The Eye Specialist

J. T. JOHNSON

Is being sought by persons from all parts of the state because his work has proved so phenomenally successful. Within the last week either persons or letters of inquiry have come in from Battle Ground, Wallace, McLeansville, Julian, Climax, Lexington and Greensboro, besides an increasingly large number from Greensboro.

K. of P. Building, 225 S. Elm Street.

Examination
Free.

Satisfaction guaranteed. Special attention to Artificial Eyes.

OFFICE HOURS: 8:00 a. m. to 12:30 p. m.; 2:00 to 6:00 p. m.

J. A. BYRD,
First-Class Barber

I run three chairs and guarantee satisfaction. Give me a call.

311 McADOO HOUSE.

WHEAT MARKET BOILING.

THE CEREAL CUTS MERCURIAL ANTICS IN NEW YORK.

Drops Three and Then Recovers Eight Cents--The Crop is Short in the Northwest.

By Wire to THE TELEGRAM.

NEW YORK, Aug. 23.—After a slight rise here wheat went off three and a quarter cents on realizations, then quickly recovered this and gained eight cents more. The news from abroad reports further rise there.

Conflicting reports of crop conditions is having much to do with this feverish state of the market. The foreign demand still continues strong.

No Change in Chicago.

CHICAGO, Aug. 23.—Wheat remains active at about Saturday's prices.

NEW YORK, Aug. 23.—Wheat opened strong and immediately advanced this morning. Corn led wheat in activity and advanced a cent and a half.

Poor Wheat Crop in Northwest.

MINNEAPOLIS, Aug. 23.—The wheat yield in the Northwest will fall short of first estimates. In North Dakota the crop is not an average one and in many sections it has been already spotted.

\$20,000 a Day More for Bread.

NEW YORK, Aug. 23.—With the rise in wheat the price of bread has been raised by putting less flour in the loaves and making them smaller.

Bakers decided to take this step in many districts today. This means an increase of twenty thousand dollars a day in the amount paid for bread in this city.

EARLY BIRD AFTER THE WORM-- Republicans Preparing for the Congressional Campaign of '98.

By Wire to THE TELEGRAM.

WASHINGTON, D. C., Aug. 23.—Plans are already being shaped, in a general way, by the Republicans officially connected with the national congressional campaign committees to conduct organized party work to precede the congressional elections in ninety-eight. In some congressional districts work will be begun even earlier.

KLONDYKE OUT-DYKED.

Fifteen Thousand Dollars in 6 Weeks from a North Carolina Mine.

Special to THE TELEGRAM.

RALEIGH, Aug. 23.—In six weeks two men have taken out \$15,000 in pure gold from a vein struck near here.

Philadelphia in Darkness.

By Wire to THE TELEGRAM.

PHILADELPHIA, Aug. 23.—Shortly after noon a severe storm put the city in darkness and flooded the streets with water. Much damage was done.

Faure Arrives at Cronstadt.

By Cable to THE TELEGRAM.

CRONSTADT, Aug. 23.—The French cruiser Rothman, with President Faure and suite on board, arrived at 11:30 this morning.

The Richmond Excursion.

The colored excursion to Richmond left this morning shortly after 9 o'clock, carrying a good crowd. A special car was reserved for white people and a goodly number took advantage of the trip.

A low rate prevailed, the fare for the round trip being only \$2.00, and this never fails to catch the average colored citizen.

Will Leave Greensboro.

Miss Hattie Hartsell has accepted a position as stenographer for the firm of W. H. Ragan & Co., of High Point, and will leave Greensboro next Saturday.

Miss Hartsell is a most estimable young lady. She has resided in Greensboro a number of years, and has many friends here, who wish her well in her new home.

William Lamb and Jennie Leonard, colored, were granted a marriage license this morning. Two attorneys acted as witnesses, one being Col. Morehead and it was the first marriage license the Colonel ever witnessed.

SECRET COMMISSION FOR CUBA.

Secretary Fishback Already En Route But Purpose Unknown.

By Wire to THE TELEGRAM.

WASHINGTON, D. C., Aug. 23.—The fact that a secret commission has been appointed by this government, for Cuba leaked out at the State Department today.

