ALL NIGHT AT THE PUMPS

Narrow Escape of Passengers and
Crew

RAN ON A SUBMERGED WRECK

The St. Louis Rescues Over Two Hun-
dred People from a Sinking
Ocean Steamer.

By Wire to THE TELEGRAM.

New York, Feb. 12.—The big Nether-
lands-American boat Vendam from
New York to Rotterdam, was lost at
sea on February 6th. The American
liner St. Louis brought her passengers
and crew safely into port today. The
ill-fated steamer had aboard 9 cabin,
118 steerage passengers and a crew of
85. A submerged wreck tore a great
hole in her bottom and broke out her
propeller shaft. All the pumps were
set to work but the water gained and
the boats were made ready.

The male passengers joined the crew
at the pumps. All night this was kept
up in a heavy sea. At 10 o'clock on a
stormy morning the St. Louis was sig-
naled that the vessel was sinking. No
mishap of any kind attended the trans-
fer of passengers, though a heavy sea
was running. The transfer began at
2 and ended at 5 o'clock. When the
last boat load of passengers left the
Vendam she was sinking rapidly. She
was fired.

The Vendam rated as first-class. She
was fitted with an iron screw and
triple expansion engines. She was
three days out when she struck the
wreck.

COMMENTED BY PASSENGERS.

The passengers of the St. Louis
passed resolutions commending the
gallant service and splendid seamans-
hip displayed by the officers and
crew in rescuing the passengers and
crew of the Vendam.

SAFE ROBBER CAPTURED.

Knew the Combination and Had Been
There Before.

For some time past Mr. E. G. West
has been missing money from the safe
in his saloon. He suspected Martin
Kelly, a former employe and last
night he decided to remain and watch
for the thief. Secreting himself near
the front entrance Mr. West waited
and watched.

Between 1:30 and 2 o'clock a. m. a
man appeared at the front door, un-
locked it and stepped inside. Here he
waited a moment, apparently listen-
ing. Making sure that he was not
watched he went to the safe, which
was distant about ten feet from where
Mr. West was concealed, lighted a
match and began working the combi-
nation.

Without waiting further develop-
ments Mr. West fired upon him with a
32 calibre pistol and the robber made
a break for the door. Mr. West
caught him and forced him to surren-
der at the point of his pistol. No
policemen being near by the prisoner
was carried up to the chief-of-police,
who had him locked up.

It was a cool, nervy act on the part
of Mr. West and a lucky thing for
Kelly that he was not killed. The ball
entered his clothing on the right side
and passing through the folds of his
coat lodged in his vest. Mr. West
told the Telegram man that he didn't
know just how much money he had
lost, but that the robbery had been
going on for some time. The fellow
had been discharged three or four
months ago on suspicion of being
"light fingered." Mr. West thinks
he had learned the combination by
watching him open the safe. The
locks have been changed three times,
but each time Kelly has managed to
secure a key that would let him in.

A Novel Hair Curler.

Jeweler Farrar was displaying a
novelty in the way of a hair curler
this morning. The handle of the
curler is an alcohol reservoir with a
burner at the end next to the iron.
When a maiden wishes to frizz her
locks all that is necessary is to light
the alcohol and the iron remains hot
as long as desired obviating the nec-
essity of smoking the iron over a
kerosene lamp and the danger of
burning the curls. Hereafter curls
should be more abundant than ever.

ORDERED TORN UP.

What Was Done by the Board of Al-
dermen Last Night.

The board of Aldermen met last
night, Mayor Nelson in the chair.
All the members present except Glenn
and Hiatt.

R. D. Douglas, attorney for the
street railway company stated that the
company refused to take up the track
and denied the right of the city to do
so.

Alderman Sergeant moved that the
street committee be authorized and
empowered to take up the track.

John J. Phoenix asked to be allowed
to sell fresh meats, fish, oysters, etc.,
in his new building. Continued, and
referred to the market committee to
report at the next meeting.

C. E. Holton and C. N. McAdoo,
representing themselves and other
property owners, appeared before the
board and made a proposition in re-
gard to the extension of the drain
through McAdoo's meadow to and
across East Market street, they offer-
ing to do a certain portion of the
work if the city will do the rest.

Alderman Elam moved that the
matter be referred to a special com-
mittee to get up an estimate of the cost
of same and have the proposition of
the property owners put in writing
and report at next meeting.

