BLIZZARD CONTINUES TO BLIZZ.

Railroad Traffic Blocked and The Streets of Cities are Impassable.

The Worst of Years.

By Wire to THE TELEGRAM.

Trenton, Jan. 26.—The Atlantic Snuff Company with a capital of ten million dollars has been incorporated here. The articles of incorporation empower it to manufacture and sell snuff and other products in all parts of the world.

The Transatlantic Transportation Company with a capital of three million dollars was organized and incorporated for the purpose of transporting freight and passengers by ship and railroad to all the principal countries of the world.

THE RAGING BLIZZARD.

By Wire to THE TELEGRAM.

New York, Jan. 26.—The blizzard continues to rage over thousands of square miles in the western states. It has almost completely blocked traffic on the railroads and the streets of many of the cities are impassable. The telegraph service in Illinois, Iowa, Michigan, Wisconsin, Indiana and Nebraska is greatly interfered with and in some cases cut off altogether. The blizzard is the worst of many years.

ACADEMY OF MUSIC.

The Lillian Tucker Company Here for Five Nights Next Week.

The following from yesterday's Durham Sun refers to the Lillian Tucker Co., which opens at the Academy of Music for five nights and Saturday matinee, on Monday, 31:

A larger, finer or more appreciative audience never assembled in the opera house than the one that faced the Lillian Tucker Co. last evening when the curtain went up. It was a representative audience and one that thoroughly enjoyed the performance throughout, as was evinced by the frequent and hearty applause.

Miss Tucker is pretty, vivacious and a charming and captivating actress. Her emotional parts come to her with naturalness, and in love and sorcery she is irresistible in her portrayals. The specialties between acts are of the best order and talent. Miss Mary Horne and Geo. F. Moore in their work are entertaining and pleasing, and elicited hearty encores. It was left, however, for the Marsh trio, with little Ethel, the baby Patti, to make the hit of the evening and bring down the house in a perfect storm of applause.

TO MEET AT ASHEVILLE.

Southern Students' Conference, June 17 to 26.

Asheville will this year be the meeting place of the Southern Students' conference, the largest gathering of the kind held annually in the South. The date is June 17 to June 26.

The conference is held each summer under the auspices of the Young Men's Christian Association, and the sessions have heretofore been held at Knoxville, Tenn. From 175 to 200 persons gather for Bible study, and the meetings are addressed by some of the most prominent men of the country.

How Durham Does It.

The Durham correspondent of the News and Observer writes:

On Tuesday, February the 1st, the Public Library will be thrown open. In addition to many valuable donations the directors have purchased a thousand volumes that will be in place and ready for use at the opening. The committee in charge of this branch of the work, owing to their literary taste and culture give abundant evidence that this work has been well done. In a well written appeal the committee call upon all Durham people to aid in this work by donating from their libraries such books as they can spare and as will be useful to the public. Dr. L. S. Turbull, Judge R. W. Winston and Prof. Edwin Mims compose the committee.

NOTES FROM HIGH POINT.

The Local News from Our Neighbor Briefly Told.

TELEGRAM BUREAU,
HIGH POINT, N. C., Jan. 26, '98.

The attractive and always hospitable home of Mr. and Mrs. R. A. Wheeler was thrown open to the members of the Home Lyceum last night. The program was, if possible, more interesting than on any former occasion and the young ladies seemed more charming and bewitching than ever. Refreshments were served in an elegant style and at a late hour the pleased guests wended their way homeward.

Rev. M. L. Kestler, who was at one time pastor of the Baptist church here, but now of Rocky Mount, was in the city last night shaking hands with his many friends.

Mrs. J. E. Jones and children left this morning for Winston to spend a few days.

Charlotte's Smallpox Cases.

There are no new developments in the smallpox scare. No new cases were reported yesterday and the two noted yesterday morning are being rigidly quarantined.

William Jackson's is more serious than Sallie Wagoner's. He is very sick. Both city and county physicians are watching them closely, and on the alert to anything that suggests smallpox.

The doctors change their clothing as soon as they leave the infected houses and take all possible precaution to prevent the spread of the disease. The houses are rigidly guarded night and day. No one has been allowed to enter or leave either house. Wood, provisions and whatever is needed is carried to the door and the occupants carry it in.

