Within the last week either persons or letters of inquiry have come in from Battle Ground, Wallace, McLeansville, Julian, Climax, Lexington and Goldsboro, besides an increasingly large number from Greensboro.

K. of P. Building, 225 S. Elm Street.

Examination Free.

Satisfaction guaranteed. Special attention to Artificial Eyes.

OFFICE HOURS: 8:00 a. m. to 12:30 p. m.; 2:00 to 6:00 p. m.

THE SITUATION IN WHEELING

THE BELEAGUERED MINERS ARE GREATLY REINFORCED.

The Riverside Mines Idle--A Demonstration to be Made Against Elm Grove.

By Wire to THE TELEGRAM.

WHEELING, W. Va., Aug. 12.—This morning another invasion of miners from the Ohio side was made upon the local mines. Three hundred miners from Wheeling Creek and Martin passed through this city. It is reported that there are a hundred more from Maynard who will follow later. It is expected that their presence will have considerable effect on the Riverside miners, but Secretary Lewis stated that no march would come off today, as no answer had yet been received from Ratchford.

It is learned that the march across the river to Wheeling was without endorsement of the miners' officials.

None of the Riverside men reported for work this morning, but the management announces that the mine will resume work so soon as the Ohio men leave.

Visitors may make demonstrations against Elm Grove today, as a small force of miners is working there.

GOLLI WILL BE TRIED.

Visitors Stopped from Viewing the Remains of Canovas.

By Cable to THE TELEGRAM.

MADRID, Aug. 12.—Michele Angine Golli, the assassin of Premier Canovas, will be tried for murder here on Saturday. His attitude of cool defiance remains unchanged.

Owing to the objection of Senora Canovas, the admission of visitors to the Chapelle Ardente, where the body of Canovas is lying in state, has been stopped and no more visitors will be allowed to view the remains.

Senora Canovas will be made a grandee of the first-class and a pension of six thousand dollars per annum will be settled upon her by the government, in recognition of the great services of her illustrious husband.

Populists Break Heads.

By Wire to THE TELEGRAM.

COLUMBUS, O., Aug. 12.—In the Populist convention here the anti-fusionists secured control of everything. A free fight was precipitated by a fusion asserting that the middle-of-the-roads were working in the interest of Mark Hanna; chairs were broken and the police had to be called to quell the disturbance and separate the fighting delegates. A straight ticket will be named.

OUT AGAINST STARVATION WAGES

Five Hundred Cloak Makers Quit Work This Morning.

By Wire to THE TELEGRAM.

NEW YORK, Aug. 12.—The long expected strike of cloak makers began this morning, 550 men quitting their machines in two manufactories alone. Other strikers will undoubtedly follow in other manufactories of the city in quick succession, and it is expected that soon 12,000 men will be out against the starvation wages they have been receiving.

Paper Mills go up in Smoke.

By Wire to THE TELEGRAM.

MANCHESTER, Conn., Aug. 12.—The Peter Adams Paper Mills burned this morning. This was one of the oldest paper mills in the State. The loss is fifty thousand dollars.

INJUNCTION TO STARVE STRIKERS.

Butchers Stopped From Selling Meat to Miners.

By Wire to THE TELEGRAM.

PITTSBURG, Aug. 12.—A wider sweep was given to the power of injunction at Burnola yesterday than was ever before known in the history of this country. The judge enjoined butchers from selling meat to the strikers, for the purpose of starving them into submission.

AFTER THE FUGITIVE DOLLAR.

Remarkable Advances in Wheat at New York, Liverpool and Paris.

By Wire to THE TELEGRAM.

NEW YORK, Aug. 12.—Wheat continued its upward climb toward the dollar mark today on produce exchange. September and December options established new and high records for the season.

At noon September options sold at 89½, and December options at 88½. Liverpool and Paris also show remarkable advances.

Half a dozen men at headquarters of the dry goods trade in this city today say that certain prosperity has come at last, and the reason of their faith in the return of good times was that from the first of the current month till this morning, eleven days, the wholesale dry goods trade has been stronger than it was in the same period in former years. It is necessary to go back to August, 1892, last great boom year, to find anything like the present volume of trade. 1892 was the best year on record of equal importance with this month's activity in the dry goods trade.

