BARLOW AND WILSON'S MINSTRELS.

It is the strongest aggregation this company has ever carried and the first part setting is the finest ever seen on the local stage. That minstrelsy is popular with fun lovers was evident; and it is worthy of mention that while farces and melodramas come and fall by the wayside clean cut minstrels will go on just the same; and while it has amused the many in the past, it will continue to amuse a great many more, before the last bones have rattled into dust, and the last tambo has been shattered.—Burlington, Hawt eve.

YOU KNOW WHAT YOU ARE taking when you take Grove's Tasteless Child Tonic because the formula is plainly printed on every bottle showing that it is simply Iron and Quinine in a tasteless form. No cure, no pay. 50c.

How To Grow Cotton for Profit.

TO MAKE GOOD COTTON PLANT THE BEST SEED.

Prepare your land well, Mature well and plant a variety that will command a better price when you offer it on the market.

Two years ago I secured a peck of seed, planted them on half an acre of land, and picked a bale of 420 pounds. I shipped this cotton through Mr. R. J. Cobb, together with several other bales of good variety and this bale sold for three-eighths of a cent more per pound than the lot. The lint is far superior to any cotton sold on this market and the yield is far ahead of anything we have in this county.

Numbers of the best farmers in the county saw my crop growing in the field and pronounced it as fine as they ever saw.

I am now offering these seed at ONE DOLLAR A BUSHEL.

Parties wanting any of these seed will please send me their orders as I have only a limited quantity for sale.

O. L. Joyner, Jan. 6th, 1902. Greenville N. C.