Alderman Shaw moved the reconsid-
eration of the vote by which the rail-
way track was ordered torn up. Car-
ried.

Alderman Shaw offered as a sub-
stitute for the original motion an or-
dinance ordering the taking up of the
track by the company and on their
failure to do so, empowering the city
to do so. Carried.

R. D. Douglas, attorney for the
company, denied the right of the city
to pass the ordinance and refused to
comply with its provisions.

Mr. Ireland asked the city to begin
the work of cutting down the hill on
Gaston street between Edgeworth and
Spring streets.

Alderman Shaw offered an or-
dinance instructing the city engineer to
make a survey of all the principal
streets on which grades have not been
established with the view of establish-
ing grades, and that he report to the
board as the work progresses. Carried.
The board adjourned to meet again
next Monday night.

Lincoln's Birthday Celebrated.

Reported for the Telegram.

The celebration of Lincoln's birth-
day by the students of the A. & M.
College last night in the chapel of the
college was fine. A large number of
citizens were in attendance. "Ameri-
ca" was used as an opening song.
Prayer was offered by the Rev. Pow-
ell. The Emancipation Proclamation
was read, and a female quartet ren-
dered in sweet strains "The Old Camp
Ground." The female baritone in this
quartet was powerful. Prof. J. M.
Butler, the musical director for the
institution is a hard worker and de-
serves much credit. The programme
was somewhat lengthy, and before the
last piece was rendered, Pres. Dudley,
came forward and thanked the citizens
for turning out to witness the exercises
and begged them to come often and
bring their friends. Prof. Chas. H.
Moore, was master of ceremonies.

Tobacco to Burn.

People at the depot today at noon
saw something rather unusual in the
way of a train. Fifty solid cars of
leaf tobacco from the inspection and
storage warehouse of J. E. Perkinson
& Co. of Danville, Va., passed
through. The train was drawn by
two engines and the tobacco was con-
signed to W. Duke, Sons & Co. at
Durham where it will be used in the
manufacture of "Duke's Mixture." The
train was abundantly placarded,
showing its contents and destination.
Evidently the demand for Durham's
brands of smoking tobacco is not fall-
ing off.

Price Slaughtering.

More stupendous price reductions
and phenomenal saving opportunities
will be inaugurated with next week's
sweeping clearing sale commencing
Monday at the Guilford Department
Store. It promises to raise havoc
with list prices on all lines of goods.
This hustling firm guarantees that
all goods are fine and fashionable.
No matter how ridiculous the prices
may seem.
Their sale opens on Monday at 10
o'clock. A rare opportunity for un-
paralleled bargains.

At the Academy of Music this after-
noon there was much merriment in the
pie eating contest. The Hortings
Merry Makers gave a matinee for the
benefit of children.

INTIMIDATING WITNESSES?

A Grave Charge Brought Against
Mine Owners

DEFENSE PROMISES A SENSATION

This Evening or on Monday—Says
that the Witnesses are in Court
Under Protection.

By Wire to THE TELEGRAM.

Wilkesbarre, Pa., Feb. 12.—Lawyers
for the defense in the Latimer trial
expect to spring a sensation either late
today or on next Monday. They claim
that they have evidence going to show
that two prominent mine owners have
personally authorized the intimidation
of witnesses and have kept away
men who would otherwise have testi-
fied for the state. These men, it is
claimed, have been induced to come
into court, and have been assured that
they will be protected from interference
by their employers.

WILL REST THE CASE.

Wilkesbarre, Feb. 12.—There is a
likelihood now that the attorneys for
the defense will rest their case without
calling any witnesses. They will ar-
gue that the sheriff had a right to or-
der his men to shoot, even if it was a
"mistake."

OLD TIME MINSTRELSY.

An Excellent Entertainment at the
Casino Last Night.

The Casino auditorium was well
filled last night with an audience that
showed its appreciation of the excel-
lent minstrel performance presented by
the favorite Gorton minstrels.

The gorgeous stage settings of
the first part attracted favorable com-
ment but when DeWitt Cooke, the con-
versationist, began his part of the en-
tertainment, assisted by H. J. Yorkey
and Dick Vander the "bones" and
Haw Goodman and George Mullan
the "tambors," the stage settings were
forgotten and peals of laughter and
round after round of applause were
given with a hearty good will.

