ALL AGOG AT RURAL HALL.

There is a Wild Beast Loose in The Woods.

ATTACKS NOTHING BUT DOGS.

The Slaughter of Canines Has Been Going on for Months—Lives in Vast Piece of Woods.

Special to THE TELEGRAM.
Winston, Jan. 18.—Undeniable evidence has been found of the presence of some wild beast in the woods around Rural Hall. Whatever the animal is, it attacks only dogs, harming nothing else around the yard. The dog is attacked, his throat cut and his body eaten from his heart to his hind quarter and his bones cleaned of all meat.

The animal has been seen only once, but he could not be distinguished from the dog which was being attacked and disappeared in the darkness. The depopulation of the dogs has been going on for six or seven months, but at first attracted little attention, the report being circulated by the boys. But a witness tells of the attacks the animal has made, and of the dead bodies of two dogs seen Monday morning. The only theory advanced is that there being about 6,000 acres of thickly wooded woodland around Rural Hall and running thence almost unbroken to Sauratown mountains. It must have its habitat there.

SPOILED A ROSY ROMANCE.

The Young Man Reckoned Without His Mother-in-Law.

There was a pretty little romance made and spoiled yesterday—made by two young hearts that longed to be one and spoiled by an irate mother. George Parker, a young farmer living near town, had been making eyes at Miss Hatie Andrews, who lives across the railway, on Washington street, with her parents.

Miss Andrews finally consented to be led to the altar with her parents, consent or without. He said without and she agreed. But the joy was just too much for his youthful heart, and like the deep young man he was, he took another fair maiden into his confidence and she took the nearest way to the house of his intended and told the mamma.

Meantime, though, the youth and his intended sought out in haste the Rev. J. B. Tabor, a few miles away and, the license being alright, he had made them one. Their marital existence was brief. The deceived mother swooped down in a buggy and bore away the bride of an hour. The groom disappeared and has not been heard from since.

The father of Miss Andrews, or Mrs. Parker, as you please, has returned and is breathing threats and damage suits against everybody from the register of deeds to the groom.

Garland Daniel Won.

Garland Daniel has a new horse today of which he is justly proud. It is the fine saddle horse raffled off by Jno. Weatherly. The horse is valued at \$110 or thereabouts and cost Mr. Daniel just \$5, that being the amount invested in tickets.

The lucky number was 114 and the total number of tickets was in the neighborhood of 170.

Mr. Daniel spent part of the morning around at the stables looking at his prize.

Trenton, N. J., Jan. 17.—One of the most notable Grand Juries ever drawn in the United States District Court for the District of New Jersey is that which will be sworn in on Tuesday at the opening of the January term of court. The panel will include several millionaires, among them George J. Gould, an ex-United States Senator, four Mayors, and several other persons of prominence.

Will Retire From Business.

Messrs. Forsyth & Winslow, will soon retire from business. They have for sometime been conducting a produce, grain and feed business on Buchanan street, and the property occupied by them being recently purchased by the Southern Railway, they will soon have to give possession.

Not being able to secure a desirable location, these gentlemen have decided to go out of business soon. The Telegram hopes that they will not remain out long, but they will find a suitable place to continue their business.

Ladies' Day at the Club.

The Board of Governors of the Merchants' and Manufacturers' Club met last night and decided that hereafter Thursday of each week will be ladies' day. On that day those ladies who have been invited by members of the club will have access to the club rooms. It was also decided to give a reception at the club once a month. The first of these receptions will be given on the 22nd of February—Washington's birthday—and will be a social event.

German Tomorrow Night.

Arrangements have been perfected for what will be the swellest german of the season. It will be given by the young ladies tomorrow evening at Bogart hall complimentary to the Crocail Club. The hours will be from 9:30 to 2. The hall will be decorated in the Club's colors, white and gold, and the Greensboro Orchestra will furnish music.

To Double the Shops.

The Salisbury World has it from the best authority that in the event that the lease suit is decided in favor of the Southern, it will double the capacity of its shops there. The company has had this matter in contemplation for some time, and it proposes in the event mentioned to make the Spencer Shops second to none in the South. The employment of double the force which the Southern now has would mean a pay-rollo to Salisbury railroad men of nearly \$100,000 per month.

