THE STEEL AND WIRE TRUST

Has filed its Papers of Incorporation in Illinois.

EIGHTY-SEVEN MILLION DOLLARS

It is a Cold Day at Malone-Blowing Hard at Colon-Mrs. Luetgert's Golden Opportunity.

By Wire to THE TELEGRAM.

Chicago, Jan. 4.- Incorporation papers of the American Steel and Wire Company, capitalized at eighty-seven million dollars, have been submitted to the Secretary of State at Springfield for information. Whether the corporation will state the amount of stock which is to be common and the amount which is to be preferred is not certain. The company will either be incorporated in Illinois or New Jersey. The deal has been closed for several weeks and the basis upon which the plants are to be taken has been agreed upon. Accountants are now verifying the valuation and the vendors get either cash or stock.

A COLD DAY IN THE MORNING.

By Wire to THE TELEGRAM.

Malone, N. Y., Jan. 4.-The mercury registered thirty-five degrees below ero at Saranack lake today. This is the lowest temperature of the year.

A CLOSE CALL.

Lindsay Thomas Badly Injured by Horse Falling on Him.

This afternoon about 1:30 Lindsay Thomas attempted to ride an unruly horse at Vanstory's livery stable. He succeeded in saddling and mounting the animal when it made a plunge and Tar. Heel Cough Syrup reared up, throwing Thomas and falling over backward upon him. The man's head fell in the gutter close by the curb stone and this probably saved his life, as in falling the horse struck partly on the sidewalk.

> The man, however, is very seriously hurt. The horse is a very large and heavy one and most of his weight rested across Lindsay's breast.

Dr. Turner was hastily summoned and administered to the suffering of the unfortunate man.

At the present writing it is thought he will get well, though it is hard to tell just what his injuries are. The doctor thinks there are no bones broken, however.

Thomas is a colored man and lives in Thomasville, and was preparing to start home when the accident occurred.

OPPOSED BY TRAVELING MEN. National League Preparing to Fight Anti-Scalping Bill.

New York, Jan. 3.—The Commercial Advertiser says: P. E. Dowe, president of the Commercial Travelers' National League, said today that this organization is prepared on the reconvening of Congress to vigorously oppose the anti-scalping bill now before

Mr. Dowe disclaims any connection between his organization and the scalpers, saying that the league will not oppose any legislation directed against the business of scalping. Neither the word "scalper" nor "broker" occurs in any of the bills passed by the legislatures of ten states, or in the bill pending before Congress. He thinks the bill, if passed, will be a prelude to a general advance in passenger rates all over the country.

Proceeding Slowly.

The case of L. L. Hendren, guardian, vs. Alspaugh et als., which consumed yesterday afternoon, was continued today. The amount in controversy is about \$2,000.

"WE TOLD YOU SO."

It is Practically Settled and Work Will Begin Soon.

What is practically settled? Why the fact that Greensboro will soon have a new and commodious passenger depot. There is no longer any mistake or doubt about the matter.

There have been many rumors, and some good guessing has been indulged in, but the facts have been kept a secret as far as possible. The Telegram, however, got wind of the movement, and contented itself with the knowledge that very soon the old and inadequate depot would be a dream, as it were, of the past, and that people coming into Greensboro over the Southern railway, would alight from the cars into a depot and reception room in keeping with our

progressive city. If you don't believe this story now, just wait. We predict that ere long there will be a movement about the depot that will make the heart of Greensboro glad. We give it as our opinion that the old freight Warehouse will be torn down to make room for a handsome depot and the tracks will be shifted to the southside of the present building. The street between Cleggs and the railroad will be widened to make room for carriages and the hotel conveyances.

And so we might go on telling you what we predict will be done, and you might not believe it. The Telegram believes that these things will be done soon. Then, when all this is being done we can point to the business and

We told you so.

Sensational Developments in Today's Trial.

THE JURY WAS FOUND PACKED.

The trial Was Indefinitely Postponed Hanna Says there is Plenty Time.

No More Victims

By Wire to THE TELEGRAM.

Camden, N. J., Jan. 4-The trial of Eli Shaw for the murder of his mother and grandmother stopped abruptly and sensationally today. Each side threw out hints of sensational developments exposing a deep laid conspiracy in the trial. A mistrial was declared because one of the jurors was found to be a member of Shaw's lodge of the Junior Order of United Ameri-

can Mechanics. The lodge adopted

resolutions pledging support to Shaw.