Commissioner Calhoun's secretary, Fishback, is en route to Havana on some mission for President McKinley. The trip is involved in mystery.

GUILFORD COLLEGE NOTES.

Pleasant Reception Saturday Night--Personals.

GUILFORD COLLEGE, Aug. 23.—A reception was given on Saturday evening by the Y. M. C. A., and the Y. W. C. A., to the old and the new students. The exercises were under the auspices of the senior class, with the assistance of Miss Ruth Worth. Walter Blair welcomed the students in behalf of the Y. M. C. A., and Miss Worth extended a welcome in behalf of the Y. W. C. A. President Hobbs welcomed the students in behalf of the College and faculty, saying that these societies are doing a grand work in the uplifting of the student life, and they are recognized as important factors in College work. President Hobbs said he was glad that when a student came to Guilford College he came to a place where Jesus was.

The other exercises of the evening consisted in music by Mrs. Albright, a solo by Miss Woodard, a recitation by Miss Moffitt, and a song by Petty, Redding and Tomlinson. An auction conducted by Prof Stubbs was enjoyed by all.

An opportunity was given the students to get acquainted with each other, and they all mingled in social intercourse, making every one feel at home.

Notwithstanding the inclement weather, a large crowd was present, and it was pronounced by all an enjoyable occasion.

H. B. Worth, of Raleigh, secretary to the treasurer of the North Carolina railroad, is visiting at the College.

Petty was snowed under Saturday night.

POISONED BY ICE CREAM.

More Than Fifty Persons Sick from the Effects.

An ice cream supper was given Friday night at Archdale for the benefit of the brass band of that place.

Almost everybody in the community was there and a most pleasant evening. Ice cream was the principal refreshment served and all partook of it very freely, little dreaming that on the morrow some of them would be lying near death's door on account of it.

The cream poisoned nearly everyone who ate it, making them deathly sick. We understand that Dr. Tomlinson had fifty patients who were violently ill.

It is not known what poisoned the cream—the vessel in which it was made or the flavoring which was put in it.

Veterinary Medical Association.

The North Carolina Veterinary Medical Association will meet in Charlotte, September 7th and 8th. All members, both honorary and active, are earnestly requested to be present, as there is much business to be transacted.

All members of the medical profession, and those who are in sympathy with the welfare of our dumb animals and wish them protected by the State, are cordially invited.

The object of this association is the advancement of veterinary, medical and sanitary science in North Carolina.

There are now several contagious diseases of the domestic animals, some of which are communicable to mankind, abroad in our State, which needs official attention. None of our cities have any scientific inspection of foods and we continue to eat contaminated milk and diseased meat with as much relish as if it had been inspected. We have a number of determined workers in our association, but we need the co-operation of the people who have tender hearts and kind feelings for our faithful friends and who realize the importance of strict sanitary regulations throughout the State. Meet us in Charlotte.

Yours truly,
J. W. PERRY, D. V. S.,
Sec. and Treas.

Greensboro, Aug. 23.
State papers please copy.

John McCreary, captain of Fire Company No. 2, of Winston, came down on the early train this morning.

ARRIVING BY TRAIN LOADS.

GRAND ARMY OF THE REPUBLIC ENCAMPMENT AT BUFFALO.

Commander-in-Chief Clarkson is on Hand--Woman's Headquarters Formally Opened.

By Wire to THE TELEGRAM.

BUFFALO, N. Y., Aug. 23.—Commander-in-Chief Clarkson of the Grand Army of the Republic arrived at his quarters this morning, and his reception constituted the first event of the week's encampment.

He was met at the depot by the local Grand Army and officially received by Colonel Wynans and members of the headquarters staff.

All indications point to an encampment that will be successful beyond the expectations of the most sanguine. Train loads of veterans and their friends are constantly arriving.

The Woman's Headquarters, at 256 Delaware avenue, were formally opened this morning. During the week further effort will be made to unite the Woman's Relief Corps and the Ladies of the Grand Army.

DANGEROUSLY WOUNDED.

One Negro Shoots Another Four Times, Then Skips.