Klondykers are Returning.

By Wire to THE TELEGRAM.

SEATTLE, Aug. 12.—Many of the gold seekers who have been in the rush for the Klondyke section are returning home for the winter on account of the blockade at Dyea and Skagaway passes. They report that there will be great suffering there during the ensuing winter. It will be impossible for all those now in the valley to reach the gold regions before winter.

AFTER THE UNSPEAKABLE TURK.

Tired of the Sultan's Saddle--Form of Government Must Change.

By Cable to THE TELEGRAM.

CONSTANTINOPLE, Aug. 12.—A placard printed in Turkish characters was found posted on the walls of all the ministries this morning. The placard demands that the system of government in the Turkish Empire be changed and threatens violence unless this is speedily effected. It further declares that unless this is done blood will flow as during the Armenian massacres.

Minister of War, Riza Pasha, has sent the circular to all the Turkish commanders with instructions directing them to keep the strictest watch upon their officers.

This step is attributed to the increasing discontent visible in Turkey against the present form of government.

Woodford Goes to Madrid.

By Cable to THE TELEGRAM.

LONDON, Aug. 12.—General Woodford, new United States Minister to Spain, started for Paris this morning with his staff on the way to Madrid.

THE CHILD PREACHER.

A Girl Only Eleven Years Old Preaches With Power.

Many of our people have doubtless read of a colored girl only eleven years old who has been conducting religious services in various Southern cities, preaching with wonderful power. Some time ago she was in Wilmington, and the papers of that city gave long accounts of her pulpit oratory and power.

Clairetta Nora Avery is the name of this child evangelist, and although she has never attended school a day in her life, it is said that her language is faultless. It is a strange power the girl has and can but be divine, for no person could preach as she is said to preach without divine power.

This wonderful child preacher is now in Greensboro, preaching nightly at Bethel colored Baptist church on Maple street.

Rev. P. J. Jeffreys is the pastor of this church, and he tells THE TELEGRAM that the reports of the child's wonderful power are not exaggerated. He extends an invitation to any white people who may wish to hear the girl to attend Bethel church. Special seats will be provided for them. The doors of the church open at 8 o'clock.

Sugar.

W. G. Mebane & Co. had a supply of extra fine sugar on hand this morning.

DR. McIVER INTERVIEWED.

HE IS NOT DISCOURAGED AT THE RESULT OF THE ELECTION.

Local Taxation the Only Way--No Doubt About the Ultimate Outcome.

Notwithstanding the general apathy and the quiet opposition to the movement and the failure of those whom the people are accustomed to follow, to take an open and active stand for the measure, it appears that a few townships in the State have carried the election for schools.

There is no reason why the few who have made a fight for the principle of local taxation should be discouraged. It has taken twenty years to secure the adoption of the principle in Asheville, Shelby, Statesville, Salisbury, Charlotte, High Point, Asheboro, Greensboro, Winston, Reidsville, Durham, Raleigh, Goldsboro, Clinton, Wilson and Washington. Most of these places voted twice, or oftener, upon the subject, but there is no disposition in any of them to repeal the tax after a fair trial.

No man who knows these facts could have expected a very large number of townships in the country to vote this tax at the first election. It is only a question of time when every township in the State will adopt the principle of local taxation.

This election will show where there is any strength at all for the movement and its friends will know better at the next election, where to concentrate their efforts.

All intelligent people know that without going beyond the constitutional limit of 66¢ cents on a hundred dollars' valuation of property, about 23 cents of which is needed for the State and 23 cents for the counties, no efficient school system can be maintained. The only way to go beyond the constitutional limit is by a vote of the people. The towns and cities of the State have learned this lesson and are profiting by it. The contagion will spread gradually. There is no doubt about the ultimate result.