Nelson W. Cox the twelfth juror was

the member. Many women are present and the case is very similar to the Thorn trial. Some say that juror Cox will be prosecuted for swearing falsely to the questions on examination. The case will possibly be postponed until next April when the court holds its next

meeting. NO MORE VICTIMS.

By wire to THE TELEGRAM.

London, Ont. Jan. 4-No more victims of the collapse of the floor of the city hall last night were found this morning by the searchers in the ruins today. Thus far twenty-four bodies have been recovered from the ruins and identified.

BEN BUTTERWORTH ILL.

Commissioner of Patents in a Dangerous Condition.

Atlanta, Jan. 3.-A special to the Constitution from Thomasville, Ga., savs: Commissioner of Patents Beniamin Butterworth, is very seriously ill at the Piney Woods Hotel, in this city and grave fears are felt for his recovery. He is suffering from kidney troubles and was attacked suddenly today, with uremic convulsions. Dr. McIntosh, who is attending him, pronounces his condition tonight as extremely grave. His daughter, Mrs.

Howe, is with him. Commissioner Butterworth came here some weeks ago to recuperate from an attack of pneumonia, and until today was steadily improving. He was at the theatre Friday night, and had been out walking or driving almost every day since he has been here. His sudden prostration was a painful surprise to those who know

HUNTING FOR GOLD.

The Treasure Belonged to Indians. White Men After It.

Maryvill, Mo., Jan. 3-Northwest Missouri is much interested in a search for gold, which has been secretly in progess for three months, near Clear-

Dave, John and Bill Bains, brothers, who live near the Iowa-Missouri line, declare that on a small strip of land north of Clearmont, is a buried treasure of gold.

Alexander Gray, a harness maker, owns the tract. The Bains boys assert that the secret was disclosed to them by some Indians of the Sac and Fox tribe, who made a search for the gold years ago.

In 1837 congress extended Missouri's boundary line so as to include 6 counties now in northwest Missouri. The Sac and Fox and Iowa Indians owned the land and after much difficulty it was purchased from them. Part of the price was \$7.500 in gold, delivered to Chief Cahaqua (Red Fox) at Liberty. Mo. He and his party were set upon and murdered by a band of Omahas. Chief Red Fox died without revealing the hiding place of the money and other treasures.

The Sac and Fox Indians were taken to Kansas and a tradition among them is that the gold was deposited in a hollow log and sunk to the bottom of a small lake near where Clearmont

The Nodaway river has since filled the lake with sand, and its position is doubtful. A stock company of Clearmont business men has been organized to aid the Bains brothers.

ON A BLAZING CAR.

Four Horses Burned to Death and Theatrical Scenery Destroyed.

St. Louis, Jan. 3.-Fire on a Wabash train cremated four horses and destroyed the scenery of a theatrical roupe this morning.

The horses were used in the play 'In Old Kentucky," which opened a a week's eugagement in Havlin's Theatre here this afternoon. The scenery belonged to the same troupe.

When thirty miles from Kansas City the engine sparks set fire to the baggage car, and Conductor J. W. Canabey signalled the engineer several times to stop. Fearful of blocking the main track

and causing a wreck, the engineer disregarded the signals and ran the train to Flaming, a siding, in Ray county. The rnn of twelve miles was made in fifteen minutes, and during that quarter of an hour consternation reigned. All the baggage was burned, and it was only by heroic efforts that the

troupe was able to show here today.

EAcademy of Music Thursday Night. Pudd'nhead Wilson which comes to the Academy of Music Thursday night is Frank Mayo's dramatization of Mark Twain's famous Missourian idyl. The play deals with the folks of a little Missouri village, to which has come a lawyer named Dave Wilson, who by his quaint sayings and eccentricities has long been looked upon as a simpleton and dubbed Pudd'nhead. He is that kind of a lawyer to whom nobody will trust a case but by his great fad for taking thumb impressions of different persons he is at last able to demonstrate his talents and win the greatest case the region has ever known. The role of Pudd'nhead will be assumed by no less an artist than Mr. Theodore Hamilton one of the best character actors on the stage of today. Mr. Hamilton is said to portray the genial, quizzing, kindhearted Missourian to the very life, and his sayings and twisting of the proverbs give to Twain's work a new charm. Joseph Jefferson, Jr. son of the elder Jefferson of Rip Van Winkle fame ably supports Mr. Hamilton. The play will be mounted with that same attention to detail that aided much in making its New York run so
