"I had stomach trouble all my life," says Edw. Mehler, proprietor of the Union Bottling Works, Erie, Pa., "and tried all kinds of remedies, went to several doctors and spent considerable money trying to get a moment's peace. Finally I read of Kodol Dyspepsia Cure and have been taking it to my great satisfaction I never found its equal for stomach trouble and gladly recommend it in hope that I may help other sufferers." ## FATALLY SHOT BY SON.

In a serious shooting affray at Southerland, N. C. Enoch Potter was so severely wounded that he died Friday night at 10 o'clock, and Booney, his son, lies in a serious condition. The shooting took place at Enoch Potter's home, about three miles from Southerland post-office. Enoch was insisting on his wife signing a deed, which she refused to do, and the son taking the part of his mother provoked the old man so much that he opened fire on his son with a 32-calibre pistol. He fired two shots, both taking effect, one in the shoulder and the other in the abdomen. The boy returned the fire with a Winchester rifle, shooting the old man in the leg near the hip joint, from which he died.

A few months ago a man by the name of Broom was killed at the Potter home and the guilty parties were never captured. Enoch and his son have sold blockade whiskey to the people and have a case or two in court at present for dealing the red eyed without the permit of the law.

## A GIANT IN DUPLIN.

Prince Grady, who resides in the lower part of Duplin, is attracting considerable attention on account of his tremendously large frame. His wrist is 8 3/4 inches round and his second finger is almost 4 inches long. His legs are already 3 feet and 11 inches, and Grady is still growing. He is now 17 years of age and the sole of his foot measures 14 inches and Grady reaches up into the air just 6 feet and three inches. By the time he becomes a man—or rather by the time he stops growing—Duplin county will have the distinction of being the home of the State's largest man.—News & Observer.
