

JUDICIAL CONVENTION.

At a meeting of the Democratic Executive Committee of the Third Judicial District of North Carolina, held at Kinston on June 6th, 1902, the Judicial Convention of the Third Judicial District was called to meet at Kinston N. C., on Thursday, July 10th, 1902 at 12 o'clock in., for the purpose of nominating a Democratic candidate for solicitor of said district.

By order of the committee.
R. Williams, T. C. Whitaker,
Secretary. Chairman.

With the surrender of the Boers Great Britain acquires an undisputed right to 167,465 additional square miles of territory in South Africa. She has paid heavily for this fresh acquisition of real estate, but she has also at the same time gotten rid of an old boundary line controversy which has been the source of endless annoyance.

Great Britain's holdings and spheres of influence on the Dark Continent now aggregate more than 3,000,000 square miles, or an area equal to the continental domain of the United States, exclusive of Alaska.

France comes next to Great Britain as an owner of territory in South Africa, her combined possessions aggregating 2,000,000 square miles; but most of her property is in the Sahara desert and is not very productive. Germany, Portugal and Belgium each hold 900,000 square miles; Turkey 400,000 square miles, and Spain 250,000 square miles.—Constitution.

SELF PROTECTION

demands that you be on the alert to see that you get Painkiller (Perry Davis) when you ask for it. Some dealers will try and persuade you to take something else, claimed to be just as good; insist upon getting Painkiller, the remedy which has been the world's family doctor for 65 years; it never fails to stop diarrhoea, griping pains in the stomach or bowels, dysentery, etc. Large bottles 25 and 50 cents.

Kings Weekly

BY HENRY T. KING.

Editor and Proprietor.

Entered at the postoffice at Greenville N. C., as second class mail matter

JULY 1 1902.

SUBSCRIPTION, 25 CENTS A YEAR.

Convinced, by circumstances and experience, that Geo P Howell & Co., are common enemies of the local weekly paper and considering their so-called, "American Newspaper Directory" a fraud, all their requests for circulation statements &c, are contemptuously ignored.

Communications, news or topical matters are solicited but the WEEKLY'S columns are closed to youthful and bombastic effusions.

Obituaries, angelic and transporting must come from friends or relatives and not exceed ten lines to be inserted gratis.

All persons desiring the expressions of the Weekly are earnestly requested to kick vigorously and often.

The editor writes the editorials and is not responsible for expressions by correspondents.

All entertainments for revenue are expected to contribute liberally for notices wanted.

To avoid risk, subscribers should remit by money order or registered letter. Deadbeats and pauper advertising offers should always include postal for rejection.

Advertising rates furnished on application.

Advertisements in Local Column, 5 cents per line, each insertion.

We cannot condescend to notice the slurs and misrepresentations of objects of pity, seeking other notoriety by baseless presumption. We cannot thus gratify their ignorant vanity. Neither would we add to their misery by overflowing their cup of bitterness.

The river bridge here needs some repairs. From the shaking of it, we expect repairs are badly needed. There has been general complaint that work on it has been at the time it greatly interfered with farmers bringing tobacco to market. We hope our commissioners will have the work done this month this time. The interest of the town and people demands that it be done this month.

—We are a printer short this week and could not get up all the primary proceedings as well as some other matter.

POISONING THE SYSTEM.

It is through the bowels that the body is cleaned of impurities. Constipation keeps these poisons in the system, causing headache, dullness and melancholia at first, then unsightly eruptions and finally serious illness unless a remedy is applied. DeWitt's Little Early Risers prevent this trouble by stimulating the liver and promote easy, health action of the bowels. These little pills do not act violently but by strengthening the bowels enable them to perform their own work. Never gripe or distress. J. L. Wooten.

Keep Your Watch

In good repair always. That is if you want correct time. Or get a new one. If there is anything you want, Rings, Brooches Silver or Plated Ware, be sure to go to.

E. E. Griffin.

MARRIAGE AT FARMVILLE.

Mr. J. M. Windham and Miss Bessie Bullock, of Farmville, were married in the Christian church Tuesday, 24th inst., 9:30 p. m. Before the hour arrived the church was packed to overflowing. To the sweet strains of music from the hands of Miss Annie Joyner, of Kinston, the attendants marched to the Sacred Altar as follows: Mr. J. J. Strowd, of Ayden with Miss Carrie Vail, of Plymouth; Mr. George Windham with Miss Mary Moye; Mr. C. E. Moore with Miss Vivian Parker; Mr. J. C. Smith with Miss Delphia Belcher; Mr. Joey Smith with Miss Neta Hardee and Mr. Bert Smith with Mamie Lang. Then followed the groom together with Mr. F. M. Davis slowly up the right aisle while the bride leaning on the arm of the bride's maid, Miss Etta Smith, came up the left. While the strains of "Mendelssohn's wedding march" were soft and low Rev D W Arnold solemnized the matrimony which made man and wife. The presents were numerous, handsome and valuable. Mr. and Mrs. Windham will make their home in Farmville. D.

Oscar Justice, an old and well known negro, a carpenter by trade met a horrible death Thursday between Raleigh and the penitentiary. He was walking on the Seaboard Air Line track, saw a train coming on it and stepped on the parallel track of the Southern Railway, and in an instant was struck by a Raleigh and Cape Fear train. His head was cut off as clean as if by an axe and his body so mangled that it had to be taken home in a basket. His age was about 60. He was at work at the Catholic orphanage.