Chief Orr had shanties erected yesterday before each gate as shelter for the guards. Monday night they suffered greatly from the exposure.—Charlotte Observer.

\$2.60 a "Chew."

Night before last Charles McDowell and Charles Wilkerson were "chewing" at the store of the latter and breaking up the peace of the community into small bits. Today McDowell was brought into the mayor's court and pleaded guilty to disorderly conduct. He said he wanted to get off as lightly as possible and added "We hain't got much money neither one I don't think." He got the costs which amounted to \$2.60.

A Decision Tomorrow.

It is announced by the railroad commission that it will not render a decision in the contempt case against Col. Andrews and the other Southern Railway officials before Thursday. It is said the new commissioners will confer with the Governor before taking any step. The commission sets February 17th as the date of hearing exceptions to telephone rates.—Col. Old's correspondence.

Spanish Warships to Visit Our Ports

WHAT GENERAL BLANCO IS DOING

Boistering the Spanish Cause—Another Schooner Off for Tortugas—A New German Warship.

By Cable to THE TELEGRAM.

Madrid, Jan. 26.—The admiral in charge of the Spanish fleet today informed the minister of marine that the Spanish fleet was in perfect condition. The cabinet will shortly designate warships to pay a "friendly" call at American ports.

BROOKLYN IS OFF.

Washington, Jan. 26.—The Cruiser Brooklyn, now lying in the New York navy yard, sails south on next Saturday to join the North Atlantic squadron at the Dry Tortugas.

BLANCO'S LOCUS.

Havana, Jan. 26.—The German Cruiser Charlotte, a schoolship, has arrived and warships are expected from New Orleans. General Blanco has arrived at Juaro.

WHAT BLANCO IS AFTER.

By Wire to THE TELEGRAM.

Washington, Jan. 26.—Senor Quesada, in charge of the Cuban headquarters here, said today that he thought Blanco's trip into the eastern provinces was for the particular purpose of assisting in bolstering up as far as possible the Spanish cause.

A. A. Heard, a western passenger agent of the Lehigh Valley railway and one of the twelve heirs who are joint owners of the Taylor plantation at Santa Amalia, near Havana, has fled with the State Department a claim for \$91,000 against the Spanish government for property destroyed on that plantation and for loss of revenue for three years.

DEER HUNT.

"Queen of the Forest" Furnishes a Chase to a Party.

A deer hunting party composed of M. M. Jones, Winnie Jones, 14 years old, W. Y. Porter, jr., Ben Fortune and A. G. Jones of the Swannanoa section, had some rare sport last Thursday. The fun began about 7 o'clock in the morning when the "Queen of the Forest," one of the largest does ever seen in that section, was awakened in the shades of a mountain cove near Toe river, by the heavy baying of some as good dogs as ever scented a trail or forced a path through a North Carolina mountain fastness. The excited doe sniffed the tainted air, shook the dew drops from her flanks, and with swift foot sought refuge from her pursuers in the direction of Jarrett's creek, McDowell county. She was shot several times before the creek was reached, where the dogs in close pursuit, "Bonnie" and "Lee" in the lead, captured the game.

When the hunters arrived at 12:30 they found the dogs and deer lying on the bank of the creek, the dogs stiff from their long run and the deer dead. She had run half a mile after being shot the last time, making eight wounds in all. The much prized doe was taken to the camp a few miles away and the tired hunters and dogs feasted. The game was divided—five families being represented—and the happy hunters went home with well filled game bags, for the deer weighed about 100 pounds net.—Asheville Citizen.

Want The Paper.

Colonel B. B. Bouldin, of the revenue service will leave for his place in New Orleans in a day or so. Colonel Bouldin says he has not been able to get any light from others as to the authenticity of the order of General R. E. Lee found by him some days ago. The matter has attracted considerable attention from Confederate veterans in various parts of the country and Confederate museums are anxious for the paper.

Twenty-Six States Represented.

By Wire to THE TELEGRAM.

Indianapolis, Jan. 26.—The complete list shows that 121 cities and 26 states were represented at monetary commission yesterday. The southern states were weak in their representation.

