LOOKING FOR WARSHIPS

That Can be Bought in Case of an Emergency.

THE INQUIRY IS HALF DONE

National Guards are Everywhere Recruiting—What New York Can do in the Way of Troops.

By Wire to THE TELEGRAM.
Washington, Feb. 23—The navy department is looking over the list of warships which might possibly be bought from the various governments with a view to their probable purchase in case of war or an emergency.

COURT OF INQUIRY.

Havana, Feb. 23—The members of the court now inquiring into the cause of the Maine disaster will leave here on Saturday for Key West. Gen. Lee will probably return with them. The court expects to have covered half of the ground of the investigation by this evening.

NATIONAL GUARDS RECRUITING.

Washington, Feb. 23—The national guards are recruiting all over the country. The most patriotic reports have been received each from state, particularly from those in the south.

COMMANDERS IN CONFERENCE.

Albany, Feb. 23—Maj. Gen. Rowe, commander of the national guard of New York, had a long conference with Captain Miller, commanding the naval reserves, who came from New York for that purpose. They report that New York can mass 13,800 men in ten hours.

GEN. HERRITT COMES SOUTH.

His Trip Regarded as of Importance at Washington.

By Wire to THE TELEGRAM.
New York, Feb. 24—Major General Merritt of the department of the East left today for the inspection of the coast defenses along the Atlantic coast south of New York. The route will include Atlanta, Mobile, Pensacola and Savannah. Through his aids it is announced that the trip was for the regular annual inspection.

WORK TOO SLOW.

By Wire to THE TELEGRAM.
Washington, Feb. 23—General Merritt's trip south has caused something of a sensation among army officials who believe that his mission is of far greater importance than the regular annual inspection. It is stated by those in authority that the work of fortification along the southern coast is not progressing as rapidly as is desired.

'Judge' Tom Matthews.

Everybody knows Tom Matthews, whose handsome and smiling countenance can almost at any time of day or night be seen behind the counter in the Benbow office. Tom will hereafter be dubbed "Judge" Matthews, and this is how it all came about:

Tom was at his accustomed place this morning looking as wise and dignified as he usually does, when a citizen hailing from High Point or vicinity, walked in, pulled off his hat and addressing Tom said: "Judge, may I speak to the chief-of-police of High Point a minute? I guess he's in here somewhere."

The man thought he was in the court room, and strangely enough, we suppose he thought that he was addressing Judge Robinson. Of course Mr. Matthews, always accommodating, gave the man permission to speak to the chief if he could find him.

May Buy a Horse Truck.

The Greensboro Fire Department have sold their old hand hook and ladder truck, and are contemplating buying a new aerial truck. Since the old one has been disposed of it is now a necessity that a new one be bought, and the department will do right in purchasing a first-class apparatus. With the addition of a new aerial horse truck the Greensboro fire department will be second to none in equipment.

British Ship Wrecked.

Vineyard Haven, Mass., Feb. 23—The British ship Asia, Captain Dakin, from Manilla, for this port, is supposed to have been wrecked on Nantucket shoals during the recent storm and the entire crew of probably twenty men have perished.

The bodies of a man and a little girl were received from a portion of a floating hull near the Handkerchief lightship this afternoon by the tug E. V. McCauley.

NOTES FROM HIGH POINT.

The Local News from Our Neighbor Briefly Told.

TELEGRAM BUREAU. HIGH POINT, N. C., Feb. 23, '98.

The Graded school exercises at the Presbyterian church yesterday were attended by a large and appreciative audience. The program was a good one and was well rendered. The book reception last night in the Graded school building was a complete success, there being 33 valuable books placed in the school library and \$27.85 in cash, which together equals about 100 books. The program in the evening was very tastefully gotten up, and the teachers who had charge of these little ones deserve much credit. The idea of donating the books or their equivalent, on invitations was a happy success. By it the books presented and those that will be ordered are the kind so much needed and desired.

Mrs. B. J. Fisher and children passed through this morning enroute to her home in Asheboro.

A. V. Sapp left this morning for Greensboro to be present at the trial of the thieves who broke into his store.

Mrs. N. E. Allred left today for Greensboro where she will spend a few days visiting friends and relatives.

Dougan Davio is spending the day in Greensboro.

O. C. Wysong, of Greensboro, is in the city today on business.

The Standard Oil Company has sent a new delivery wagon here, and two large tanks will be erected at once.

The Seventh Day Adventists will hold meetings at Jarrell's Hall Friday, Saturday and Sunday. Everybody welcome.

Miss Annie Tomlinson, one of Archdale's bright young daughters was in the city yesterday.

The colored Graded school celebrated Washington's birthday last night with an appropriate program.

