## BANK OF ENGLAND'S POSITION

### Had No Negotiation With Monetary Commission.

### MEETING OF THE DIRECTORS.

### Can Hold One-Fifth of Reserve in Silver Under Act of 1844--The Conditions.

By Cable to THE TELEGRAM.

LONDON, Sept. 16.—At the meeting of the directors of the Bank of England today Hugh Smith, the governor of the institution, said among other things that the proposals by which England might increase the use of silver and those which would enable France and the United States to resume the free coinage were one and the same. They would enable the bank to hold in reserve the silver permissible under the act of 1844 as against notes. The government, he said, had consulted him in the matter and he wrote Michael Hicks Beach, the Chancellor of the Exchequer, on the subject. Referring to the conversation with Smith he said: "I beg to say that the Bank of England is prepared to carry out what is laid down in the Bank's charter, namely, to hold one-fifth of the bullion held against the notes issued in silver; provided always that the French mint is opened to the free coinage of silver and that the prices at which silver is procurable and saleable are satisfactory." Replying to a question the governor said that the bank had not had any negotiations with the United States Monetary Commission and added: "We have bought no silver; all we have done is to agree under certain circumstances to carry out what is permissible under the act of 1844."

### NEGRO POSTMASTER MURDERED.

### Found Dying in his Room—Shot in a Dozen Places.

By Wire to THE TELEGRAM.

HAGERSVILLE, Ga., Sept. 16.—The first callers today at the house of I. Loftin, a colored politician, found him lying on the floor, shot in a dozen places and barely alive. He was unable to say who did the shooting. There is evidence to show, however, that the affair attracted attention at the time. Loftin was appointed postmaster by McKinley, though all the inhabitants objected. The feeling toward him was very bitter. A secret meeting was held and resolutions passed to kill Loftin and his successor, if the President names another negro.

### TELESCOPED THE BAGGAGE CAR.

### Passenger and Freight Collide on The Rutland Railway.

By Wire to THE TELEGRAM.

ESSEX JUNCTION, Vt., Sept. 16.—A New York train over the Rutland Railway due here at five o'clock, collided with the local train on the Burlington division this morning. Engineer Chase suffered several broken ribs and internal injuries. George Howe was severely injured, and the head baggage car was telescoped.

### The Situation at New Orleans.

By Wire to THE TELEGRAM.

NEW ORLEANS, Sept. 16.—The situation changed hourly this forenoon. There are two new cases and two suspicious cases today, making 18 cases and 1 death to date; trains leaving the city are subject to rigid inspection. A medical inspector accompanies each train that leaves the border of Louisiana, Mississippi and Alabama. An assistant surgeon has been ordered to Mobile to inspect all trains made up there in a similar way.

### Tribesmen Attack Rawatthos.

By Cable to THE TELEGRAM.

SIMLA, Sept. 16.—The Mohammedans attacked the camp at Rawatthos on the night of the fourteenth. The Garrison fought stubbornly for six hours; the fighting was fierce and two British officers were killed.

### Priests Must Not Ride the Bike.

By Wire to THE TELEGRAM.

MONTREAL, Sept. 16.—The Roman Catholic Archbishop of Montreal has forbidden priests to ride the bicycle on the ground that it is undignified.

### Strike Finally Ended.

By Wire to THE TELEGRAM.

PITTSBURG, Sept. 16.—The great coal miners strike is off at last. Two thousand diggers resumed work today at the sixty-five cent rate.

### McCulloch Becomes Chief.

By Wire to THE TELEGRAM.

NEW YORK, Sept. 16.—McCulloch sworn in as chief police yesterday afternoon.

## DEATH OF MRS. HODGIN.

### Mr. Lee's Meetings—Another Negro Shot at Winston.

Special to THE TELEGRAM.

WINSTON, Sept. 16.—Mrs. S. H. Hodgin died at her home in this city last night about 8 o'clock. She had been very ill for some weeks with neuralgia of the heart, and her death was not unexpected, yet the entire city is sorely grieved on account of it. She leaves a husband and three children, Mrs. John W. Hanes, George Hodgin and Miss Mary Hodgin, besides many relatives in this city to mourn her sad departure.

Evangelist Lee is shaking the city, and is handling vice and wickedness with rough tongs. His big tent is full at each service and he is preaching with great power.

Last night he rode the city council and police officers with rough spurs, and hundreds of voices in the audience shouted back "Amen."

Another negro was shot here Monday night, but the shooting only came to light yesterday. The negro who did the shooting is in jail. The wounded man will recover.

### KING OF DENMARK INJURED.

### Stumped and Fell Down a Spiral Staircase.

By Cable to THE TELEGRAM.

COPENHAGEN, Denmark, Sept. 16.—King Christian suffered a serious accident while ascending the spiral staircase, leading to the beacon, at the grounds of the fortress at Arresund. He stumped and fell down the staircase, seriously injuring his chin and mouth.

The pain was intense and the king was obliged to return to Berustaff, on the Isle of Euland, where the physicians are attending him.

### Used Rolling Pins.

By Wire to THE TELEGRAM.

HAZLETON, Pennsylvania, Sept. 16.—Two hundred and fifty angry women made more trouble this morning than a thousand men by attacking the washeries with rolling pins, poles and other weapons available. They forced the men who offered little resistance, to quit work. In the other regions quiet prevailed. The strike is general and not a colliery of importance is working.

### They Smile at Governor Kountz.

By Wire to THE TELEGRAM.

VERSAILLES, IND., Sept. 16.—The personal representative of Governor Koutz, has arrived to prosecute the leaders of the lynching party, who murdered the five men here. The people of the town smile and say nothing will ever be done, and are throwing every obstacle in the way of the law.

