THE DIVERS STILL AT WORK

Securing Bodies From the Wrecked Battleship.

THE REPORTS TO BE INTERESTING

No Information in Answer to Inquiries Throwing Any Light as to the Cause of the Disaster.

By Cable to THE TELEGRAM

Havana, Feb. 28—Today promises well for the divers who are still at work securing bodies from the wrecked battleship Maine, including the Spanish divers there are as many as eight divers below the water some of the time.

Operations are on foot among the Spaniards to give a hearty reception to the Vizcaya, which is expected in this port today. General Weyler's street is arched with bunting and the Casino is gay with colors.

It is probable that the election of autonomist delegates March 29th will be postponed until April 27th to correspond with the election of deputies at Cortez, Spain.

STILL A MYSTERY.

Washington, Feb. 28—Not a word of information has been received from naval department inquiries throwing any light upon the cause of the Maine disaster. No intimation as to the nature of the report is expected before the last of the week.

IT MAY BE WEEKS.

Key West, Feb. 28—Divers are constantly at work on the Maine. When the commission returns their report will be most interesting. It is believed here by men who have been in communication with high officers of warships that the report of the board will not be made for weeks. In the meantime belief in the accident theory seems to be growing. The cruiser Detroit left here this morning for Tortugas and will return with a schooner of coal for warships.

Late Telegraphic Briefs.

It is reported that Corea has leased Deer Island to Russia.

The reason for hurrying the removal of injured sailors from Havana is found in the report of the United States Health Inspector in Havana, to be owing to the hospital being in one of the worst fever districts.

Lord Salisbury is suffering with influenza.

A half million dollars in gold was received in New York from Europe today.

Serious bread riots have taken place at Gallipoli where the mob attempted to burn the government offices. The police today made thirty-six arrests.

The dynamite cruiser Vesuvius left Jacksonville hurriedly this morning. Destination not learned.

Cyrus G. Bresden, ex-cashier of the First National Bank of Bethlehem, Pa., was today sentenced to seven years in prison for embezzling twenty thousand dollars. He collapsed and was led away weeping.

In Cardinal Gibbon's speech at requiem mass in Baltimore today, he said: "There will be no war even if Spain did it. The only circumstance that would warrant war would be evidence that Spain connived at placing torpedoes in the harbor of Havana to destroy the Maine, but does any one believe that any chivalric nation would be guilty of such inhumanity?" Proceeding, the cardinal praised President McKinley for his patience. He closed his speech with the quotation: "It is sweet and honorable to die for one's country."

Fitz. Lee to be Honored.

It is believed that President McKinley will appoint General Eitz. Lee Major General of United States Volunteers with an important command in Cuba in the event of war. The matter was freely talked about in military circles at the national capital today. Both republicans and democrats were of the opinion that such an appointment would be heartily endorsed by the American people.

Southern Vets Full of Fight.

Middlesboro, Ky., February 26—A card in a local newspaper, asking ex-confederates to form a regiment to serve in case of war with Spain, has brought more than enough responses to fill the ranks from southwest Virginia, east Tennessee and Kentucky. The originator of the idea now contemplates the formation of a division to be commanded by Fitzhugh Lee.

NOTES FROM HIGH POINT.

The Local News from Our Neighbor Briefly Told.

TELEGRAM BUREAU, HIGH POINT, N. C., Feb. 28, '98.
The Guilford College baseball team has just received their new uniforms. They have a bright prospect for a strong team this season.

Joe Newton, of Winston, who was here to assist in the minstrel Friday night, went home Saturday.

Miss Cora Pitts, one of the popular teachers in the Reidsville Graded school, spent Saturday and Sunday with her parents here.

J. E. Shell, who was at one time a resident of High Point, but now of Charlotte is here for a few days shaking hands with his many friends.

Miss Sallie Mills who has been visiting the family of Dr. J. O. Walker, of Randleman, returned home Saturday.