Misses Eva and Mable Heitman and Miss Eva Williams, who have been spending a few days at their homes in Trinity, passed through this morning returning to the Greensboro Female College.

W. T. Parker, of Archdale, passed through this morning enroute to Raleigh on business.

Miss Bell Raper who has been at home for a few days returned to Greensboro Female College yesterday.

At Guilford College.

Correspondence Telegram.
Guilford College, Feb. 23.—The young ladies of the Philagorean Literary Society will give an entertainment in King Hall next Saturday Feb. 26th. A very interesting program has been prepared and those present may expect an enjoyable and profitable time. A short play under the mysterious name of Chronothanetron, will occupy most of the program. Music will be another feature. Miss Elsie Weatherly, of Greensboro, will aid in the music with a violin solo. The public is cordially invited to attend, no admission will be charged.

Mr. Kennedy who has charge of the school at Summerfield, was here for a short time Sunday.

Frank Plummer, of Archdale, made a short visit to the college this week.

At Bennett College.

Communicated.
The students of Bennett College rendered a program last night in the college chapel in commemoration of George Washington's birthday. D. D. Turpeau read a fine paper on the religion of Washington.

W. B. Windsor delivered an oration, subject, "Washington the Man," and when he told of an occasion on which Washington was addressing his officers and pulled from his pocket a paper and said: "Gentlemen you will permit me to put on my spectacles for I have not only grown gray but almost blind in the service of my country," the audience demonstrated the fact that the Afro-Americans love and honor the name of George Washington. After the conclusion of the program the assembly was changed to a social.

By Wire to THE TELEGRAM.
Atlanta, Feb. 23—The war department has on file reports from all southern railways giving estimates as to the quantity of munitions of war and number of men they can move in a given time on short notice.

ALLEN STIRS UP WAR TALK

When Both Sides Prefer to be Silent

PROCTOR GONE TO MEET LEE

Letter's Information Too Important for Cipher—Naval Militia Locating Signal Stations.

By Wire to THE TELEGRAM.
Washington, Feb. 23—Senator Allen attempted to introduce a resolution today to have the senate investigate the Maine disaster, and made a strong speech in favor of it. This would stir up war talk and will go over until tomorrow. The senate will attempt to prevent a debate, as it is felt by both sides that now is a time for silence.

PROCTOR AT JACKSONVILLE.

By Wire to THE TELEGRAM.
Jacksonville, Feb. 23—Senator Proctor, former secretary of war, has been sent here by the President to meet Consul-General Lee who will arrive on board the Cushing today or tomorrow. Lee's information is regarded as too grave to be entrusted to a cipher code. Senator Proctor arrived quietly this morning. A special train for Key West awaits him.

LOCATING STATIONS.

By Wire to THE TELEGRAM.
Jacksonville, Fla. 23—Under orders from Adjutant-General Houston, the naval militia of this city will leave tomorrow on a military mission and will proceed down the coast to locate signal stations at available points. The corps will be called into immediate service.

Laborie Denounces the Minister.

By Cable to THE TELEGRAM.
Paris, Feb. 23—M. Laborie continued his plea for Zola today saying that the minister had lied. He severely denounced high officials for condemning Dreyfus. There was a great uproar in the court room when counsel made the charges.

Raising the Maine.

By Wire to THE TELEGRAM.
New York, Feb. 23—An officer of the Merritt wrecking company said today that work is being pushed as rapidly as possible to raise the Maine.

Alger in Charge.

By Wire to THE TELEGRAM.
Washington, Feb. 23—Secretary Alger returned today and took charge of the war department.

He Smiled.

Hon. Steve Clay, of Georgia, passed through Charlotte this morning returning from Marietta. He was asked by a reporter of the News about the political situation of Georgia, and especially about the candidacy of Rev. Sam Jones. To these questions Mr. Clay was silent, seemingly infinitely more pleased to speak of the cool weather and the horrible fate of the battleship Maine. However, he could not help smiling when the reporter seriously spoke of the candidacy of the Rev. Sam.—Charlotte News.

Attack on Annexation.

The question of the annexation of Hawaii was forced upon the attention of the house this afternoon by Representative Johnson of Indiana. Having by previous arrangement secured an allowance of half an hour of time from Mr. Cannon pending the consideration of the sundry civil appropriation bill, Mr. Johnson took the floor late this afternoon and began a bitter attack upon the treaty of annexation.—Washington Star.

ACTION OF COMMITTEE.

Resolutions Adopted in Meeting Last Night.