The cause of public education never gets weaker by agitation. Let us keep the following facts before the people:

1. No people in this country have yet been able to educate themselves except through a public school system supported by a local school tax in addition to their State school tax.
2. North Carolina has less local tax for schools than the Northern, Eastern, Western, or other Southern States.
3. That North Carolina has the shortest public school term in the United States.
4. That North Carolina employs the cheapest teachers in the United States.
5. That North Carolina has a larger percentage of illiterate native white people than any other State or Territory in the United States except New Mexico.
6. That North Carolina has 40,000 more native whites who cannot read than the following eight others of the thirteen original States: New York, New Hampshire, New Jersey, Massachusetts, Rhode Island, Connecticut, Delaware and Maryland.
7. That while these facts, which are well known everywhere except in North Carolina, may not disturb the illiterate people of the State, yet they ought to arouse the educated people of the State to do something to remedy our condition.

I do not wish to impugn the motives of any who saw fit to disagree with the advocates of the local tax in this election. But certainly the intelligent people of North Carolina will not be satisfied for us to remain in our present condition.

Let those who oppose the only plan suggested, submit their plans for improving the schools.

The Crocoll Club.

We acknowledge the receipt of a card to the August Hop of this club at Bogart Hall tomorrow night, the hours being from 9 to 1.

The Crocoll is composed mostly of the younger set and it is purely social in its purposes. We learn that the club is negotiating for handsome rooms which it hopes to secure at an early day. Officers for the ensuing year were recently elected as follows: President, William D. McAdoo; Vice-President, J. Dewitte Kase; Secretary, A. H. Staples; Treasurer, T. S. Horry; Ball Manager, R. H. De Butts; German Leader, J. Simpson Schenck. The Crocoll will doubtless do much to make life pleasant this season for those who fall within its lines.

Rev. Hay Watson Smith, of Lexington, is here at the family reunion at his father's, Dr. J. Henry Smith. All of the children and grand children are with him.

AT HYMEN'S ALTAR.

Beautiful Marriage of Miss Gertrude Allen to Mr. W. C. Smith.

One of the most beautiful and impressive ceremonies that Greensboro has ever witnessed, took place this morning at the residence of Mr. W. W. Allen, on West Smith street, when Dr. J. H. Smith, senior pastor of the First Presbyterian church, joined together for life Miss Gertrude Allen and Mr. W. C. Smith.

Miss Allen is well known in Greensboro, and her gentle and lovely disposition has made her an object of admiration in whatever circle she has moved. She is a daughter of Mr. W. W. Allen, who is the Southern Express Company's route agent in the Piedmont division.

Mr. Smith is a son of Prof. Sam Smith, who teaches Latin at the Graded School in this city. He is instructor of English at the University of North Carolina.

The bride was married with a ring. She was dressed in a coat suit of blue, ready to take the train. The ceremony took place at exactly 7:30 o'clock, in the parlor, beneath a lovely bower of most beautiful flowers. About eighty or ninety friends and relatives were present.

Mendelssohn's grand old march was rendered by Miss Eliza Weatherly on the violin with piano accompaniment by her sister.

After the marriage ceremony, and congratulations were expressed, breakfast was served, followed by a variety of refreshments. The couple left immediately for Chapel Hill, where they will at once go to housekeeping in their new home.

Among the relatives of the family who were present, were Dr. Samuel Smith, of Columbia; Dr. Harry Smith, of Davidson; Dr. Alphonso Smith, of Baton Rouge; and Rev. M. Watson Smith of Lexington.

There was a most magnificent array of presents, some of which were given by the members of the Southern Express Company; others by the relatives and friends of the bride in Pennsylvania, New York and New Jersey, and others by members and friends of Prof. Smith's family. Among these numerous presents were a very handsome rosewood table, a lovely onyx clock, a beautiful Tiffany cut-glass card receiver, and a dazzling display of gold and silver plate.

THE TELEGRAM joins all Greensboro in congratulations and best wishes for a happy and prosperous life.

Tent Meeting to Close.

Mr. Lee will preach on burden-bearing this evening. This is said to be one of his best sermons, and a large crowd should be out to hear him.

The meetings will come to a close on tomorrow night with appropriate services.

THE MARKETS.