Rev. O. L. Stringfield, of Raleigh, filled the pulpit at the Baptist church Sunday morning and night. He preached two excellent sermons.

W. J. Armfield, cashier of the Bank of Randolph in Asheboro, spent yesterday in the city.

Miss Bertha Snow, one of High Point's bewitching young ladies, witnessed the entertainment at Guilford College Saturday night.

Misses Maude and Annie Paschal who at one time lived here are visiting in the city.

Dr. W. W. Bays preached a strong sermon here in the Methodist church. He will lecture here tonight.

The windows of Sapp's racket store, is drawing quite a crowd today, looking at his new line of neckwear.

The minstrel boys are talking of repeating their show at an early date.

A large number of the Christian Endeavor society of Guilford College are going to attend a meeting of that society March 18th, 19th and 20th, which will be held in High Point. We welcome them here.

They Are Coming.

The greatest fun makers that ever visited Greensboro, will appear in the Academy of Music next Wednesday night, March 2nd. Polk Miller, Oscar P. Sisson and Estha Wallace. They are all known here as fun makers and they take the house by storm whenever they appear. Polk Miller, known to almost every one here, as the greatest old time negro impersonator now living, has never failed to please and amuse the people with his banjo, songs and funny sayings. Oscar Sisson and Estha Wallace are beyond a doubt the greatest pair to catch and please the people that has ever visited Greensboro with their funny comical songs and dances. This is a show for every body, old and young who want to spend an evening of enjoyment and fun. Seats now on sale at Gardner's drug store. Reserved seats 50c and 75c, General admission 50c, Children 25c.

Why He Wasn't There.

The civil service examination for janitor of the federal building at Statesville, N. C., the 17th, frequent, though not painful, mention of which has been made in these columns, was in every particular a success. Many applicants filled up the blanks, as made and provided, and they will get an answer in about two or three years. The Landmark, in commenting upon the otherwise successful examination, says:

"Col. Fairbrother, of Danville, Va., was not present with his promised speech, and there was much disappointment in consequence."

The colonel was advised of a plot in Charlotte to kidnap him and vaccinate him—and accordingly he "fought shy."—Fairbrother's Farrago.

New Pie Deal.

And now the rumor is again current that the transfer of John R. Smith from the penitentiary to the agricultural department was merely Governor Russell's delicate way of getting rid of an old and faithful henchman. It is said that for a long time the executive eye has glanced approvingly upon John Graham, of the county of Warren. The eye of Senator Butler also rests approvingly upon Graham. Now then the little question is will the board of agriculture oust the one and elect the other when it next meets? Stranger things have happened. Smith says he doesn't know anything about the matter. Graham was here today.—Col. Old's.

PASSED A SLEEPLESS NIGHT.

Passengers on Board La Champagne Landed at Halifax.

CARDINAL GIBBONS' ADDRESS.

A Rumor Denied—Other Items of News From Various Corners of the Globe.

By Wire to THE TELEGRAM.

Halifax, Feb. 28—The last night spent on board the steamer La Champagne by passengers was one of intense excitement. Little or no sleep was indulged in and all were anxious for dawn this morning that they might land and proceed to New York. With the knowledge that all danger was passed, there came a reaction. Many passengers of the middle class were penniless, having expected to find friends here from New York. A special train will leave here today and made a fast run to New York.

A PATRIOTIC ADDRESS.

By Wire to THE TELEGRAM.

Baltimore, Feb. 28—Cardinal Gibbons was present today at mass held commemorative of the Maine's dead sailors and delivered a patriotic address in which he was closely followed by a large audience.

A REPORT DENIED.

By Cable to THE TELEGRAM.

London, Feb. 28—It is emphatically denied that there is any truth in the report that Lloyd's Underwriters are asking for slight war risks upon Spanish steamers bound for the island of Cuba.

TO THEIR FULL STRENGTH.

By Wire to THE TELEGRAM.

Tacoma, Washington, Feb. 28—Governor Rogers has ordered that twelve companies of the national guard shall be immediately recruited to their full strength.

