OUR AIM AND PURPOSE.

It is, has been, and will continue to be, the aim of this store to serve its public fair and faithfully. No time is a better time than now to emphasize the straightforwardness of our policy. The merchandising methods of a quarter of a century ago has been totally revolutionized. The "Sand in the Sugar" shrewdness of the old time shop keeping would be stamped as roguery by the intelligence of today. Much outfitting money is being spent these days. Good thing to know where you can spend it with confidence and safety. Just at this season of the year we can stretch your dollars. We will soon be making purchases for fall and our policy is, NEVER CARRY OVER, and now our greatest aim is to close out all summer goods. Every department has suffered the severest cuts.