Carried to the Pen.

Sheriff Hoskins left this morning for Raleigh having in custody Isaiah Hairston and Millie Lee who go to the penitentiary for fifteen and ten years respectively. They were tried at the May term, 1897, for criminal assault on a little white girl and the court pronounced the above sentence upon them. The case was appealed to the Supreme court, where the judgment of the court below was affirmed.

STRIKING MILL OPERATIVES

Situation at the Various Mills is Unchanged.

ATTEMPTS AT VIOLENCE CEASED

A Few of the Hands Return to Work but for the Most Part Operatives Idle and Mills Closed.

By Wire to THE TELEGRAM.
New Bedford, Jan. 18.—Not one of the cloth mills here made an attempt to run this morning. The experience yesterday, especially the incident riot at the Bristol mill, showed that popular feeling is so intense that it would be unsafe to make an effort to resume operations. The thousand operatives are very quiet and everything seems to have settled down to a waiting battle.

SITUATION AT BRADFORD.

By Wire to THE TELEGRAM.
Bradford, Me., Jan. 18.—The strike situation is unchanged from yesterday. The Pepperel, Laconic and York Mills have shut down and there is every indication of a prolonged struggle. The committee of York operatives will call on agent Page today and endeavor to secure an adjustment of the grievances due to the reduction.

QUIET AT LEWISTON.

Lewiston, Me., Jan. 18.—Everything is quiet at the cotton mills this morning. At Androsoggin, the only mill where trouble exists, a crowd gathered about the gates, but no violence was offered to those who passed through to work. There are few operatives in each of the departments except those of the spinners who are back.

WEAVERS STRIKE.

Fitchburg, Mass., Jan. 18.—The weavers of the Nickage cotton mill struck yesterday, compelling the factory to close. They are working this morning and have decided to accept the reduction if it does not exceed 6 per cent.

WOOLEN MILLS CUT.

Laurence, Mass., Jan. 18.—The operatives of the Brightwood manufacturing company, at North Andover today, refused to accept a reduction of 16 per cent. The mill manufactures woollen goods.

HOSIERY KNITTERS STRIKE.

Laconia, N. H., Jan. 18.—The hosiery knitters of the Hodgson Hold Company's factory struck today against a ten per cent. reduction of wages.

GENERAL BLANCO WILL RESIGN.

So Soon as the Government is Dissatisfied With His Policy.

By Wire to THE TELEGRAM.
Key West, Jan. 18.—It is stated in Havana that General Blanco will resign as soon as the government at Madrid is dissatisfied with his policy. Havana is still much alarmed and all streets leading to the park have extra guards. The insurgents have attacked the town of Cono near Havana again and a large Spanish force has been sent in haste to protect the town.

SPAIN HELD SUPPLIES.

Intended For the Starving Cuban Reconcentrados.

By Wire to THE TELEGRAM.
Washington, Jan. 18.—It is announced at the State department that the action of the Spanish authorities in temporarily holding the supplies consigned to General Lee for distribution among the starving reconcentrados in Havana and other towns was due to the Cuban riots. The department adds that there is no doubt that all the articles will be delivered to General Lee and properly distributed among the sufferers.

A New Cotton Mill.

A new cotton mill, with \$60,000 capital stock, was yesterday incorporated by the Secretary of State. The incorporators are W. L. Holt, E. H. Williamson, L. A. Williamson, J. W. Menefee and Herbert Lutterloh, all of Fayetteville, under the corporate name of the "Holt-Williamson Manufacturing Company." The par value of the shares of stock to be issued shall be \$100. Business may be commenced whenever \$35,000 of the \$60,000 capital stock is paid in. The privilege is given of increasing the capital stock to \$200,000.—News and Observer.

A STEAMER ASHORE?

A Report That Cannot Be Verified Nor Denied.

By Wire to THE TELEGRAM.
Seattle, Wash., Jan. 18.—It is rumored here that the steamer City of Seattle has gone ashore at some point between here and Alaska. It is impossible to confirm the report or discover the origin of it. The City of Seattle sailed from here on Wednesday for Skaguay with five hundred passengers on board and six hundred tons of freight.