The democratic state executive committee met in Raleigh last night and adopted the following resolutions:

"Resolved, first, Whereas the democratic organization of North Carolina is a part of the national democratic organization and whereas this committee is the custodian of the interests of the said organization in North Carolina, resolved that the committee endorse the patriotic address of our national chairman, Hon. James K. Jones, seeking to unite the silver forces in the impending congressional contests.

"Resolved, second, That the chairman of our executive committee be requested to call a state convention to meet in Raleigh on the 26th of May, 1898, which early convention has supreme authority and will shape all matters of party policy.

"Resolved, third, That in accordance with the resolution heretofore adopted, all white electors who intend to vote with us in the next election and who desire the re-establishment of Anglo-Saxon supremacy and honest government in North Carolina, are cordially invited to participate in all of our primaries and conventions."

FOOLISH MISSIVE TO EULATE.

One of our Perverts Sends "Sic Semper Tyrannis" to Him.

In the first mail delivered at the Spanish consulate yesterday morning was a package addressed to "Capt. Antonio Eulate, commander Spanish warship Vizcaya, New York city." The package was about two inches long. It was done up in writing paper. When the wrapper was removed this was found written on the inside of it: "Sic Semper Tyrannis!"

The package was opened by Senor Suarez, the venerable secretary of the consulate. When the old gentleman read the writing on the inside of the wrapper, he handled the package very gingerly. The wrapper of a small wooden box was disclosed. The cover of the box was sealed. Senor Suarez broke the seal carefully and found inside a small metal coffin, painted green. On the top of the coffin was a cross. Inside the coffin was a tin pig, having tied to it a piece of paper on which was written, "Capt. Eulate."

In the head end of the coffin was a spring by pressing which one might have the happiness of running the point of a needle into his thumb. When the device was shown to Capt. Eulate he laughed and said "Ah," which means the same in Spanish as in English.—New York Sun.

The Vizcaya Coaled and Watered.

New York, Feb. 22—The Lehigh Valley coal barges were towed to the Vizcaya today, and their cargoes transferred to the man-of-war. The vessel needed coal and Captain Eulate decided to take on board a supply here. The water boat Croton, also visited the Vizcaya and filled her tanks with fresh water.

The coal for the Vizcaya came from the Baltimore and Ohio Railroad terminus at St. George. It was loaded in the barges yesterday under the inspection of men from the United States navy, and last night the barges were watched by a navy tug.

Wooden Wedding.

The home of Mr. and Mrs. G. W. Denny was a bright and merry scene last night, it being the occasion of their "wooden wedding." Music for the occasion was furnished by the Greensboro orchestra, and as usual the young men acquitted themselves admirably. An elegant supper was served at 10 o'clock. After a few parlor games the guests departed at midnight.

The Terror Leaves.

Norfolk, Feb. 23—The Monitor Terror left here this morning for New York.

AUTONOMY IS A FAILURE

General Lee So Reports to the President.

WORSE THAN UNDER WEYLER

Holland Sub-Marine Torpedo Boat to be Completed in Response to a Hurry-Up Order.

By Wire to THE TELEGRAM.
Washington, Feb. 23—Consul-General Lee has reported to the President that autonomy in Cuba is a dismal failure. The report which is detailed and elaborate shows that Spain has failed utterly in her efforts to provide a new government and that so far as the civil government is concerned conditions are even worse than when the potentiality of Weyler was the dominating force.

THE NEW SUB-MARINE BOAT.

Baltimore, Feb. 23—The Holland sub-marine torpedo boat, being built here, will be completed this week in response to the secretary's orders received from the government at Washington.

Scurvy at Dawson City.

Dawson, N. W. T., February 18, via Victoria, B. C., February 22—Scurvy has developed among the miners to such an extent that there are now seventeen cases in the public hospital. It is estimated that there are from twelve to fifteen cases in private cabins, swelling the whole number to thirty. Precautionary measures are being taken to prevent the spreading of the malady.

More Accurate Service in Greensboro Than Baltimore

Mr. C. M. Vanstony had his little girl's eyes examined in Baltimore last year and went with the prescription to one of the largest and best known optical houses there to have the glasses made up. FORTUNATELY one of the lenses got broken recently and was carried to the Greensboro Eye Specialist to be replaced. He saw at a glance that neither lens accorded with the prescription, and so changed them both. Mr. Vanstony sent the old lenses with an explanation to the oculist who had given the prescription and in reply received the following:

DR. HARRY FRIEDENWALD,
1025 MADISON AVE.
BALTIMORE, Jan. 21st, '98.

DEAR SIR:— Yours of the 29th to hand. Dr. Johnson is perfectly right. The glasses you sent are not those ordered. I cannot understand how such a mistake occurred. Very truly yours,
H. FRIEDENWALD.