### A RUNAWAY MARRIAGE.

### This Time It Was the Children Who Objected.

A runaway marriage on account of objections by the old people is a usual thing, but for the old folks to run away from the children is something out of the ordinary. A marriage of this kind was solemnized here yesterday afternoon.

The contracting parties were John H. Hudgins, of Pittsylvania county, Va., and Mrs. Amelia M. Stanley, of Durham county. They both have been married before and have children who seriously objected to the union, but this obstacle was surmounted by these two fond hearts.

The couple arrived in the city yesterday afternoon and repaired to Mrs. Worthington's boarding house, on South Elm street, where they were made one. After the marriage license had been procured Squire Eckel went down and performed the ceremony in his usual dignified and impressive manner. Mr. and Mrs. Hudgins left last night for their home in Virginia. The groom is 43 years old, while the bride has seen thirty-six summers.

### How it Stands Abroad.

C. M. Carson, the agent of the Southern Stock Mutual Insurance Company at Charlotte, is an up-to-date advertiser. He first gives a long list of over two hundred names that have participated in the dividends and then adds the following:

Increase over business for 1896, one hundred per cent.

The greatest public benefit in North Carolina, backed by sound business men who do not want all the profits.

Does not belong to the South Eastern Tariff Association, but stands alone for the interest of the people.

If you do not belong to my Insurance Family, join now, and get your dividends for 1897, for we are still paying 20 per cent. back.

Very truly,  
C. M. CARSON, Agt.  
Assets of the company January 1st, 1895, \$100,000.  
Assets July 1st, 1897, \$130,000.  
Increase in two and half years, \$30,000.

## SILK MILLS MAY REMAIN.

### Manager Bamford Gone North on Business

### CONNECTED WITH THE FACTORY.

### The Removal to be Reconsidered and the Silk Business May Flourish in the "City of Flowers."

The removal of the silk mills, notice of which was published exclusively in yesterday's TELEGRAM, has been postponed.

Mr. Bamford received a telegram from the company calling him north for a further consultation in reference to the matter and no further steps will be taken toward removing the mills for the present.

The Industrial and Immigration Association sent Mr. J. F. Jordan north to see the representatives of the railroad and express companies with a view to securing better transportation rates, and pending a possible advantageous arrangement, the removal has been postponed.

It is possible after all, that if a satisfactory agreement can be reached, the mill will remain, for a time, at least, until the advantages of the field can be more thoroughly ascertained in other respects.

It is to be hoped that the matter may be agreeably adjusted, and that the company may see their way clear to continuing the plant in Greensboro.

### Escaped from the Calaboose.

Will Thomas, a Greensboro negro, and another negro tramp, beat their way in last night on one of the trains.

They were arrested at the depot and placed in the lock-up to await their trial before the mayor this afternoon. But they had no idea of remaining in prison, so they began to look around for a way of escape. There is a flue in one of the walls of the calaboose in which there is no grate. Over this flue was tacked a piece of sheet iron. The prisoners ripped off the sheet iron and crawled through into the jail corridor, and when the guard stepped off for a few minutes they made their escape. The guard captured Thomas but the other negro succeeded in getting away.

### Office Seekers After Him.

WASHINGTON, Sept. 15.—The White House was thronged with official visitors today, and the President was kept busy from an early hour with the steady stream of callers. The first was Judge Day, assistant secretary of state, who came at 8:15 o'clock. He and the President were together for some time, presumably in relation to Cuban affairs and General Lee's visit, although no information as to the nature of the call was obtainable.

### Refugees Pouring Into Atlanta.

ATLANTA, Sept. 15.—Yellow fever refugees poured into the city today. During the day three special cars of refugees came in from New Orleans and other infected points.

One car was filled with the troops from Jackson Barracks, in New Orleans. This stopped here but a few minutes, and then passed on through to Chicamauga National Park, where they will camp. There were about 200 of the men.

### Relief That is Appreciated.

The dust around the depot has been almost unbearable for some days. This morning the street sprinkler was carried down and the space around the depot sprinkled thoroughly. The change is greatly appreciated by the traveling public and those who frequent the depot.

## POINTS FROM HIGH POINT.

### Personal and Local Affairs Briefly Mentioned.

TELEGRAM BUREAU,  
HIGH POINT, N. C., Sept. 16, '97.

The series of meetings, which have been in progress for the past 12 days, conducted by Evangelist W. P. Fife, will conclude with tonight's service. These meetings have been the result of much good.

Prof. J. M. Weatherly, formerly principal of the institute here, returned from Uvalde, Texas, this week, where he has been elected superintendent of the graded schools.

A telegram was received here yesterday from J. H. Millis stating that he arrived at Little Rock, Ark., safely and felt much improved.

The Misses Johnson, of Washington city, who have been spending some months in the city, returned home yesterday.

The new law firm of Stedman, Ragan will have offices over Beeson Hardware Co.'s store.

Miss Estelle Tomlinson, of Archdale, passed through the city yesterday en route to Asheville, where she will enter the female college.

All preparations for the celebration tomorrow are about complete in every particular, including a big shower of rain.

### Did Not Recognize Silver.

NEW YORK, Sept. 15.—The Democratic State committee refused today to accede to the demands of the free silverites that the principles of the Chicago platform be reaffirmed. The committee met by authorization of the Democratic State convention of last year to nominate a candidate for chief justice of the Court of Appeals.

### \$1,000,000 in Gold from Klondyke.

SAN FRANCISCO, Sept. 15.—The long overdue steamer Excelsior, which left St. Michaels, Alaska, for this port six weeks ago, but was compelled to put back to Unalaska for repairs, after having broken two blades of her propeller, arrived here this morning with 63 passengers and about \$1,000,000 in gold.
