Pamlico—W A Jenkins.

Oriental—J. L. Rumley.

Scotland Neck—John C. Jones.

Hobgood Circuit—D. B. Parker.

Williamston and Hamilton—T H Sutton.

COUGHS AND COLDS IN CHILDREN.

Recommendation of a Well Known Chicago Physician.

I use and prescribe Chamberlain's Cough Remedy for almost all obstinate, constricted coughs, with direct results. I prescribe it to children of all ages. Am glad to recommend it to all in need and seeking relief from colds and coughs and bronchial affections. It is non-narcotic and safe in the hands of the most unprofessional.—Mrs. Mary R. Melendy; M. D., Ph. D., Chicago, Ill. This remedy is for sale by J. L. Wooten.

A GREAT INSTITUTION.

There is one great enterprise in Tarboro that should be more than local. We allude to the hospital—the Pittman Sanitarium—which already to this community has been a veritable God-send, and if the people of this section of the State will avail themselves of it when in need of hospital treatment they will find it the same beneficent institution that have those who have received treatment there.

Equipped as well as any sanitarium or hospital in the large cities, it deserves the patronage of Eastern North Carolina. It was not projected as a money making institution, but to facilitate the treatment of patients, by the physicians, with the best nursing, with the healthiest surroundings.

It is managed by a board of able physicians as any community can boast, but these doctors who are in control do not exclude the patients of other physicians or physician. It is open to both, to the patient upon paying fees to cover the cost, and to the physician free of charge. He can attend his patient himself or he can make stated visits, leaving it to the House Physician or, some other, and the nurses to see that his directions are carried out. For example, if a physician at a distance has a patient on whom some surgical operation is necessary, he can send the patient on ahead, and advise the authorities when he will arrive. They will have everything ready and when he comes he can perform the operation with such assistance as he desires.

Being a home institution, so to speak, it should appeal to those in this section of the State who need treatment in a hospital. And the broad, liberal spirit it displays to physicians in the adjoining counties should commend it to that profession, whose code of ethics places the cure or alleviation of human suffering above every financial consideration.—Tarboro Southern.

The following resolution was adopted by the Board of Education of Pitt county at its Dec. Special meeting.

Resolved that no public school house in Pitt county shall be used for any other purpose than that of school purposes except by special permission of the Board of Education of Pitt county. A. G. Cox, Dec. 9th 1901. Chairman.

A MILLION VOICES.

Could hardly express the thanks of Homer Hall, of West Point, Ia. Listen why: A severe cold had settled on his lungs, causing a most obstinate cough. Several physicians said he had consumption, but could not help him. When all thought he was doomed he began to use Dr. King's New Discovery for Consumption and writes—"it completely cured me and saved my life. I now weigh 227 lbs." It's positively guaranteed for Coughs, Colds and lung troubles. Price 50c and \$1.00. Trial bottles free at J. L. Wooten's.

Norfolk's Only First-class Optical Store.

Eye Glasses and Spectacles Accurately Fitted and Adjusted, by Expert Opticians.