SUPERINTENDENT'S LETTER.

To Supervisors and Members of County Boards of Education.

Raleigh, N. C., Jan. 17.—I write you in regard to orders given during the school year of 1896 and 1897 for public funds when there were no funds due the districts.

The committees had no authority to sign orders for money when there was none due the school for which they gave the order for school supplies, and the person or persons accepting these orders did so at his own risk.

The banks that bought such paper or orders did so upon their own responsibility. I feel sorry for the children whose money is squandered.

Some counties in the state have been canvassed by agents who knew there was no money due the schools, and the committee knew they had no money to pay the extravagant orders they were giving.

It is a burning shame to see the hundreds of dollars of orders given for money when there was none, expecting to gobble up the money of the children for this fiscal year.

Do not spend one cent of the school money due from July 1st, 1897 to June 30th, 1898, to pay orders made by your predecessors in office.

If there was money due the districts for which the goods were bought at the time they were bought, and for the school year in which they were bought, then, of course, such orders must be paid, otherwise do not pay them.

Yours very truly,
C. H. Mebane,
Superintendent Public Instruction.

NOBLE LADY WEDS A SAILOR.

Daughter of the Marquis of Allesbury Marries a Sea Captain.

A special cable dispatch to the New York Sun from London says: The Daily Mail records the romantic marriage of Lady Ernestine Brudenell-Bruce, eldest daughter of the Marquis of Allesbury, and Harry Brady Hunt, a merchant seaman and an Irishman.

Lady Ernestine is an enthusiastic yachtswoman, and was attending the Nautical School at Liverpool with a view of obtaining a master's certificate in order that she might command her own yacht.

The Board of Trade declined to give her a certificate, being barred from doing so by the regulations which exclude women from being masters of vessels. Her presence in Liverpool led to her acquaintance with Mr. Hunt, who was seeking a similar certificate, which was issued to him.

The pair were married quietly in Liverpool. None of the bride's relatives was present at the wedding. Mr. Hunt has been appointed master of a sailing vessel, and his wife will accompany him on his first voyage as a captain.

Enemies of Civil Service.

Every political trickster and ward worker, regardless of his party brand, is interested in the overthrow of the civil service law, just as every hoodler and thief is interested in the defeat of the police and all criminal prosecutions. If civil service has weak places they should be made strong and proof against attacks of gangs, but no honest man will attempt to defeat the principal of the law.—Chicago News.

How it is in London.

"I have noticed since coming to the United States that the word 'nigger,' as applying to the black people, isn't half so common in conversation or in newspapers as it is in my country," said Mr. George Norcross, of England, at the Ebbitt. "However, the term isn't meant offensively in Great Britain, and I suppose the colored people wouldn't be so apt to resent it over there, seeing that there is no discrimination against them on account of their race. The best hotels and theaters of London are open to their patronage, and they go anywhere that white people do. London is entirely too cosmopolitan to be affected by race prejudice, and every man stands on his own merit."—Washington Post.

NEW ENGLAND MILLS SHUT DOWN

A Churchill's Cousin Dies from an Accident—Being Tried on the Charge of Buckets Shopping.

By Wire to THE TELEGRAM.
Washington, Jan. 18.—The strike of the New England cotton spinners is likely to have a congressional inquiry. Representatives of Southern States resent the statement made by northern mill owners that the South is ruining the North in its cotton manufacturing. These representatives say that there ought to be general congratulation because the South which has been so long depressed in business is making so enviable a record for industrial development.

JEROME DIES.

By Wire to THE TELEGRAM.
New York, Jan. 18.—Leonard W. Jerome, cousin of Lady Randolph Churchill, who was run over by a train on last Sunday, died this morning from his injuries.

FOR BUCKET SHOPPING.

By Wire to THE TELEGRAM.
Chicago, Jan. 18.—The case against Robert Lindblam, under a charge of "bucket shopping," came up before the directors of the Chicago board of trade today. There will be so much testimony that the case may last well into the night.
