COTTON ENUMERATORS.

Bruton L. Taylor has been appointed cotton enumerator for Lenoir county and Mr. J. Andrew Jones for Green. One man is appointed to canvas the ginners of his county accurately and make three reports, the first report being made to include the ginning season up to October 18, the second to December 20. The last report will be at the end of the season. The enumerator will have one week in which to make each report.—Kinston Free Press.

BEAVER DAM

Mr. J. E. Nichols of Beaver Dam was in town last week to see Hon. W. J. Nichols who is sick with fever.

He said rain was needed and wanted in his section.

Mr. Silas Nichols suffered a stroke of paralysis a few days before.

That crops were generally good and that Beaver Dam is all right.

VACATIONS DAYS.

Vacation time is here and the children are fairly living out of doors. There could be no healthier place for them. You need only to guard against the accidents incidental to most open air sports. No remedy equals DeWitt's Witch Hazel Salve for quickly stopping pain or removing danger of serious consequences. For cuts, scalds and wounds. "I used DeWitt's Witch Hazel Salve for sores cuts and bruises," says L. B. Johnson, Swift, Tex. "It is the best remedy on the market." Sure cure for piles and skin diseases. Beware of counterfeits. J. L. Wooten.

WEEKLY FASHION HINTS.

A DAINY THREATER BODICE

Of Liberty Silk Over Taffeta.

With the signs of approaching warm weather our heavy and much trimmed satin and peau de soie waists are found too uncomfortable and we long for lighter garments

to wear to the theater. A very dainty waist is of pale blue liberty silk over taffeta of the same shade and is trimmed with ribbon-run heading. It has something of a bolero effect, as the lower part consists of plaited chiffon which bluses slightly over the belt. An attractive chiffon jabot completes the

garniture. The stitching is all done with Corticelli silk. When finished this makes a very attractive waist.

Insurance Commissioner Young says that both life and fire companies are making money in this state. He says the new law against incendiarism is working admirably; that under it a dozen persons have been convicted and sent to prison, while two rewards are now outstanding. He has two detectives in the field.

The M. P. Jordan company of Greenville, Pitt county, was incorporated last week to deal in leaf tobacco. The capital stock is \$30,000. The incorporators are M. P. Jordan and R. L. Debrill, of Danville, Va., and F. L. Walker, of Greenville.

Senator Foraker of Ohio says that President Roosevelt is the only man the masses will consider as a nominee for President in 1904.

POISONING THE SYSTEM.

It is through the bowels that the body is cleaned of impurities. Constipation keeps these poisons in the system, causing headache, dizziness and melancholia at first, then unsightly eruptions and finally serious illness unless a remedy is applied. DeWitt's Little Early Risers prevent this trouble by stimulating the liver and promote easy, health action of the bowels. These little pills do not act violently but by strengthening the bowels enable them to perform their own work. Never gripe or distress. J. L. Wooten.

The census bureau places the value of our farms at sixteen billion dollars and the value of our farm products at nearly five billion dollars for the year 1899. The average size of each farm in this country is 146 acres and about half of the land is improved.

Three American recruits boarded a train on the Mexican Central railroad and took from the express car \$50,000 besides other money packages.

Kruger offers his famous ex wagon, in which he campaigned during the Boer war, to the city of London.