Yesterday morning two of Winston's gay and festive colored citizens (Geo. Howard and William Tatum by name) were engaged in a game of "craps" in the eastern part of the city when, as is often the case when such a game is being indulged in, a dispute arose over some trivial matter.

Strong language which had no uncertain meaning was indulged in until Howard's thirst for gore got the better of him, when he pulled a revolver from his pocket and proceeded to bore holes through the body of Tatum, four balls taking effect.

After the shooting was over, and before a policeman arrived on the scene, Howard made good his escape. He came in the direction of Greensboro and it is thought that he is probably here now.

A doctor was called to attend Tatum, who is now said to be getting along fairly well. The doctor probed three of the balls from his body, the fourth one having gone through the calf of his leg.

WOKE THE WRONG PASSENGER.

Burglar Enters the Residence of Superintendent Campbell.

One of the coolest pieces of work done recently was at Proximity Mills the other night.

Some one came to the shutters of Superintendent Campbell's window and began working at it.

Mr. Campbell was awake, but lay perfectly still and let the burglar continue operations. It did not require very long for him to get the window open and crawl inside; then Mr. Campbell sprang out of bed and went for his revolver, which was lying on the mantle, and the burglar went for the window. Mr. Campbell fired several shots at him as he ran, but failed to bring him down.

If this was to be the beginning of the petty burglaries that have troubled other towns, this warm reception given will probably nip it in the bud. All the same, Mr. Campbell should keep his revolver nearer at hand, as the next burglar might get the drop on him.

Goods Coming In.

Messrs. Fordham & Ball, who came here last week to run a racket store, have leased the store at 113 East Market street, next to G. W. Denny's, and are busy opening their stock of goods. They expect to be open to the public by the 25th—Wednesday.

They will run a general racket store with goods up to date and prices to suit everybody. They will be prepared to meet all competition. We wish these clever gentlemen much success.

Superior Court Convenes.

The regular August term of our Superior Court convened this morning with His Honor, Spencer B. Adams, on the bench. The judge's charge to the grand jury was strong. It was rather long, His Honor covering about all the ground.

The first case called was State vs. Josh Williams, colored, for abandonment.

Two colored lawyers, Fitts and Lanier by name, are here from Winston, attending court.

IMPROVEMENTS AT THE N. AND I.

Preparing for the Opening October 7th--New Course of Lectures.

A TELEGRAM man had the pleasure this morning of being shown through this school, that is doing so much for the young women of North Carolina; doing too what no other school can do because of its phenomenally low charges puts it within the reach of large numbers who could not otherwise go to college at all. Of the yearly attendance not less than 75 per cent. say they could not have attended elsewhere. When the advantages, both in the way of home comforts and facilities for instruction, are considered it is wonderful that students can be taken for \$90 a year. That this is appreciated is shown by the prospects of an unusually brilliant opening this fall.

Still there are large numbers of North Carolina girls who cannot pay even this small charge as was shown in a recent instance. The management decided to have the dining room served by sixteen young ladies, all expenses to be paid by such service, and in a very brief space more than forty applications were received from young women anxious to take advantage of the opportunity. It is difficult to over-estimate the work this institution is doing for that class in the State whose lives would be "bound in shallows" without it.

The plastering of the buildings, which has been in the rough up to this time, is now being plastered and tinted a soft green that gives the rooms a pleasing and restful appearance.

The wood work, which was plain, is being finished in cherry which harmonizes excellently with the new plastering and adds greatly to the beauty of the inner building. The dormitories are also being thoroughly overhauled and put in condition for the coming occupants.

President McIver authorizes us to announce to the public that there will be at the State Normal and Industrial College during the coming school year, a course of entertainments and lectures of the highest order. Any who may desire to secure season tickets, can do so at the usual rates; or, if they prefer, after the course is announced, to buy tickets for single entertainments, they can do that.

Joe Jackson Converted.

It is reported that Joe Jackson, who is more or less well known to everybody in Guilford County, has been converted at one of Mr. Lee's meetings in High Point.

If Mr. Lee's meetings in High Point were to result in no other good than the conversion of such a man as Joe Jackson, then the evangelist might count himself well repaid for all the efforts put forth.

THE MARKETS.