Work of Fortification.

By Wire to THE TELEGRAM.

Port Townsend, Washington, Feb. 28—The work of fortifying three conspicuous points contiguous to Port Townsend, which has been going on in desultory fashion for some months, is now being pushed forward under special orders from the secretary of war. Preparations are being made for placing heavy guns.

Consulting Secretary Gage.

By Wire to THE TELEGRAM.

Washington, Feb. 28—Representatives of some of the largest banking houses in New York are here consulting with Secretary Gage about the probability of issuing some bonds to remain until the report of the naval board of inquiry is made public when the question of a bond issue will be decided definitely.

Guarding the Village.

By Wire to THE TELEGRAM.

Columbia, S. C., Feb. 28—The white residents of Lake City, where the colored postmaster Baker, was killed by a mob, are today guarding the village from an attack by armed negroes. Every road and path leading to the village is being closely guarded.

Weak from Fasting.

By Wire to THE TELEGRAM.

Philadelphia, Feb. 28—Rigid fasting at the opening of the Lenten season has prostrated Archbishop Ryan. He became so weak that he was unable to attend to his duties yesterday at the church and was removed to the parochial residence.

Stomach Cut Out for Cancer.

San Francisco, Cal., Feb. 26—Dr. Charles B. Brigham, at St. Luke's Hospital, has made a complete excision of the stomach of a female patient suffering with cancer, and 36 hours after the operation she is resting comfortably, with almost a normal pulse and temperature. It will be at least a week, however, before there can be a well founded hope for a recovery.

Catches 'Em Napping?

Dr. Von der Hayden, of Yokohama, Japan, doesn't propose to let the microbes take him by surprise, and has built a house lined with glass, which gets its ventilation from above, through apertures so constructed that the air can escape, but no microbes sneak in. The air is admitted to the house by tubes, provided with filtering arrangements to catch microbes which might undertake to crawl through. How he manages to get in and out though, without letting some of them in, is not stated.—Wilmington Star.

TWIN-CITY DOINGS.

Some Things Talked of and Done in Winston-Salem.

Special to THE TELEGRAM.

Winston, N. C., Feb. 28—The commissioners of the town of Stoneville through their attorney, Mr. L. M. Swink of this city, will bring suit at the next term of Rockingham court to test the validity of a \$5,000 issue of bonds, of date January 1, 1889, subscribed to the Roanoke and Southern railway.

It is learned upon authority that the attorney general has designated the state penitentiary as a place for the imprisonment of all United States prisoners of this state sentenced to terms for over one year, but it is thought that no removals will be made from the federal to the state prison of parties already serving terms in the former. The customary inducements, such as a suit of clothes and \$5 in money, will no doubt be offered to "graduates" of the latter as is done with the former.

Rev. Dr. W. S. Creasy, as chaplain, preached a very fine sermon to the members of the Forsyth Riflemen yesterday morning in Centenary church.

Mr. H. W. Burwell in his 72nd year died of paralysis in Salem last night at 7:45 o'clock at the home of his daughter, Mrs. H. A. Giersh. His son Ernest Burwell, of Tarboro, arrived here last night. The remains will be taken to Goldsboro tomorrow morning for interment.

The case of state vs. J. W. Harrison comes up tomorrow morning and will probably consume the major portion of the week. Opinion is divided as to the outcome of the trial.

Prof. and Mrs. J. H. Clewell, of the Salem Female Academy, left on their annual visit to patrons of the school this morning, going to Macon, Ga.

That's When.

Two ex-union veterans write the Washington Post suggesting, in view of the low state of the public finances and the imperative necessity for an increase in the navy, that the ex-union soldiers surrender their pension to the government for one year, and the Post says that "should the suggestion meet with the universally enthusiastic response which it deserves, and which we confidently expect, the government will be in possession of the means required to build one of the finest fleets in all the world."