EWART GETS THE PLUM.

The Matter is Definitely Settled, "So They Say."

A Washington special to this morning's Charlotte Observer says: It was settled today that Judge Ewart will be appointed judge for the Western North Carolina district.

It has been the uniform policy of both parties to observe the age of limitation in the appointment of United States judges, otherwise the appointment of Lusk was certain.

The President was emphatic today in declaring his purpose to appoint Judge Ewart. I know Judge Ewart was suggested by Senator Pritchard and Representative Pearson, and the President said:

"I will appoint Judge Ewart. I know Judge Ewart well and it will give me pleasure to make the appointment."

That settled it and it can be said that there will be no opposition to his confirmation. When the matter was called to Senator Lodge's attention today he laughed at the idea of opposing Judge Ewart. He accepted Mr. Ewart's speech in the house, in which reference was made to him, as more of a compliment than an affront.

Judge Douglas has also assured Judge Ewart that he has no intention to oppose his confirmation.

CORBETT SIGNS FOR A FIGHT.

The Challenge Will be Submitted to Fitzsimmons Sunday.

Chicago, Jan. 25.—Jas. J. Corbett tonight signed articles calling for a fight with Robert Fitzsimmons, which George Considine, of Detroit, is confident he can pull off next summer. The articles are identical with those governing the fight at Carson City, with the exception of the purse, which in this case is \$25,000, as against \$15,000 at Carson City. Considine agrees to post a forfeit of \$5,000 to go to the men in case he fails to pull off the fight. In return he demands a forfeit from each of \$2,500.

Considine expresses great confidence in his ability to have the fight without interruption, and said that besides the purse for Fitzsimmons and Corbett, he would offer \$15,000 for "Kid" McCoy to go against Choyinski, Jeffries, Maher or Rahlin. Kid Lavigne, he said, had promised him that he would fight McPartland at 133 pounds. For this event a good purse will be offered, Mr. Considine declared.

Considine is to meet Fitzsimmons in Detroit on Sunday, and expresses himself as sure of being able to induce the champion to write his name beside that of Corbett on the articles of agreement.

Marriage at Winston.

Special to THE TELEGRAM.

Winston, N. C., January, 26.—S. T. Boyles, teacher of High School, Pilot Mountain, was married at the residence of Mrs. Nancy Stewart last night to Mrs. Irene Rancy, of Germantown, at 8 o'clock by Dr. H. A. Brown. Several invited guests were present. They left this morning for Pilot Mountain for the home of his father where they will live.

Miss Gertrude Brown returned this morning from her studies in the Boston conservatory.

That Dog Ordinance.

Has the dog ordinance expired? If not, why is it not enforced? It is making a perfect farce of law to have a statute on the books and not enforce it. There are places in Greensboro where from four to a dozen dogs may be seen on the streets at almost any time of day or night. There are only five days remaining to complete the time for which the ordinance was enacted, but it should be repealed at once or enforced for the remainder of the term.

The South Carolina Dispensary.

Washington, Jan. 25.—The Senate's South Carolina dispensary bill was given a hearing today by the House committee on judiciary. Senator Timman and State Attorney Barber argued in advocacy of the bill, which has already passed the Senate. They contended that each State has the right to make its own laws and to regulate and control the traffic within its borders. J. P. K. Ryan, of South Carolina, opposed the bill, and claimed it to be unconstitutional and a violation of the inter-State commerce law. The hearing will be continued at the next meeting.

SEEKING IMMIGRANTS.

Drumming up Recruits in Kansas for the Canadian Northwest.

Wichita, Kan. 25.—For a week or more agents of the Dominion Government and Canadian railroads have been working in the country surrounding this city in the endeavor to induce immigration into the districts of Saskatchewan, Alberta, and Assinibola, in the Canadian Northwest. A number of meetings have been held, and in this city this evening a club of farmers numbering 150 was organized with a view of planting a colony in that country. The majority of the members are farmers financially able to make the journey, and have enough to start in the new country. Many of them have met with a fair degree of success in Kansas, while others of them have failed and are now seeking to recover lost ground.