The singing was especially deserving
of praise. The soloists and quartette
were very good and the noted gold
concert orchestra was fully up to the
expectations. The show was clean,
bright and humorous from start to
finish and not one person in the large
audience was dissatisfied. The special-
ties by Hawk Goodman, Joseph Gor-
ton, Jr., Mullen and Vander, H. J.
Yorkey, DeWitt Cooke Crandall were
stintily up to date.

Keeping up the Farce.

Indianapolis, Feb. 12.—The national
democrats called a meeting of the
state committee for February 22, say-
ing that the necessity which called the
party into existence still exists.

Killed by the Express.

Easton, Pa., Feb. 12.—The New Jer-
sey Central Express in passing Wal-
nut Port last night killed William
Evans and fatally injured an unknown
young man.

Favored the Strikers.

Denver, Feb. 12.—The state board
of arbitration has decided every point
in favor of the miners striking in the
northern Colorado district.

Chief of Police Suicides.

McKeesport, Pa., Feb. 12.—Chief of
Police Kilne suicided at the station at
10:30 this morning.

Birthday Observed.

New York, Feb. 12.—Lincoln's birth-
day was observed here as a holiday.

J. L. Hartford, representing the New-
bern Fair and Eastern Trotting Cir-
cuit, paid the Telegram a call this
morning. Large purses will be given
on the circuit, \$11,000 in all, and a
large number of entries is expected.
Premium lists and entry blanks may
be had by calling at this office.

Notice.

It is urgent that State and county
taxes be paid at once. The money is
needed to meet current expenses and
state taxes. Will advertise land for
taxes soon. Fair warning to all.
Very Respectfully,
J. A. HOSKINS, Sheriff.

NOTES FROM HIGH POINT.

The Local News from Our Neighbor
Briefly Told.

TELEGRAM BUREAU.
HIGH POINT, N. C., Feb. 12, '98.

Dr. McIver arrived in the city yester-
day morning on the South bound
train to spend a day with Prof. Cro-
well at the graded school. He visited
the different grades and offered many
valuable suggestions which were high-
ly appreciated. At night our people
had the pleasure of listening to an
address by him which was delivered in
the Presbyterian church to a large au-
dience. He spoke in complimentary
terms of the work being done at the
school. The lecture was much enjoyed
by those in attendance.

Mr. Fred Chapman, of Danville,
Va., the gentleman who was spoken of
in the Telegram a few weeks ago who
had taken three girls from the orphan-
age to raise, yesterday adopted the
sister of the last one taken.

The Southern Chair Co., are getting
so far behind with their orders that
they have decided to enlarge. The
plant work has commenced on the new
building. There were 107 loads of
logs received one afternoon last week.

A. S. W. Thompson offers a re-
ward for the return of his bicycle
which was stolen from his shop last
night.

Emery Henderson was very painfull-
ly hurt last night. He was riding his
wheel and ran over a dog. It threw
him. He received an ugly wound on
the head.

Those who attended the concert given
by Will Lindsay in the Opera
house last Thursday night speak of
the same in highest terms and have
requested that the concert be repeated
next Monday night.

A birthday party will be given at
the residence of Mr. and Mrs. John H.
Tate tonight in honor of their niece
Miss Carrie Joyce, of Detroit, Mich.

Prof. John Blair and Charles Tom-
linson, of Winston, were in the city
today.

The Winston dramatic club will
probably render "Charley's Aunt"
in the High Point Opera house at an
early date.

A group of the Guilford College
football team appeared in the enter-
prise yesterday.

BIDS DUELIST MOORE COME ON.

Colonel Breckinridge Ready to Grat-
ify a Thrift for Blood.

Lexington, Ky., Feb. 10.—The thirst
for blood in a duel with the Breckin-
ridges to which Captain T. E. Moore
has given expression may yet be grati-
fied. Colonel W. C. P. Breckin-
ridge's paper has a scathing and
scolding editorial this morning on this
subject, headed: "Once a Man, Twice
a Child," and ridiculing Captain
Moore as follows:

"We regret that this venerable
Pooh-Bah should set so bad an exam-
ple to the rising youth of Kentucky as
to publicly challenge men to mortal
combat—Life is too short to waste its
fleeting hours in associations from
which no improvement can arise, but
if our indignant candidate for office
feels that he cannot succeed without
meeting somebody, and will go about
seeking that meeting with some degree
of energy and alacrity, it is not im-
possible that he might succeed."

Electricity Kills a Horse.