The Washington Post is a notable joker. One can, in the mind's eye, see the pensioners falling over each other in their zeal to help out the government in this time of need by surrendering for a year the swag for which they fit and bled and died. When the lusty infant, pinched by hunger is seen to turn away from its mother's milk; when empty swine scow the sloppoured in the trough for them; when water runs up hill and men gather figs of thistles, the "universally enthusiastic response" will be witnessed. But not before then.—Charlotte Observer.

Will Come in 1900.

The National Educational Association which has been in session in Chattanooga adjourned to meet in Columbus, Ohio, next year. The strong effort, on the part of Superintendent Mebane and other State educators to induce the association to hold the next annual meeting in North Carolina failed.

North Carolina was a strong second and our representatives made many friends.

Mr. D. E. Ellis wrote Superintendent Mebane yesterday: "The meeting goes to Columbus, Ohio, next year. We will get it in 1900 sure. A strong plea was made for Asheville by Prof. C. D. McIver, Prof. J. D. Eggleston, Jr., and myself."

Columbus won the fight before the convention met.

The papers state that Dr. McIver's speech on the supervision of normal schools made a great hit and was a very able production.—Raleigh Post.

Threw a Shot Seven Miles.

Washington, Feb. 26—A party of Government officials, accompanied by a Congressional delegation, went to Fort Washington this afternoon to witness a test of the new Reayburn ten-inch fortification gun guarding the approach to the capital at that point. The test was in every respect successful. Three shots were fired, each one reaching almost to Alexandria, seven miles distant. It was necessary for the gun to be in view but two minutes with each firing. The gun, it is stated can throw a shell 11 miles.

THE COURT AT KEY WEST

Meet the First Time on United States Soil,

THE WOUNDED ABLE TO SIT UP

Assigned to a Room in the United States Court House—The First Witness Examined.

By wire to THE TELEGRAM.

Key West, Feb. 28—The members of the court of inquiry were astrir early this morning, preparing to meet for the first time on United States territory. They entered the room assigned them in the United States court house at 10 o'clock.

Lieutenant Blandin, officer of deck, will be the first and perhaps the most important witness among the Maine men. His testimony will occupy most of the first sitting. Other officers will then follow.

WOUNDED ABLE TO SIT UP.

All the wounded are able to sit up to be examined by the commissioners. Admiral Sicard said he thought the court would finish its work here by Wednesday and then return to Havana. Nothing can be said about its work.

Fire in Lynchburg.

Lynchburg, Va., Feb. 27—The Stamford Dye Works here were destroyed by fire at 1 o'clock this morning (Sunday) with the exception of the box-sheds. The loss is \$100,000, partly covered by insurance. The property was owned by the Stamford Manufacturing Company, of Stamford, Conn.

J. K. M'ILHENNY, Druggist,
504 So. Elm. Manager.

Purity

In drugs is essential to life and health as expert knowledge of medicine is in the preparation of a doctor's prescription. The freshness and absolute purity of our drugs and medicines have done as much for our reputation as the care and attention we give to our prescription department. Bring us your prescriptions if you want them filled right and at the right price.

Fresh supply Bui's, Landroth's and Ferry's Garden seed just in.

Jno. B. Fariss.

Successor to Richardson & Fariss

More Accurate Service in Greensboro Than Baltimore

Mr. C. M. Vanstony had his little girl's eyes examined in Baltimore last year and went with the prescription to one of the largest and best known optical houses there to have the glasses made up. FORTUNATELY one of the lenses got broken recently and was carried to the Greensboro Eye Specialist to be replaced. He saw at a glance that neither lens accorded with the prescription, and so changed them both. Mr. Vanstony sent the old lenses with an explanation to the oculist who had given the prescription and in reply received the following:

DR. HARRY FRIEDENWALD,
1029 MADISON AVE.
BALTIMORE, Jan 31st, '98.
DEAR SIR:—
Yours of the 29th to hand.
Dr. Johnson is perfectly right.
The glasses you sent are not those ordered. I cannot understand how such a mistake occurred.
Very truly yours,
H. FRIEDENWALD.
