. King left yesterday for Richmond to buy another lot of horses and mules.

—The trees are budding out and a little more nice weather will bring flowers.

—If you want to keep healthy and strong keep your blood pure by taking Red Blood Producer.

—About 12:30 Sunday morning Champ Leary shot and killed Lester Cutler, both colored. Leary went to her home the last time that night about 12 o'clock. He had been twice before earlier. In a short while a pistol shot was heard. Leary called the woman twice, she failed to answer and he went out and ran home. She was laying on the bed with a shot in the left eye from which she died about 6 a. m. The ball entered the left eye and a portion of it went through the brain. She never regained consciousness. Leary was arrested and confessed the shooting and was placed in jail. In the afternoon a post mortem and inquest were held and the jury returned a verdict that she came to her death by a pistol shot fired from the hands of Champ Leary. He is now in jail awaiting trial.—Washington Progress.

W. H. Harrington,

Attorney of W. M. Kincaid, deceased.  
Jan. 30th 1900.

The none-of-my-business theory does not work. Not only do men hear but they also see. The man who is not in prayer is not in the Kingdom of God. We believe in prayer meetings. The Kingdom of God is not a matter of the soul, but of the body, and in our present condition we are not in the Kingdom of God. We believe in prayer meetings. The Kingdom of God is not a matter of the soul, but of the body, and in our present condition we are not in the Kingdom of God.

Cannot Be Settled in Prayer Meeting. We believe in prayer. God hears and answers the petitions of those who trust in Him. No doubt about that.

We believe in prayer meetings. The Kingdom of God is not a matter of the soul, but of the body, and in our present condition we are not in the Kingdom of God. We believe in prayer meetings. The Kingdom of God is not a matter of the soul, but of the body, and in our present condition we are not in the Kingdom of God.

When will the Christian forces of the republic see how easy it would be to crush the saloon power if they would only move out from the churches to the ballot boxes in one great, eager, determined, united, victorious army?—Spworth Herald.