A horse owned by Stephen Beyer, a
cloth sponger of Ferry and Alvea
streets, Newark, and driven by his 15
year old son, was instantly killed near
Beyer's place of business last night
by an electric shock. A wire supposed
to belong to the Newark Electric Light
and Power Company had broken and
hung down in the street to within a
few feet of the ground. Its end struck
the horse in the head. The animal
sprang into the air, broke its harness
and then fell dead. The electric cur-
rent travelled from the body of the
horse through the reins and shocked
young Beyer into insensibility. He
soon recovered and seemed not much
worse off for his experience.—New
York Sun.

England Buys all the Coal.

London, Feb. 10.—A dispatch to the
Daily Mail from Singapore says that
the British admiral, acting under in-
structions from the admiralty, has
bought all the available Welsh coal
at Singapore and at the Cochine and
Japanese ports, with the result that
the foreign squadrons in the waters of
north China are almost immobilized.
The step has excited the foreign
community. The dispatch adds that
the Russian cruiser Russis, which is
now at Singapore, has been allowed
to take on board 2,000 tons of coal.

THE ZOLA FARCE CONTINUES

Guards About the Court Increas-
ed in Number

COL. PICQUART ON THE STAND

Another Man Prosecuted for Crying
"Down With the Command-
ing Officers."

By Cable to THE TELEGRAM.

Paris, Feb. 12.—There was the usual
crowd and an increased guard about
the assize's court for the Zola trial
this morning. Gen. Bellet, the fore-
ign minister of war, has instituted
proceedings against Courant who, at
the close of yesterday's proceedings
was assaulted by the by-standers for
crying "down with the commanding
officers."

Col. Picquart, who was called, said
he believed Gen. Pellieux, because the
Dreyfus case was settled and not be-
cause he thought it incumbent upon
him to order the berceau submit-
ted to expert examination for
the purpose of the Esterhazy inquiry.
Major Ravary doubtless took the same
course and unwittingly founded his
judgment on incomplete and inade-
quate documents.

Hoyt Building Burns.

Cleveland, O., Feb. 12.—The Hoyt
building, a large five story brick
structure on the northwest corner of
Bank and St. Clair streets, occupied
by stores and manufacturing concerns
was burned this morning. The loss
was \$200,000.

State Department Worried.

Washington, Feb. 12.—The state de-
partment is worried over not hearing
from Minister Woodford further
regarding the De Lome incident. It is
intimated that his communications
may be held up. No information had
been received at 2 o'clock today.

More Bodies Found.

Pittsburg, Feb. 12.—The bodies of
William Finch, "Little Chief" and
George Newman, inspector of the
Philadelphia Natural Gas Co., were
found in the ruins of the fire this
morning. Two men are working in
the ruins.

Served His Jugular.

Richmond, Va., Feb. 12.—Arthur
Garvey of Rocky Mount, N. C., while
dressing at Murphy's hotel this mor-
ning fell through a pane of glass and
severed his jugular vein dying in ten
minutes.

Spain Wants a Loan.

London, Feb. 12.—It is understood
that Spain has recently applied to
England for a loan.

Ohio or the United States.

Washington, D. C., Feb. 10.—Senator
De Bome heaped more insults on the
administration today. Talking to a
friend, he said:
"I am very sorry to leave the United
States without having resolved one
ticking. For a long time past I have
not clearly understood whether I was
accredited to the government of the
United States or the state of Ohio.
There is the famous Mark Hanna, Mc-
Kinley, Secretary Sherman and the
Honorable Mr. Day, all from Ohio.
Some of you that I leave behind ought
to investigate and determine whether
Ohio runs the United States or has
merely annexed it as an outlying
province. Possibly that is the reason
of the stir for the annexation of
Cuba."

Did You Ever

Try Electric Bitters as a remedy for
your troubles? If not, get a bottle now

More Accurate
Service in Greensboro
Than Baltimore

Mr. C. M. Vanstony had his little girl's eyes
examined in Baltimore last year and went
with the prescription to one of the largest and
best known optical houses there to have the
glasses made up. FORTUNATELY one of
the lenses got broken recently and was carried
to the Greensboro Eye Specialist to be re-
placed. He saw at a glance that neither lens
accorded with the prescription, and so changed
them both. Mr. Vanstony sent the old lenses
with an explanation to the oculist who had
given the prescription and in reply received
the following:

curred.
