### CABINET TO RECEIVE REPORT.

#### Report to be Cabled to Spain and Indemnity Demanded—Report and Answer Goes to Congress.

By Wire to THE TELEGRAM.

Washington, March 23—The following is the administration's program for settlement of the Cuban question: Senator Falk will today give the senate an account of his observations in Cuba. Senator Thurston will give his views tomorrow.

Friday the official report will be discussed by the cabinet and the president will cable the report, or its conclusions, to Minister Woodford with instructions to lay it before the Sagasta cabinet and demand indemnity, the amount of which is to be determined Friday.

On Monday the president will submit to Congress report of court of inquiry together with Spain's answer which he hopes to receive from Minister Woodford in the meantime. Within the next forty-eight hours the president will send another message to Congress declaring that the United States must intervene in Cuba on humanitarian grounds and that vessels containing relief supplies, properly guarded, will be dispatched to Cuba.

### Epworth League Notes.

Communicated.

The members of the Epworth League of St. Matthews M. E. church and their many friends spent two gala days with Rev. I. Garland Penn, the assistant general secretary of the Epworth League.

Rev. Mr. Penn preached to the Epworth Leagues and friends to Christian work Sunday afternoon at St. Matthews.

Monday was spent at Bennett college in Epworth League work. All the Leagues of the "Greensboro District" was well represented. In the evening Prof. J. P. Morris delivered an oration on:

"My Vision of the International Epworth League Convention held at Toronto."

The true sense contained in this address is worthy of note. The "Practical Address" by Secretary Penn was philosophical throughout.

Monday night in the chapel at Bennett college the members of St. Matthews Epworth League gave a concert to a crowded house, rendering "The Jolly Farmers," which was carried out with success.

Tuesday evening the members of the East Greensboro League gave a reception in honor of Mrs. Penn at the residence of Mr. and Mrs. W. E. Halley's.

Mr. Penn leaves tonight for Atlanta. He says he is proud of Greensboro and her people.

Prof. R. W. S. Thomas deserves praise for the success achieved by the Greensboro League.

## MANUFACTURING ENTERPRISES.

### Several New Ones to be Located Here. Their Value to Greensboro.

We have been reliably informed that several manufacturing concerns have decided to locate their plants in this city. This is good news and every citizen of Greensboro and Guilford county should rejoice that these men have selected Greensboro as the place best suited in which to locate their several businesses.

Perhaps no other one thing is so potent in building up and helping a community as is a manufacturing establishment. The manufacturing enterprises of the New England states have been largely instrumental in increasing the wealth of that section and in making this country known the world over as a nation of energy, thrift and enterprise. What has been done in the north and east can be as easily, if not more easily, accomplished here in the south where labor is cheaper, cost of living less, access to the raw material better than they are in the north. An authority on such matters some years ago stated, after thoroughly investigating the matter, that one county in North Carolina alone possessed more available water power than all the New England states combined.

Wide open should Greensboro open her gates and most heartily ought she to welcome these enterprises. The establishment of these enterprises here will more widely extend Greensboro's reputation as an aggressive and progressive city, offer more opportunities for work to the laboring classes, increase the volume of money circulating within her borders, add to her prestige among her sister cities and be the means of showing to others her superior advantages as a manufacturing centre.

The Telegram, which is always for the betterment of Greensboro and her interests, extend to these gentlemen its right hand and a most cordial welcome, assuring them that they will receive the co-operation, good will and hearty support of all of Greensboro's citizens.

### Base Ball Hits.

None of the absent bean eaters has reported yet. Hamilton will be here in time for the Richmond game.

Tomorrow the Bostons play the Augusta, Ga., team. This team is a member of the southern league and will no doubt play the Bostons a stiff game. Frank Leonard, formerly of the New England league, is managing the Augustas this season and Mr. Selee says Leonard knows a thing or two about base ball and will bring a strong team with him.

The Bostons have received their new uniforms and will use them for the first time tomorrow. Several of the new pitchers will be tried in the game with Augusta.

The following will be the make up of the team tomorrow: Catcher, Bransfield; pitchers, Hickman, Mills, and Pittinger; 1st base, Stivets; 2nd base, Lowe; 3d base, Collins; short stop, Long; left field, Capt. Duffy; center field, Keister; right field, Stahl. The game will be called at 3:30. General admission, 25 cents; ladies free.

Yesterday the Augustas played Wake Forest but were defeated. The Morning Post states that only a small number of Augustas' players were along and the vacancies were filled by Raleigh boys. The team, as a whole, will be much stronger than they were when they played Wake Forest.

## AND THEY BOTH SAID "I WILL."

### Mr. Gurney Boren and Miss Mattie Cook United in Marriage.

That was a most beautiful wedding last night at the elegant home of Mr. and Mrs. J. Van Lindley, at Pomona, a few miles west of Greensboro, when Miss Mattie Cook and Mr. Gurney Boren were happily united in the holy bonds of matrimony. The ceremony was beautifully and impressively performed at 8:30 o'clock by Rev. S. D. Stamey, of Guilford College.

The couple stood in the front hall while ceremony was performed. Just above the contracting parties was the beautiful monogram, "C. B." Beautiful garlands wended their way from side to side, from corner to corner, meeting in the centres of the hall immediately above the heads of the happy lovers.

The bride carried a lovely bridal bouquet of spirea japonica, lily of the valley, La France and bride roses, with long satin ribbon.

Miss Carrie Smith, of Summerfield, beautifully rendered Mendelssohn's wedding march.

Miss Sallie Cook, sister of the bride, was maid of honor. The bride's attendants were Misses Myrtle Cook and Eva Van Lindley, nieces of the bride. Misses Mary Van Lindley and Gozal Hunt carried the haddock. Mr. Zeb Conyers acted as best man.

After the ceremony an elegant reception was given by Mr. and Mrs. Van Lindley in honor of the newly wedded, and about 125 guests from Greensboro, Winston, High Point and other places.

The bride was attired in a tan going away suit, combined with cherry silk and cut steel, with cream lace, and was the picture of purity and loveliness.

The happy groom appeared in a black Prince Albert suit.

Immediately after the reception Mr. and Mrs. Boren left on the 10:30 vestibule for Washington, returning by way of Norfolk. They will be absent about a week or ten days.

The house-decorations were simply beautiful, elegant, to say the least.

The presents, 65 in number, were composed of solid silverware, hand-painted Chinaware, cut-glass, chairs, pictures, bric-a-bracs and many other useful and ornamental articles. An entire room was given up to the reception of these presents.

A large plain cake was baked in which was placed an old German coin, a ring and a thimble. When the cake was cut the ring fell to Zeb Conyers, the money to Garland Daniel and the thimble to Will Cook.

The young couple are to be congratulated, for he has won a priceless jewel and she a model husband. The bride is a sister of Mrs. J. Van Lindley, and a daughter of ex-Sheriff Cook and is a most lovable and accomplished young lady, with numerous friends.

Mr. Boren has been a trusted employee in the office of Mr. J. Van Lindley, proprietor of the celebrated Pomona Hill Nurseries, for about eight years and is held in high esteem by Mr. Van Lindley.

Mr. and Mrs. Boren will occupy the handsome new residence of ex-Sheriff Cook, just beyond the Normal. The Telegram, with a host of other friends, extends its best wishes for their future prosperity and happiness.

### BENEFIT PUBLIC LIBRARY.

### Part of Proceeds from the Lecture to be Given to This Cause.

It is understood that Miss Dora Jones will turn over a good share of the proceeds from her lecture Thursday night to the fund for the Greensboro public library. Be sure that you attend and so enable her to turn over a goodly amount. You will doubly benefit yourself by hearing much about the new congressional library that one never gets in reading, and that ordinary sight seers do not find out for themselves.

When you next visit Washington you will be prepared to fully appreciate its strength and beauty.

To hear this lecture and to see these views will be better, in some respects, than to see the paintings on the walls. You should not miss this opportunity.

Tickets on sale at Ward's drugstore and Wharton Bros. bookstore at 25c. for any part of the house. Special rates will be given pupils of the city schools, and all who apply will be supplied with tickets at the courthouse on night of lecture. It is hoped each school will be represented by a large body of scholars.

Cannes, Mar. 23—The Prince of Wales is receiving many congratulations today on his speech in favor of universal peace.

## TO RECOGNIZE THE CUBANS.

### Message from President Within Seven Days.

### SITUATION REGARDED CRITICAL.

#### Chairman Hitt Cautions Committee Against Expressing Opinion as to Cuban Situation.

By Wire to THE TELEGRAM.

Washington, March 23—Congressman Grosvenor said this morning that the president would send his message to congress within the next seven days recognizing the independence of Cuba.

Chairman Hitt, of the house committee on foreign affairs, cautioned members against expressing opinions as to the Cuban situation. He is fearful of calling a meeting lest radical action be taken in the recognition of Cuba.

Senator Davis, of the senate foreign relations committee, asked members to remain in Washington until the Cuban matter is settled. He regards the situation as critical.

### Tennis Players Re-Organize.

The Blandwood Tennis Club has been re-organized and from now on will practice regularly. The club expects to make a circuit of all the colleges in the state and will try to win the championship.

We have some excellent players and there is no reason why the Blandwood Club should not make its name one to be feared by other tennis clubs.
